Suspensions Without Pay: Suspensions without pay for the purpose of advancing further discipline shall remain in effect for a period of three (3) years from the date of issuance of the corrective action provided no similar discipline has subsequently occurred.

Section 8.2 The employee, upon request, shall be entitled to have a Union and/or legal representative present at any meeting held with the City to discuss potential disciplinary action. The City shall make a good faith effort to inform the employee of this right and shall, upon request by the employee, provide Union representation; however, the City's effort shall not be considered a required process step and shall not be subject to the grievance process. An employee who waives this right shall acknowledge such in writing.

Section 8.3 The City agrees to notify the Union in writing that an employee may be subject to suspension or discharge.

Section 8.4 Prior to imposition of discipline that affects a property right, employees may request a pre-disciplinary hearing (Loudermill hearing) in front of the department head or their designee. If requested by the employee, the City shall hold a pre-disciplinary hearing within ten (10) working days from the time the employee was notified in writing of the specific alleged violation and of intent to dismiss, suspend, or reduce in rank or pay. At this hearing, the employee will be given an opportunity to present their side of the issue. Upon mutual agreement, timelines can be reasonably adjusted to accommodate scheduling.

Section 8.5 Upon request, the City shall make available to the employee and the employee's Union representative, with the employee's authorization, a copy of all documents the City intends to use to support the discipline. Documents shall be provided no later than three (3) working days prior to the pre-disciplinary hearing. Responsive documents may contain confidential information pertaining to other employees and may be redacted as appropriate. The Union and the employee agree to not disseminate non-relevant information and agree to maintain confidentiality to the extent possible. Upon mutual agreement, timelines can be reasonably adjusted to accommodate scheduling.

Section 8.6 The City may place an employee on paid administrative leave pending the final decision resulting from the pre-disciplinary hearing.

Section 8.7 The employee and the employee's Union representative, with the employee's authorization, shall have the right to inspect the contents of the employee's personnel file maintained by the City.

Section 8.8 No disciplinary document may be placed in an employee's personnel file without the employee having first been notified of said document and given a copy which clearly indicates it is a disciplinary document. The employee shall be required to sign a written reprimand or other disciplinary action acknowledging that they have read the contents of the document. An employee who disagrees with the content of any written reprimand added to the personnel file shall have the opportunity to place a rebuttal statement in the personnel file, which shall be signed by the employee. However, written reprimands shall not be subject to the grievance procedure, but shall be subject to arbitration review if used in support of a suspension, demotion, or dismissal.

Section 8.9 Only suspensions of more than three (3) days, a dismissal, or a disciplinary reduction in rank or pay may be processed under the grievance procedure provided for in Article 9 of this Agreement. Suspensions of three (3) days or less are not subject to Section 9.5 of the Grievance Procedure. The filing of such a grievance shall be considered a voluntary and irrevocable waiver of the right to pursue the matter under the Civil Service procedure.

Section 8.10 The City and the Union recognize the intent of a written reprimand is for the purpose of modifying inappropriate behavior. Said actions shall state, in writing to the employee and the Union, the reason(s) for such action.

Section 8.11 All letters of reprimand, suspensions and/or discharges must be issued within sixty (60) calendar days of the incident or within sixty calendar (60) days of when the City had knowledge of an incident. Before sixty (60) days, the Union will be notified of an ongoing investigation which is anticipated to exceed the sixty (60) calendar day time frame. Thereafter, all timeframes can be extended upon mutual agreement by the parties. Requests to extend time frames will not be unreasonably denied. Examples of reasonable timeframe extensions are when additional time is needed to complete the accident review process, and/or when an employee is absent from work.

ARTICLE 9 - GRIEVANCE PROCEDURE

Section 9.1 It is the goal of both the Union and the City to settle problems at the lowest possible level in a cooperative and objective manner. Prior to presenting the immediate

supervisor with a written grievance, the employee and/or Union representative are encouraged to discuss the incident with the employee's immediate supervisor.

A grievance under this Agreement is defined as a written dispute, claim, or complaint arising under and during the term of this Agreement and filed by either an authorized union representative acting on behalf of the employee, or an employee in a recognized classification, or a grievance filed by the City. Grievances are limited to matters of interpretation or application of express provisions of this Agreement. For issues regarding the Tacoma Municipal Code Personnel Rules or Compensation Plan, which are not explicitly covered by this Agreement, refer to the Joint Labor Agreement.

Time limits set forth in the following steps will be stated in calendar days. If the deadline for any action under the grievance procedure falls on a weekend or holiday, the deadline will be extended to the next working day. Any and all timelines specified in this Article may be waived by written mutual agreement of the parties. Should the City fail to submit a reply within the specified time limits without such a waiver, the Union may automatically submit the grievance to the next step. In the event that the Union fails to submit the grievance within these time limits without such written notice, the matter shall be considered as withdrawn. All grievances must be filed as soon as possible, but not later than thirty (30) calendar days after occurrence of the circumstances giving rise to the grievance. Otherwise, the right to file a grievance is forfeited and no grievance shall be deemed to exist.

