1  
2 A RESOLUTION relating to amending and revising Chapter 12.06 of the  
3 Tacoma Municipal Code ("TMC") regarding electric regulations and  
4 rates.

5 WHEREAS the City of Tacoma, Department of Public Utilities, Power  
6 Division (d.b.a. "Tacoma Power"), is requesting an additional schedule,  
7 Schedule FC – Electric Vehicle Fast Charge ("Schedule FC"), to Chapter 12.06  
8 of the Tacoma Municipal Code, and

9 WHEREAS, Schedule FC is a pilot tariff for publically-available direct-  
10 current (DC) stations for the rapid charging of electric vehicles, and

11 WHEREAS Tacoma Power proposes Schedule FC to test the appropriate  
12 rate(s) that would facilitate economic sales of energy to electric vehicle charging  
13 sites, effective January 1, 2019, and

14 WHEREAS selling energy to owners of electric vehicle charging sites is  
15 an economic opportunity for Tacoma Power and could realize more revenue per  
16 unit of energy than disposing of that energy into the wholesale market, and in  
17 addition has a collateral benefit of providing services to the community that  
18 remove a barrier to transportation with less pollutants, and

19 WHEREAS, under the proposed Schedule FC, electric vehicle charging  
20 sites transition energy and delivery services from Small general service  
21 (Schedule B) rates to General service (Schedule G) rates over a period of 13  
22 years, allowing charging sites to transition into charges that are based on peak  
23 monthly demand, and
