

ORDINANCE NO. 28902

1 AN ORDINANCE relating to land use regulations; amending Chapter 13.06 of
 2 the Tacoma Municipal Code, relating to Zoning, to expand the allowed
 3 use of electric fences in association with outdoor storage in various
 4 zoning districts, with associated development standards, as part of the
 2023 Annual Amendment to the Comprehensive Plan and Land Use
 Regulatory Code.

5 WHEREAS the 2023 Annual Amendment to the One Tacoma
 6 Comprehensive Plan and Land Use Regulatory Code (“2023 Amendment”)
 7 includes the following six applications: (1) an amendment to the Future Land Use
 8 Map in the One Tacoma Comprehensive Plan (“Comprehensive Plan”) for the
 9 Mor Furniture site, (2) an amendment to the Land Use Regulatory Code
 10 (“Regulatory Code”) pertaining to electric fences, (3) an amendment to the
 11 Regulatory Code pertaining to shipping containers, (4) an amendment to the
 12 Regulatory Code pertaining to delivery-only retail businesses, (5) an amendment
 13 to the Regulatory Code pertaining to commercial zoning, and (6) minor
 14 amendments to the Comprehensive Plan and Regulatory Code, and

17 WHEREAS this ordinance pertains to the proposed amendments to the
 18 Regulatory Code pertaining to electric fences, and was initiated by resolutions
 19 adopted by the City Council, including Resolution No. 40881 and Substitute
 20 Resolution No. 40955, forwarded in response to community concerns about
 21 increasing theft and safety concerns faced by commercial businesses, and

23 WHEREAS this proposed amendment would expand the allowed use of
 24 electric fences in association with outdoor storage in C-1 and C-2 Commercial
 25

1 Districts; WR Warehouse Residential Districts; DMU Downtown Mixed-Use
2 Districts; and CIX, CCX, and UCX Mixed-Use Commercial Districts, and

3 WHEREAS, in addition, the amendment includes development standards for
4 placement, setbacks, height, aesthetics, signage, and voltage/amperage limitations
5 to avoid impacts to the public realm and public health and safety, and

6
7 WHEREAS the Planning Commission (“Commission”) completed its review
8 of the 2023 Amendment through an extensive and inclusive public engagement
9 process, including a public hearing on April 5, 2023, and the Commission
10 forwarded to the City Council, and filed with the City Clerk’s Office, the
11 Commission’s Findings of Fact and Recommendations Report for the 2023
12 Amendment along with a letter of recommendations, both dated May 17, 2023, and

13
14 WHEREAS the report documents the public review and community
15 engagement process and the Commission’s deliberations and decision-making
16 concerning the six applications, and

17
18 WHEREAS pursuant to TMC 13.02.070.I.1, the City Council shall hold a
19 public hearing before enacting any proposed amendments to the Comprehensive
20 Plan and the TMC, and the City Council has fulfilled said requirement by
21 conducting a public hearing on June 27, 2023, concerning all six applications for
22 the 2023 Amendment;

WHEREAS community members and business representatives provided comment to the City Council pertaining to the security concerns of local businesses as well as the concerns over the health and safety of electric fences, and

WHEREAS the policies of the One Tacoma Comprehensive Plan provide guidance on the necessary balance between safety and security, aesthetics, and off-site impacts, including policies on the use of crime prevention through environmental design, and

WHEREAS the development standards drafted by the Planning Commission provide a balanced and effective approach to support the safety and security of local business while protecting the broader public health and safety; Now,

Therefore,

BE IT ORDAINED BY THE CITY OF TACOMA:

Section 1. That Chapter 13.06 of the Tacoma Municipal Code, relating to Zoning, is hereby revised by amending Sections 13.06.060 entitled "Industrial Districts", and 13.06.100 entitled "Building Design Standards", to consolidate and amend fencing regulations to read as set forth in the attached Exhibit "A."

Section 2. That the City Clerk, in consultation with the City Attorney, is authorized to make necessary corrections to this ordinance, including, but not limited to, the correction of scrivener's/clerical errors, references, ordinance numbering, section/subsection numbers, and any references thereto.

K. Fences and Retaining Walls.

1. Applicability. These fence and retaining wall regulations apply to all zoning districts. Regulations within specific zones are set forth below.

2. Purpose. The purpose of fence and retaining wall regulations is to implement the Comprehensive Plan polices that seek to enhance the pedestrian experience while also reducing opportunity for crime.

3. The Director may attach any reasonable conditions found necessary to make proposed fencing or retaining walls compatible with its environment, to carry out the goals and policies of the City's Comprehensive Plan, and/or to provide compliance with other criteria or standards set forth in the City's Land Use Regulatory Codes.

4. Fencing.

a. Residential Districts

(1) Fencing Type Limitations

(a) Barbed or razor wire. The use of barbed or razor wire is prohibited.

(b) Electrified fences are prohibited

(c) Chain link. Chain link is permitted; except

(i) In the case of a 4-plex, multi-family, or single-family attached (townhouse) development, chain link or similar wire fencing is prohibited between the front of a building and a public street, except for wetland preservation and recreation uses; and

(ii) chain link, with or without slats, is prohibited for required screening.

(2) Fence and Wall Height

(a) In the case of single-family attached (townhouse), the maximum height of free-standing walls, fences, or hedges between any public street and building shall be 3 feet. Exception: Decorative fences up to 8 feet in height may be allowed between a public street and any residential use provided such fence is at least 50 percent transparent and features a planting strip at least 5 feet wide with Type C or D landscaping to soften the view of the fence and contribute to the pedestrian environment.