Section 9.2 Any employee having a complaint is encouraged to first take up the matter with their immediate supervisor. Any resolution at this level shall be non-precedent setting. If no satisfactory answer or disposition is received within five (5) calendar days, the complaint shall be processed as follows:

Step 1 The employee and/or their Union representative shall, as soon as possible, but not later than thirty (30) calendar days after occurrence of the circumstances giving rise to the grievance, reduce the matter to written form, stating all facts in detail, the section or sections of the contract alleged to have been violated, and proposed remedy, and submit same to immediate supervisor or the City official most immediately involved, with a copy to the City's Labor Relations Division. The supervisor or official shall within fourteen (14) calendar days issue a written response to the Union specifying the issue, and the City's decision.

Step 2 Failing to resolve the grievance in the first step, the Union representative shall, within fourteen (14) calendar days of receipt of the City's Step 1 disposition submit the grievance in writing to the head of the employee's department (General Government) or division (Utilities) with a copy to the City's Labor Relations Division. Management shall within fourteen (14) calendar days issue a written response to the Union specifying the issue, and the City's Step 2 decision, with a copy to the City's Labor Relations Division.

Step 3 Failing to resolve the issue in the second step, the Union shall, within fourteen (14) calendar days of the City's Step 2 disposition, contact the Human Resources Director to arrange a meeting between the Union and the City to discuss said grievance, copying the employee's Department or Division Head and the City's Labor Relations Division. Any grievance filed by the City shall be first considered at this step. This meeting between the Union and Human Resources Director or

their designee shall be scheduled at a mutually agreeable time, which time shall not exceed, however, fourteen (14) calendar days from the time the Union contacts the City, unless a longer time is mutually agreed upon. The City shall respond within fourteen (14) calendar days from the meeting date, unless mutually agreed upon. If the parties in this step are unable to resolve the grievance, the matter may be submitted to binding arbitration as hereinafter provided for in this Agreement.

Section 9.3 Any and all grievances resolved at any step of the grievance procedure as contained in this Agreement shall be final and binding on the City, the Union and employees represented by the Union and covered by this Contract.

Section 9.4 Grievances shall be processed from one step to the next within the time limit prescribed in each of the steps, unless timeframes are extended upon mutual agreement. Any grievance upon which a disposition is not made by the City within in the time limits prescribed or any extension which may be agreed to may be referred to the next step in the grievance procedure the time limit to run from the date when the time for disposition expired.

Section 9.5 The City or Union may request arbitration of an unsettled grievance by notifying the other party in writing of such desire within thirty (30) calendar days of the day the written disposition was given under the steps of the grievance procedure provided for in this Agreement. In the event that either party should fail to serve such written notice, the matter shall be considered as settled on the basis of the written disposition made in the last step of the grievance procedures. A list of seven (7) arbitrators shall be requested from the Public Employment Relations Commission or Federal Mediation and Conciliation Service. Both parties shall each strike a name until one (1) arbitrator is selected. The first strike shall be made by the party requesting arbitration. Should the parties fail to arrive at the selection of an arbitrator, the Public Employment Relations Commission shall be asked to appoint one. Any decision by the arbitrator shall be final and binding upon both parties. Each party shall bear the expense of its own representatives, attorneys and all costs related to the development and presentation of their respective cases in arbitration. All other expenses incident to the arbitration shall be divided equally. The arbitrator shall have no power to render a decision that will add to, subtract from or alter, change or modify this Agreement; and the arbitrator's power shall be limited to an interpretation or application of this Agreement.

Section 9.6 It is understood that there shall be no suspension of work, slowdown, or curtailment of services while any difference is in process of adjustment or arbitration pursuant to the terms of this Agreement.

ARTICLE 10 - WORK STOPPAGES

Section 10.1 The City and the Union agree that the public interest requires the efficient and uninterrupted performance of all City services and to this end, pledge their best efforts to avoid or eliminate any conduct contrary to this objective. During the life of this Agreement, the Union shall not cause or condone any work stoppage, strike, slowdown or other interference with City functions by employees under this Agreement, and should same occur, the Union agrees to take steps to end such interference. Employees covered by this Agreement who engage in any of the foregoing actions shall be subject to such disciplinary action as may be appropriately determined by the City.

ARTICLE 12 - VISITATION BY UNION REPRESENTATIVES, BULLETIN BOARD, AND UNION COMMUNICATION

Section 12.1 Authorized representatives of the Union may, after notifying the City official in charge, visit the work location of employees covered by this Agreement at any reasonable time for the purpose of investigating conditions on the job. Such representatives shall confine their activities during such investigations to matters relating to this Agreement. City work hours shall not be used by employees or Union representatives for the conduct of Union business or the promotion of Union affairs, except as otherwise states in this Agreement, the Joint Labor Agreement, or as required by law. Upon request, the Union shall furnish the Human Resources Director with an up-to-date list of authorized Union representatives or stewards.

This provision shall be construed to incorporate any protections against discrimination in employment which are provided under federal, state, or municipal laws. Any employee who fails to cooperate toward this end shall be subject to disciplinary action. Both the City and the Union shall make every effort to insure that employees are fully aware of their complaint mechanisms and options with respect to addressing allegations of discrimination in the workplace.

