## Active Transportation

**Project Title:** 15th Street Transient Moorage Replacement

**Project Number:** CIP-00039

**Project Description:** This project will remove and replace approximately 225 lineal feet dock floats and install a new steel gangway ramp utilized for transient moorage along the Thea Foss Waterway.

**Project Manager:** Darius Thompson

**Project Location:** Thea Foss Waterway (15th St)

**Project Status:** This project is currently in the design phase. Construction is anticipated to start Fall 2022.

**Project Title:** 2024 ADA Self-Evaluation and Transition Plan

**Project Number:** Not yet assigned

**Project Description:** The City of Tacoma will work with a consultant to develop an ADA Transition Plan and Self-Evaluation that meets all state and federal requirements. The Self-Evaluation component of the ADA Transition Plan will be a comprehensive assessment of all facets of accessibility in Tacoma's public right-of-way. It will include measurements of accessibility criteria for sidewalks, curb ramps, traffic signals, bus stops, and driveway curb cuts in the public right-of-way, as well as an assessment of existing policies and procedures. The Self-Evaluation phase will also include a significant public outreach and involvement effort to assist the City in identifying issues and prioritizing projects. Other components of the ADA Transition Plan will identify all barriers to accessibility in the public right-of-way, describe methods that will be used to achieve accessibility, create a prioritized schedule to remove barriers, and identify the person responsible for the implementation of the plan. The plan will incorporate City of Tacoma actions and policies outlined in the Vision Zero Plan, Transportation Master Plan, and Comprehensive Plan.

**Project Manager:** Darius Thompson

**Project Location:** Citywide

**Project Status:** The grant was awarded January 2024. No grant match funds have been secured.

**Project Title:** 38th and Cedar Street Crossing Improvements

**Project Number:** PWK-01039

**Project Description:** The project will construct pedestrian safety improvements at the intersection of South 38th Street and Cedar Street, and approximately 400 feet to the west of that intersection. Improvements will include curb bulbs, accessible curb ramps, high visibility crosswalk markings, signal upgrades, and a ten-foot-wide sidewalk on the north side of South 38th Street to close a gap in the sidewalk network.

**Project Manager:** Charla Kinlow

**Project Location:** intersection of South 38th Street and Cedar Street, and approximately 400 feet to the west of that intersection.

**Project Status:** Waiting on formal PSRC letter. Will need to be approved by Council and new BMF.

## Active Transportation

**Project Title:** Baker Middle School Safe Routes to School

**Project Number:** PWK-G0054

**Project Description:** This project will improve safety and walkability by adding sidewalk with curb and gutter, ADA compliant curb ramps, bulb-outs, marked crosswalks with advanced stop bars, a rectangular rapid flashing beacon, and a hybrid beacon. Speed bumps will be added to lower vehicular speed, further improving safety for all non-motorized users. Bicycle safety will be improved using green pavement bicycle crossing markings and providing a protected bicycle boulevard conversion with wayfinding signs and markings. In addition to corridor improvements, walk/bike school events, encouragement activities, and safety education classes will be provided at the end of construction. This project was prioritized based on safety, equity, and connectivity metrics.

**Project Manager:** Clara Dubow

**Project Location:** Baker Middle School

**Project Status:** Survey began February 2024

**Project Title:** Bicycle & Pedestrian Education, Encouragement, and Safety Program

**Project Number:** PWK-00440-AT-02-01

**Project Description:** This project will reduce barriers to using active transportation and transit through programs such as outreach events, education, and the City's bike parking program. This programming supports the City's compliance with the state Commute Trip Reduction law and helps Tacoma meet our equity, safety, and environmental goals.

**Project Manager:** Liz Kaster

**Project Location:** Citywide

**Project Status:** Implementation is ongoing - this funding is used for annual Bike Month events, the City's free bike rack program, and active transportation outreach and education.

