

**YAKIMA COUNTY  
DEPARTMENT OF CORRECTIONS**

*111 North Front Street Yakima, Washington 98901 (509) 574-1700*

**RECEIVED**  
**JUL 20 2015**  
*The Mayor/Council Office*

**July 15<sup>th</sup>, 2015**

**Dear City and County Officials:**

In order to help you during these tough economic times, we are offering discounted beds for rent.

The Yakima County Department of Corrections currently has empty jail beds that we are looking to fill. We offer transportation that is included in our low rate, and there are no booking fees. We are dedicated to helping you maintain and control any overflow of prisoners you may be currently faced with. This, in turn, prevents the potential of early release due to overcrowding, which is of greatest value to the criminal justice system and the communities we all respectively serve.

The below illustrates our sliding rate scale based on the number of prisoners sent. We are willing to let you combine your Monthly Average Daily Population (MADP) with that of surrounding jurisdictions in order to receive the lower rate. Upon review, you will see that your City/County could save a substantial amount of money by contracting with Yakima County.

<i>Monthly Average Daily Population (MADP)</i>	<i>Daily Rate Per Inmate</i>
151 - above	\$48.75
126-150	\$49.75
101-125	\$50.75
76-100	\$51.75
51-75	\$52.75
26-50	\$53.75
0-25	\$54.75

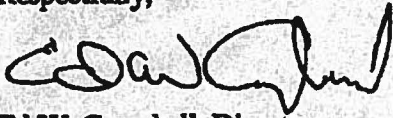

Should you have the need to utilize our services, please don't hesitate to contact me directly at (509) 574-1758 or email me at [ed.campbell@co.yakima.wa.us](mailto:ed.campbell@co.yakima.wa.us)

Since beds will be rented on a first come, first service basis, I ask that you contact me immediately if you would like to discuss negotiating a contract. This will help us secure the number of beds you are wanting and allow us time to coordinate all of the logistics.

We hope to hear from you!

Respectfully,

Ed W. Campbell, Director