Employees will take on incidental tasks for which they are capable and qualified, which occur in the normal performance of their duties and which will improve the effectiveness of the department, division, section, or crews, even though such incidental tasks may be outside their class description. This provision is not intended to work employees in higher classifications without receiving appropriate compensation. In making work assignments, including those requiring extra pay, the City shall consider seniority, and other factors, including, but not limited to, required training and break-in time for a particular assignment.

In the event of a declared emergency by the City Manager, Director of Public Utilities, their designee, or a higher authority, the City reserves the right to assign employees as needed to tasks, including tasks outside of normal class specifications. At the request of the employee, the supervisor may authorize time and one-half (1-1/2) cash compensation, equivalent compensatory time off or a combination thereof.

The parties agree that in a situation in which an employee was missed in the assignment of voluntary overtime, the employee shall be provided the following remedy which shall resolve the grievance:

The right to work an overtime assignment, within the employee's classification that would not otherwise exist (and therefore would cause no displacement of any other employee). This assignment shall be the same duration for which the employee was by-passed. This assignment shall be scheduled within two (2) weeks unless extended by mutual agreement. Once the assignment is scheduled, if the employee declines the opportunity to make up the hours, the remedy is void.

If there are three or more instances of missed overtime in a department, the City and Union agree to meet in labor management committee to discuss ways to minimize missed overtime opportunities.

Section 17.2 There shall be a maximum of two hundred forty (240) hours of accrual of compensatory time. Compensatory time may be taken in conjunction with vacation and holidays, subject to approval of management. Compensatory time may only be earned with prior approval from the Department Head/TPU Division Head or their designee. Any unused compensatory time will be paid out at the end of the year in which it is earned. All accruals of

compensatory time shall be in compliance with the Fair Labor Standards Act or qualify for its exemptions.

Section 17.3 A minimum of two (2) hours shall be paid for a call back, as provided in section 1.12.080 in the Tacoma Municipal Code, provided that no pyramiding shall be allowed.

The Committee shall be advisory in nature. The Committee shall be used to discuss and investigate issues of common concern but shall not be used to discuss negotiable issues unless both parties so agree. In the event the Parties agree to discuss negotiable issues or agree to bargain over negotiable items, the City's Labor Negotiator shall be included in the discussion, and the Union Representative is the only person with authority to speak on behalf of the Union.

The Committee shall establish its own rules of procedure and time and place of meetings. The Chair of the Committee rotates between Labor and Management.

Section 18.2 LMC Volunteer Programs Oversight

The parties agree that volunteer programs can be mutually beneficial to the City, employees, and the Citizens of Tacoma. The parties recognize that volunteerism provides a sense of community involvement and requires commitment of time and service on behalf of the volunteer. Successful volunteer programs require leadership and coordination with employees. To that end, the City is committed to working in partnership with the Union to build successful volunteer programs.

The parties agree that the City shall not lay off employees in the bargaining unit as a result of volunteer programs. Volunteer programs may require leadership and coordination with City staff. As a result, these opportunities may become available for bargaining unit members.

The parties agree to meet in a labor management committee to discuss new volunteer programs or work that is beyond the scope of current volunteer programs. The parties agree to meet in a labor management committee if volunteer hours exceed five thousand (5000) hours in a calendar year. Furthermore, should any concerns arise regarding a specific volunteer project those concerns shall be brought to a supervisor's attention immediately and then may be brought back to LMC for discussion, if either party requests.

ARTICLE 19 - LAYOFF & SENIORITY

Should the City decide to lay off employees, the City agrees to bargain impacts with the Union pursuant to RCW 41.56.

Seniority for the purposes of layoff, demotion in lieu of layoff, and reemployment shall be the length of continuous services with the City in the specific class involved and in all higher classes

to which the employee has been promoted or appointed. Employees who are transferred as part of a reorganization shall carry their seniority from their previous department to the department to which they are transferred.

Probationary periods apply only to permanent positions and are covered by Tacoma Municipal Code 1.24.780, which in part states:

Original appointments shall be probationary for a period of nine months after appointment. All other appointments shall be probationary for a period of six months. At any time during the probationary period, the appointing authority may remove or demote an employee whose performance or adjustment is not satisfactory.

Management reserves the right to extend any probationary period.

ARTICLE 20 - SAVING CLAUSE

Should any part hereof or any provision herein contained be rendered or declared invalid by reason of any existing or subsequently enacted legislation or by any decree of a court of competent jurisdiction, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portions thereof, and the remaining parts or portions remain in full force and effect. Both parties agree to immediately attempt to renegotiate such invalidation to a form acceptable to both parties and which meets with the legal approval of the City Attorney.

Employees' PTO accrual rates shall be established as of January 1 of each calendar year and shall be based on the rate applicable to the number of years of aggregate service the employee will complete within that calendar year. An employee may accrue a maximum of 960 hours of PTO.

6.9 On-the-job injury shall be as provided in Section 1.12.090 of the Tacoma Municipal Code. That section provides in part:

6.9.1 In the case of a disability covered by State Industrial Insurance or Worker Compensation, the first three (3) calendar days shall be paid at the regular normal pay and charged to earned leave, in the event the time loss is less than fifteen (15) calendar days.