## Active Transportation

**Project Title:** Cultural Shift to Active Transportation

**Project Number:** PWK-G0033-08

**Project Description:** This is a multiagency project focused on transportation demand management (TDM) programs in regional growth centers, manufacturing/industrial centers, local centers of importance, and the corridors serving them. The programs will vary by agency but they will have a common goal to educate and influence people's travel behavior between home, work, services and recreation trips. The City of Tacoma will be the lead agency working in partnership with the cities of Fircrest, Puyallup, and University Place. The agencies will implement TDM elements that are appropriate for each jurisdiction. TDM elements include: In Motion, residential outreach programs focused on difficult to reach populations (e.g. low income, low English proficiency populations); Live Close to Work Program; Education & encouragement (e.g. Bike Month, Open Streets Events, center-based bicycle parking programs); Education & encouragement campaigns (e.g. bike safety, TDM, cost effectiveness).

**Project Manager:** Liz Kaster

**Project Location:** Citywide

**Project Status:** Implementation began in 2022 with community events & outreach led by a part-time Active Transportation Intern. An Active Transportation Planner was hired March 2024 to implement the grant.

**Project Title:** Links to Opportunity

**Project Number:** PWK-G0041

**Project Description:** The project will enhance the corridor along Sound Transit's Hilltop Tacoma LINK extension route to increase accessibility and safety for residents and businesses. The scope of the improvements includes varying sidewalk color and designs, pedestrian lighting, street furniture, wayfinding signage, bicycle facilities, local art, granite inscriptions and poetry, street trees, and landscaping. The project serves one of Tacoma's oldest historically Black neighborhoods and business districts, and the design was informed by nearly two years of grassroots outreach to the Hilltop community. Downtown: On the Go!, Hilltop Action Coalition, and Tacoma Housing Authority all assisted in the outreach effort. The final design is informed and defined by the community that it will serve and will honor the history of the corridor.

**Project Manager:** Jon Kulju

**Project Location:** MLK Jr Way, Division, N 1st

**Project Number:** PWK-G0070

**Project Description:** This project will improve safety on Portland Avenue from East 27th to East 56th Street by slowing speeds and improving connectivity for people walking, rolling, and bicycling. Tacoma's Vision Zero Action Plan ([www.cityoftacoma.org/visionzero](http://www.cityoftacoma.org/visionzero)) uses a data-driven approach to set Tacoma's path towards eliminating crashes that cause serious injuries or deaths by 2035. In addition to actions to improve safety citywide, the Plan identifies roadways that are the highest risk for serious injury & fatal collisions. Portland Ave is one of these high-risk corridors. When completed, this work will compliment planned light rail and transit improvements and the planned regional Tacoma to Puyallup trail. This project directly connects to the Pipeline Trail and significant community destinations. The City of Tacoma will be working closely with the Puyallup Tribe of Indians, as well as community and transit partners to improve safety and multimodal access along one of Tacoma's highest crash corridors.

**Project Title:** Priority Active Transportation Small Project Improvements

**Project Number:** PWK-00709

**Project Description:** This project will construct improvements to the pedestrian and bike network, including safety improvements such as pedestrian infrastructure, traffic calming, bike facilities, crossing improvements, and wayfinding. Funding is prioritized based on safety, equity, connectivity and partnership opportunities. To make the most of available funds - these projects are usually add-ons to larger projects to enhance safety and multimodal access (repaving, striping contract, utility work, etc.).

**Project Manager:** Liz Kaster

**Project Location:** Citywide

**Project Status:** This project will leverage opportunities to add high-priority, low-cost active transportation connections.

## Street Construction

**Project Title:** South 11th St and Ernest S Brazill Protected Bike Lane Couplet / Paving Project

**Project Number:** PWK-G0072

**Project Description:** Fill a critical missing link in Tacoma's bikeway network along S 11th St and Earnest S Brazill. The construction of planned bicycle facilities would require narrowing vehicle lanes along South 11th Street and Earnest S Brazill. On South 11th Street from Tacoma Avenue South to South Sprague Avenue, there will be a full grind and overlay. This project also includes intersection upgrades with improvements including bicycle detection, accessible pedestrian signals, and accessible curb ramps.