(b) See TMC 13.06.090.M for fence limitation specific to Building Transition. In the case of conflicts, the most restrictive section will apply.

b. Commercial Districts, MUCs, and Downtown

(1) Fencing Type Limitations.

(a) Barbed or razor wire. The use of barbed or razor wire is limited to those areas not visible to a public street or to an adjacent residential use.

(b) Chain link. Chain link or similar wire fencing is prohibited between the front of a building and a public street, except for wetland preservation and recreation uses.

(c) Electrified. Electric fences are allowed around outdoor storage areas, where permitted, in C-1 and C-2 Commercial Districts, CCX Community Commercial Mixed-Use District, UCX Urban Center Mixed-Use District, CIX Commercial industrial Mixed-Use District, DMC Downtown Mixed Use and WR Warehouse Residential District, subject to the following standards. Electric Fences are not subject to the height standards in subsection (2) below. These standards shall not apply to underground or invisible pet fences that are used to contain small domestic animals.

(i) Location

(a) Electric fences shall be prohibited between the front of a building and the adjacent public street, except as provided below:

- Outdoor storage located between the building and the front property line, which was in existence at the time of the passing of this Ordinance may be protected by an electric fence. In the case of a corner site, this applies to the side adjacent to right-of-way.
- Electric fences will not be permitted adjacent to designated Core Pedestrian Streets or designated Pedestrian Streets.
- See below for standards related to electric fence and perimeter fence when adjacent to right-of-way.

(b) Except for the South Tacoma Groundwater Protection District, electric fences shall not be closer than 15 feet to the buffer of any critical area as defined in TMC 13.01.110.C and the fence shall not surround said critical area.

(ii) Standards

(a) Electric fences shall be limited to a height of 10 feet.

(b) When adjacent to a dwelling or dwellings, a playground, a school, or a park, recreation, and open space, as defined in TMC 13.01, or adjacent to street right-of-way, the electric fences shall be setback a minimum of 5 feet from property line and no taller than 8 feet.

(c) An electric fence shall be surrounded by a decorative, non-electric, fence. This fence shall be a minimum of 6 feet in height and a maximum of 7 feet in height. This fence may be located on the property line.

(d) The required perimeter fence shall be setback a minimum of 1 foot from the electric fence.

(e) The perimeter fence located between the building and front property shall not be chain link and must meet subsection 2(b) below.

(iii) Electrification

(a) The energy source (energizer) for electric fences must be provided by a storage battery not to exceed 12 volts DC. The storage battery may be charged by a solar panel. The solar panel may not be augmented by a trickle charger.

(b) The electric charge produced by the fence upon contact shall not exceed energizer characteristics set forth in the International Electrotechnical Commission (IEC) Standard 60335-2-76.

(c) Fence system shall be tested and labeled to the Electrotechnical Commission IEC Standards 60335-2-76.

(iv) Warning Signs and Insurance

1 (a) Electric fences shall be clearly identified with warning signs that read "Warning - Electric
2 Fence" at intervals of 50 feet or less. Signs shall also contain imagery or symbols of, or similar to, the
3 International Organization for Standardization (ISO) warning symbol for electric hazard to alert
4 individuals that the fence is electrically charged (e.g. lightning bolts).

5 (b) Warning signs shall be posted in English, Russian, Spanish, and Vietnamese

6 (v) Owner of the electric fence shall provide to the City a certificate of commercial general liability
7 insurance covering third party liability risks in a minimum amount of \$1,000,000.00 combined single
8 limit per occurrence for bodily injury and personal injury.

9 (2). Fencing and Wall Height Standards.

10 (a) Except as set forth in 4.b.1(c) above, the maximum height of free-standing walls, fences, or hedges
11 between any public street and building shall be 3 feet.

12 (b) Decorative fences up to 8 feet in height may be allowed between a public street and any residential
13 use provided such fence is at least 50 percent transparent and features a planting strip at least 5 feet wide
14 with landscaping pursuant to the requirements of TMC 13.05.502 to soften the view of the fence and
15 contribute to the pedestrian environment.

16 (c) Fences required by the Washington State Liquor Control Board shall also be exempt from the
17 maximum height limitation, provided any portion of the fence between 3 and 7 feet above grade is at
18 least 50 percent transparent.

19 (d) Fences shall not exceed 5 feet in height in required Street Level Residential Transition Areas.

20 (e) Fences along alleys are allowed provided fences greater than 3 feet in height are at least 20 percent
21 transparent between 3 and 7 feet above grade. If no transparency is provided, the maximum height of
22 such fence shall be 3 feet.

23 (f) Exception. In Downtown Districts, fences greater than 3 feet in height are allowed if the portion of the
24 fence between 3 and 7 feet above grade is at least 20 percent transparent.

25 c. Industrial Districts

26 (1) Barbed or razor wire. The use of barbed or razor wire is limited to those areas not adjacent to
residential use.

(2) Chain link. Chain link or similar wire fencing is permitted.

(3) Electrified. Electric fences are allowed in all Industrial Districts subject to the following standards.
These standards shall not apply to underground or invisible pet fences that are used to contain small
domestic animals.

(a) Location

(i) Electric fences shall be setback 5 feet to any dwelling or dwellings.

(ii) Electric fences shall not be around or adjacent to a critical area as defined in TMC 13.01.110.C.

(b) Standards

(i) Electric fences shall be limited to a height of 10 feet.

(ii) An electric fence shall be separated from property line by a non-electric fence a minimum of 6 feet
tall.

(c) Electrification

(i) The energy source (energizer) for electric fences must be provided by a storage battery not to exceed
12 volts DC. The storage battery may be charged by a solar panel. The solar panel may not be
augmented by a trickle charger.