6.9.2 For one-hundred-twenty (120) working days, the City will pay a supplement payment such that State payment plus City supplement equals eighty-five percent (85%) of regular normal pay.

6.9.3 Pursuant to Ordinance 27753, adopted November 18, 2008, after the payment and use of the one hundred twenty (120) working days, the employee may request to use accumulated sick leave and/or planned time off (PTO) balances to supplement the time loss pay such that the combination of the supplement and the time loss pay equals eighty-five percent (85%) of the employee's normal wage (the employee's rate at the time of injury plus any longevity pay to which the employee is eligible). If the employee elects to use paid sick leave and/or PTO the election will continue until such balances are exhausted or until the employee returns to work. Hours deductions from the employee's PTO or sick leave balances shall be determined by dividing the supplement by the employee's regular hourly wage. Example: Assume a supplement amount of \$596 dollars is necessary to bring the total to 85%. If the employee's regular wage is assumed to be \$23.84, the deduction from sick leave and/or PTO would be $\$596/\$23.84=25$ hours.

6.9.4 Any employee who becomes disabled prior to completing thirty (30) working days' employment with the City, shall receive the compensation disability allowance for a maximum of thirty (30) working days.

- 6.9.5** The above does not apply to Police and Fire commissioned hired prior to October 1, 1977, however, such employees shall have on-the-job injury claims charged against their sick leave accruals in the same manner as other employees of the City.

- 6.10** Group Life Insurance shall be as provided in Section 1.12.096 of the Tacoma Municipal Code. The City will pay one hundred percent (100%) of the cost of premiums for those employees electing to participate. The amount of insurance an employee may purchase is based on his/her annual salary rounded to the next highest \$1,000 of coverage.
- 6.11** Longevity pay may be provided to employees of member unions pursuant to the terms of Ordinance 20938, which reads in part as follows:
- 6.11.1** Regular, probationary, and appointive employees who through union agreement have elected the option of longevity pay shall receive additional compensation based on a percentage of their base rate of pay received for the class in which they are currently being paid. No application of rate may be used in computing longevity pay.
- 6.11.2** Eligible employees shall receive longevity pay in accordance with the following schedule:
- | | |
|--|--------------|
| From 5 through 9 years aggregate service | 1% per month |
| From 10 through 14 years aggregate service | 2% per month |
| From 15 through 19 years aggregate service | 3% per month |
| 20 years or more aggregate service | 4% per month |
- 6.11.3** Eligibility for longevity pay shall be determined by the length of aggregate City service and will be paid to an employee at the first of the calendar year in which any of the above stipulated periods of aggregate service will be completed.
- 6.12** Holidays shall be as provided in Section 1.12.200 of the Tacoma Municipal Code. - 6.12.1** A full-time employee shall receive eight (8) hours of holiday pay for each holiday listed above, provided he/she is in a paid status on both the entire regularly scheduled workday immediately preceding the holiday and the entire regularly scheduled workday following the holiday.
- 6.12.2** In addition to the days listed above, eligible employees shall receive two (2) additional eight (8) hour paid floating holidays per calendar year for which time off shall be mandatory. Floating holidays may not be carried over from one calendar year to the next, and may not be converted to cash in any circumstances. To be eligible for these floating holidays, employees must have been or scheduled to be continuously employed by the City for four (4) months as a full-time or part-time regular, probationary, or appointive employee during the calendar year of entitlement. An employee hired into a part time status shall receive holiday pay on a prorated basis on the hours that he/she is hired to work.
- 6.12.3** Full time employees working alternate schedules who are normally scheduled to work more than eight (8) hours on a day observed as a holiday may use vacation leave, personal time off, compensatory time, or leave without pay at the employee's option to make up the difference between the employee's normally scheduled shift and the eight (8) hours of holiday pay.
- 6.12.4** Unpaid Holidays. Employees will be granted two (2) unpaid holidays per calendar year for a reason of faith or conscience or an organized activity conducted under the auspices of a religious denomination, church, or religious organization. The employee will select the days on which to take the unpaid holiday(s) after consultation with his or her supervisor as provided by City policy. To the extent reasonably possible, employees should submit leave requests with at least thirty (30) calendar days' notice. Employees may elect to use accrued vacation leave, PTO, compensatory time or floating holidays to remain in paid status on a requested holiday to the extent that such leave is available on the requested date under applicable policies, procedures and/or collective bargaining agreements governing the use of paid leave. 6.14 The City will maintain an Internal Revenue Service Code Section 125 flexible benefits plan. The City shall pay the monthly per participant administrative fee. The revised policy will permit each parent to use up to twelve (12) weeks of available family medical leave for the care of a healthy newborn or placement of an adopted or foster child, provided that the City may require the parents to stagger their use of leave if granting leave to both simultaneously will unduly disrupt City operations.

4. If at any time during an unscheduled vacancy it is apparent that the absence will last more than a total of five (5) days, it shall be considered a scheduled vacancy and any set-up resulting from that absence shall be offered to the first available person on the list, Division wide, after one (1) day preparation time.
- B. Rank order from the current HEO Civil Service list.
1. A one (1) day vacancy, scheduled or unscheduled would be filled from the reporting headquarters and section in which the vacancy occurs
 2. Vacancies of two (2) to four (4) days, scheduled or unscheduled, would be filled from within the reporting headquarters, without regard to section lines.
 3. Scheduled vacancies of five (5) days or longer will be filled from the existing civil service list without regard to reporting headquarters or section.
 4. If at any time during an unscheduled vacancy it is apparent that the absence will last more than a total of five (5) days, it shall be considered a scheduled vacancy and any set-up resulting from that absence shall be offered to the first available person on the list, Division wide, after one (1) day preparation time.

Set-ups to HEO and EO will be paid for actual hours worked.

D 1.5 – Overtime Assignment

All overtime shall be from an established seniority list within each section, on a voluntary basis, by classification. In the event volunteers are not available, the Department retains the right to assign employees from the overtime list, in inverse order of seniority.

On jobs which are immediately preceding or following the regular work day, the same crew shall be assigned the overtime on that particular job. When a crew member is not able to work overtime, the overtime shall be assigned by established seniority list, within the section, by reporting headquarters.

With the exception of the situation where jobs are immediately preceding or following the regular work day where the same crew will be assigned the overtime job, a temporarily set-up employee cannot be assigned scheduled overtime until all permanently classified bargaining unit employees are offered the overtime.

For purposes of this Addendum, scheduled overtime is defined as work that is scheduled prior to the end of the previous regular work day.

D 1.6 Water Reporting Sites

When it is feasible and efficient to locate material and equipment necessary to perform work at a job site for a period of time, crews may be assigned to report directly to the work site at the start of the shift rather than their normal reporting headquarters.

D 1.7 Fatigue Time

An employee who works at least eighteen (18) continuous hours and has less than six (6) hours before the start of their next regular scheduled shift may opt to report to work no later than four (4) hours into the next shift. The employee will be compensated at the straight-time rate for the first four (4) hours of their shift. An employee who has worked at least eighteen (18) continuous hours and works past the start of their regular scheduled shift will be compensated at the straight-time rate for four (4) hours after being relieved from duty by their supervisor. Should the

employee choose to take the remaining balance of the shift off they must use accrued sick leave, vacation, PTO, or previously accrued compensatory time to cover that balance.

D 1.8 Vacated Permanent Open Position

Equipment/Heavy Equipment Operators will have the first opportunity to bid into vacated, permanent open positions by seniority and for which they are qualified. If a position remains open after the bid process, that position will be filled by the new hire.

D 1.9 Meal Breaks and Rest Periods

- A. It is expected that there will be restroom and hand wash services at the jobsite or nearby. When this is not the case, with management or supervisor approval, employees who need to leave the jobsite for lunch in order to locate restroom and hand wash services may combine their two fifteen (15) minute rest breaks with their thirty (30) minute lunch break.
- B. In addition to (A) above, with management or supervisor approval, which shall be on a day to day basis, employees may combine their two (2) fifteen (15) minute rest breaks with their thirty (30) minute lunch break as long as this does not result in operational inefficiency. The Union recognizes that the City may need to restrict or modify this practice based on operational needs.

ADDENDUM E – TACOMA POWER GROUNDS MAINTENANCE

This Addendum is supplemental to and is to be read in conjunction with the AGREEMENT to which it is attached, by and between the City and the Union. The purpose of this Addendum is to set forth the mutual understanding of the parties regarding working conditions specific to the bargaining unit members in the Tacoma Power Grounds Maintenance. In the event there is a conflict between specific provisions of this Addendum and the Agreement, the provisions of this Addendum shall prevail. This Addendum applies exclusively to the following classifications in Tacoma Power Grounds Maintenance:

- Grounds Maintenance Crew Leader
- Grounds Maintenance Worker
- Hydro Grounds Maintenance Worker
- Laborer

E 1.1 Hours of Work

Eight (8) Hour Day – Eight (8) hours exclusive of the lunch period shall constitute a day's work. Normal hours of work shall be between 7:00 a.m. and 5:00 p.m. An early start alternate schedule to avoid extreme heat may be temporarily established by mutual agreement between management and an employee, such that an employee will not receive less than their standard number of straight time hours in a work day.

E 1.2 Work Reporting Sites

When it is feasible and efficient to locate material and equipment necessary to perform work at a job site for a period of time, crews may be assigned to report directly to the work site at the start of the shift rather than their normal reporting headquarters.

E 1.3 Overtime Assignments

1. All overtime shall be from an established seniority list within each section, on a voluntary basis. In the event qualified volunteers are not available, Management retains the right to assign qualified employees from the overtime list, in the inverse order of seniority.
2. On jobs which are immediately preceding or following the regular work day, the same crew shall be assigned the overtime on that particular job.
3. With the exception of the situation where jobs are immediately preceding or following the regular work day where the same crew will be assigned the overtime on that particular job, a temporarily set-up employee cannot be assigned scheduled overtime until all permanently classified bargaining unit employees are offered the overtime.
4. For purposes of this Addendum, scheduled overtime is defined as work that is scheduled prior to the end of the previous regular work day. All other overtime is unscheduled.
5. Snow and/or Ice Emergency Event Overtime
During an emergency weather situation, shifts may be temporarily adjusted as described below in (a) through (d).

- a. When all employees on a shift are notified later than the end of shift that they are needed to work overtime due to a snow and/or ice emergency event the following day, employees who perform the overtime will be compensated at the appropriate overtime rate for all hours worked for the first shift on the following day.
- b. When all employees on a shift are notified by the end of shift that they are needed to work snow and/or ice emergency event overtime, and cancellation of this overtime occurs after the end of the previous day's shift, the employee will be paid at the appropriate overtime rate for the first two hours they work of their regular shift on the following day.
- c. When assigned, employees are expected to work their entire shift during emergencies up to twelve and one-half (12.5) hours.
- d. An employee is not obligated to work more than twelve and one-half (12.5) hours on any calendar day so long as the employee has performed twelve and one-half (12.5) hours of work on a snow and/or ice emergency event or a combination of a snow and/or ice emergency event and regular shift schedule on any calendar day.

E 1.4 Tacoma Power Ground Maintenance Equipment and Crew Leader Upgrades

1. In the event a temporary Crew Leader opening occurs for a period of three (3) days or less, the City may fill the temporary position by utilizing one of the other Crew Leaders to fill in for the absent Crew Leader. If a temporary opening occurs that is greater than three (3) days, the City will fill the Crew leader position with a Tacoma Power Grounds Maintenance Worker, with a valid CDL, based on classification seniority and the individual assigned will be upgraded to Crew Leader. Pay for work in the higher classification will be the step in the higher pay range that results in an increase of at least five percent (5%) over the employee's regular rate of pay, unless the higher pay range results in less than a five percent (5%) increase because salaries cannot be paid above the top step of the higher pay range.
2. The Parties agree that qualified Tacoma Power Ground Maintenance Workers will receive equivalent to the Equipment Operator rate of pay above their regular rate of pay while operating the following equipment: Tacoma Power computer-controlled spray truck; backhoe; large tractor mower; dump truck requiring a commercial driver's license, and skidsteer loader when operated around energized equipment.

E 1.5 Laborer Set-Ups

1. Laborers that management sets up to perform Hydro Utility Worker duties will be compensated at the 1st Year Hydro Utility Worker rate.
2. Set-ups are voluntary and will be based on management's determination of the employee's skills and abilities to perform the required duties of the task at hand. In the event management determines no volunteer has the appropriate skills and abilities to perform the required duties, management reserves the right to assign work as necessary.

Subject: Set-Ups for Grounds Maintenance Crew Leader to Grounds Maintenance Supervisor – Power Shared Services Facilities, Tacoma Public Utilities

The City of Tacoma (City) and Teamsters Local Union 117 (Union) (collectively, the Parties) enter into this Letter of Understanding (LOU).

Based on business needs as described herein, Management may temporarily assign duties to employees in the Power Shared Services Facilities, Tacoma Public Utilities (PSSF-TPU) Grounds Maintenance Crew Leader (PSSF-TPU Crew Leader) classification that are outside of that classification and normally performed by the Grounds Maintenance Supervisor (Supervisor) classification (Supervisor Duties).

In such cases, the Parties agree that employees in the PSSF-TPU Crew Leader classification will be set-up in the following manner:

1. Management shall set-up PSSF-TPU Crew Leaders in order of classification seniority.
2. For purposes of this LOU, the Parties agree that the “TPU Grounds Maintenance Service Area” will be defined as the following: Pierce County; Thurston County; Lewis County; Mason County; and southern King County, meaning Federal Way, Auburn, Black Diamond, and south.
3. One of the following situations must exist in order for a PSSF-TPU Crew Leader to be compensated at the rate of the Supervisor classification:
 - a. A PSSF-TPU Crew Leader shall be set-up for the full time of the Supervisor’s absence, when the Supervisor is working within the TPU Grounds Maintenance Service Area, and the Supervisor is absent from the work location for more than one day.
 - b. A PSSF-TPU Crew Leader shall be set-up when the Supervisor is absent from the work location and working outside of the TPU Grounds Maintenance Service Area, if the Supervisor is absent from the work location for four (4) or more hours in one day.
 - c. A PSSF-TPU Crew Leader shall be set-up when the Supervisor is absent and not working, if the Supervisor is absent for four (4) or more hours in one day.
4. The Parties agree that the set-up as outlined in this LOU is for actual hours worked by a PSSF-TPU Crew Leader in the Supervisor capacity for the regular scheduled hours worked by the Supervisor in a day, and not the regular scheduled hours worked by a Crew Leader in a day.

5. A PSSF-TPU Crew Leader in a set-up status will receive a rate of pay equivalent to the Step 1 Supervisor pay scale, or the next step equivalent that provides for at least a 5% increase for the Crew Leader for actual hours worked.
6. Set-up to the Supervisor position requires the fulfillment of duties as outlined in the Grounds Maintenance Supervisor classification.

This LOU applies only to classifications assigned to work at the Power Shared Services Facilities of Tacoma Public Utilities. Nothing in this LOU is intended to be used as a precedent for future contract negotiations or other similar matters. This LOU will expire with the adoption of a successor collective bargaining agreement.

RE: Take-home Vehicle Pilot Project for Street Operations Standby Assignments

This Letter of Agreement (Agreement), made effective upon Council approval, is entered into by and between Teamsters Local Union No. 117 (Union) and the City of Tacoma (City), referred to herein collectively as the Parties.

The purpose of this Agreement is to review and evaluate the use and efficiency of a take-home vehicle (specifically, the “trouble truck”) program for a trial period. This Agreement was reached through the spirit of cooperation and a desire to provide efficient services and responses to emergent situations within the City’s jurisdiction. The purpose of a ‘take-home’ vehicle assignment in Street Operations is to decrease the response time required when employees are called to work as part of a standby assignment.

The Parties agree to the following terms and conditions:

When an employee is assigned a take-home vehicle as part of their standby assignment, they shall respond to the site of the incident (or Street Operations Maintenance Building if additional equipment/supplies are required) within 45 minutes of notification, with the understanding that at times there may be a reasonable delay to circumstances beyond the employee’s immediate control.

Paid status for the employee begins when notified of a call out, and ends once the incident has been secured or responded to.

Employees shall be entitled to two hour minimum as outlined in the Tacoma Municipal Code (TMC). Compensation and Overtime shall be paid as per TMC 1.12 and the Teamsters Local Union No. 117 Collective Bargaining Agreement. Employees shall be on standby when transporting the vehicle home after their assigned shift or after responding to an incident.

Authorized personnel shall operate the take-home vehicle in a safe, courteous, and efficient manner and shall conform to all applicable state and local laws governing the operation of motor vehicles. Employees operating the take-home vehicle will be responsible for promptly paying traffic citations or infractions, towing charges, and other fines associated with their use of the vehicle; employees may be subject to progressive discipline including and up to termination for improper or unlawful uses of the vehicle.

Employees assigned take-home vehicle privileges are authorized to drive the vehicle to and from their residence. However, in accordance with IRS Publication 15B pertaining to the “Commuting Rule,” no other personal use (other than de minimis personal use) is permitted. De minimis personal use is defined herein as incidental personal use, such as a stop for a personal errand on the way between a business delivery and the employee’s home, which is not on a consistent or regular basis and which does not normally exceed 10 minutes.

Since standby is on a weekly rotation basis, each employee will only take home the vehicle when the employee is assigned to the standby shift.

Employees are responsible for safeguarding City-issued equipment associated with their assigned vehicle. This includes (but is not limited to) issued equipment which is normally left in the assigned vehicles. The

employee shall ensure that all equipment is safeguarded prior to parking/leaving the vehicle and the vehicle shall be locked at all times when not in service. The City will assume no responsibility for personal property stored or left in a City vehicle.

Employees on standby are responsible to ensure the City vehicle is returned to Street Operations by 7:30 AM every Monday, except for days in which Mondays fall on a City recognized holiday. In this case, the employee assigned to standby shall exchange the take home vehicle with the next employee assigned to standby. Employees on standby are responsible to make arrangements for transportation for private business during the week.

The City is not responsible for any damage to personal vehicles parked near or on City-owned property while the employee is assigned the take-home vehicle. Employees shall avoid situations that would give rise to legitimate complaints from neighbors, such as blocking streets, driveways, alleys, etc. Family members and non-City employees are not allowed in a City take-home vehicle.

Either party can terminate this LOA provided 30 days' written notice is provided. The Union waives its right to impact bargain the termination of the LOA. There is no presumption that this LOA will become part of any successor collective bargaining agreement. This LOA does not establish a precedent for any future bargaining regarding this or other matters which may be brought forth by both parties.

Subject: Implementation of Small Works Tree Pruning Contract

This agreement is between the City of Tacoma (City) and Professional and Technical Employees, Local 17 (Union) for the purpose of addressing issues related to the implementation by the City of a contract for on-call tree pruning services as follows:

1. The Parties agree that work performed under the terms of the tree pruning, removal and transplanting contract, will consist primarily of tasks that cannot be performed by bargaining unit members due to the special equipment and skills required, limited availability of City Landscape Maintenance crews and/or work on property not under the purview of the bargaining unit. These tasks include the following:
 - a. Removal of dead, diseased or high risk trees
 - b. Pruning and other tasks that typically are performed under dangerous conditions and/or on short notice
 - c. Stump grinding
 - d. Tree transplanting
2. The Parties agree that the work performed by the Contractor is not intended to include exclusive bargaining unit work or to supplant any bargaining unit members represented by Local 17. To this end, the City will make a good faith effort to avoid assigning bargaining unit work to the Contractor.
3. Before assigning work to the Contractor, the City will communicate with the Grounds Maintenance Supervisor of Public Works Street Operations to discuss the work that will be performed by the Contractor. In the event some of the assigned work includes bargaining unit work, the Employer will notify the Union in advance.

This Letter of Agreement does not establish a precedent for any future bargaining regarding this or other matters which may be brought forth by the parties.

Re: City Contracting of Board Up Services on Private Property

This Letter of Understanding entered into by and between the City of Tacoma ("City") and Teamsters Local No. 117 ("Union"). This Agreement shall apply to Teamsters Local Union No. 117 members employed at the Public Works department.

The parties agree as follows:

- The City of Tacoma is experiencing an ongoing financial crisis that has required City departments to focus their work on public property and the public right-of-way. The City has already eliminated positions that had duties to do board ups on private property (e.g., post-fires, nuisance/hazard abatement, police activities), to focus on core City services (with the exception of court ordered abatement activity), currently being performed by City employees (Teamsters 117 members on the abatement crew that is continuing to operate at this time).
- The City shall not allow any agency, private and/or public-private partnership to engage in board up activity on public property or within the public right-of-way.
- If in the event the fiscal situation of the City improves and the City wishes to reestablish board ups on private property by City employees, the City agrees that members of Teamsters Local 117 will perform the work previously done by the eliminated positions.

This Letter of Understanding is not to be used as a precedent with respect to any other contracts for any other divisions or departments of the City nor by other employees represented by this Union.

**LETTER OF UNDERSTANDING
BY AND BETWEEN
CITY OF TACOMA
AND
TEAMSTERS LOCAL UNION NO. 117, IBT
(TACOMA GENERAL UNIT)**

Subject: Agreement regarding employee participation in the Western Conference of Teamsters Pension Trust

This agreement is between the City of Tacoma (City) and the Teamsters Local Union No. 117, IBT (Union) for the purpose of complying with the terms and conditions of the employee participation in the Western Conference of Teamsters Pension Trust during the 2019- 2022 collective bargaining agreement.

Background:

The 2011-2014 collective bargaining agreement (CBA) provided the opportunity for employee participation in the Western Conference of Teamsters Pension Trust (“WCTPT” or the “Trust”) plan. Further, the CBA stated that prior to a membership vote, the City and Union would meet and bargain a WCTPT Participation Plan. The City and the Union met these obligations and a Memorandum of Agreement was agreed to by both parties and signed in February 2013.

During the bargaining process the City had expressed concerns about the establishment and administration of the WCTPT accounts, and a potential liability should the WCTPT plan fall into financial distress (including but not limited to receiving a designation of “endangered”, “seriously endangered” or “critical” status and/or being subjected to a mandatory Rehabilitation Plan under the Pension Protection Act,) or otherwise subject the City to unintended consequences in the future, including financial or administrative obligations not anticipated by the parties herein.

This Letter of Understanding (LOU) extends the previous agreement, through the current 2019-2022 collective bargaining agreement, between the City and the Union.

Therefore:

The parties agree to the following terms and conditions to address the issues arising from (1) the administration of establishment of and participation in the WCTPT plan; and (2) protection for the City from any and all financial liability with regard to employee participation in such WCTPT plan(s).

Administrative

- a. Effective April 1, 2013 employees additionally agree to a wage reduction of twenty dollars (\$20.00) per pay period from the employee’s gross wage amount up to a maximum of five hundred and twenty dollars (\$520.00) per year. This employee wage reduction shall be imposed regardless of the number of hours worked.

On a monthly basis, the City shall transmit the employee's wage reduction amounts to the WCTPT plan. The transmittal shall include contributions for all payroll period ending dates falling within the month reported.

- b. The intent of the parties is that this WCTPT plan does not include a supplemental PEER contribution provision.
- c. When an employee who is covered by the WCTPT plan is assigned to a permanent assignment outside of the bargaining unit, his/her employee wage reduction to the pension plan shall cease. The employee's wage reduction transmittal to the pension plan shall resume if the employee is restored to a position within the bargaining unit.
- d. When an employee who is covered by the WCTPT plan is assigned to a temporary assignment outside of the bargaining unit, his/her employee wage reduction amount transmitted to the pension plan shall continue at his/her current rate.
- e. When an employee, who is not covered by the WCTPT plan, is assigned a temporary assignment in the bargaining unit covered by the WCTPT plan, the employee shall not be eligible for employee wage reductions associated with the WCPT Plan. Employees who are currently participating in a WCPT plan and are assigned temporary assignment into this bargaining unit will continue participating at the same employee wage reduction rate as outlined in their primary collective bargaining agreement. If the employee eventually hires into the job as a permanent employee, he/she shall be eligible to make employee wage reductions on a prospective basis.
- f. When an employee is in OJI time-loss status, his/her employee wage reductions that are normally transmitted to the pension plan shall cease. The employee's wage reductions shall resume when the employee is converted from time-loss status to regular status.
- g. The parties intend for this agreement to clarify that there shall be no contribution to the Trust for cash outs of vacation, sick leave, PTO or floating holiday upon separation of employment. The parties do not intend to modify in any way their arrangements concerning eligibility for cash out of vacation, sick leave, PTO or other such benefits.

Trust Status

- h. Should the Trust be determined to be underfunded under the standards of the Pension Protection Act ("PPA") and notice is received by either the Union or the City that the plan is in "endangered" (known as the "yellow zone"), "seriously endangered" (orange) or "critical" (known as the "red zone") status, or should the Trust status be such that the City's obligations regarding the WCTPT plan (whether financial, administrative, or otherwise) are lawfully and mandatorily altered, the parties hereby agree to implement the following actions:
