Subject: Selection Announcement for FRA's FY2023-2024 CRISI Programs

U.S. Department of Transportation
Federal Railroad Administration

Congratulations, Tacoma Rail.

Tacoma Rail Four Tier 4 Switcher Locomotive Repowers (application number: CRS2024001475) has been selected for an award of **\$8,316,000** with the Federal Railroad Administration under the Fiscal Year 2023-2024 Consolidated Rail Infrastructure and Safety Improvements (CRISI) Program! The Federal Railroad Administration (FRA) Office of Railroad Development is excited to partner with you to effectively deliver the Project.

This grant was made possible through the following legislative authority:

Section 11301 of the Fixing America's Surface Transportation (FAST) Act, Pub. L. 114-94 (2015); 49 U.S.C. § 22907. Funding under this program was made available by the Consolidated Appropriations Act, 2023, Div. L Tit. I, Pub. L. 117-328 (2023 Appropriation, December 29, 2022), Consolidated Appropriations Act, 2024, Div. F. Tit. I, Pub. L. 118-42 (2024 Appropriation, March 9, 2023), FY 2023 and FY 2024 advance appropriations provided by and Division J of the Infrastructure Investment and Jobs Act (IIJA), Pub. L. No. 117-58 (November 15, 2021), \$7,724,132 in carryover FY 2022 appropriations, and \$2,000,000 in carryover from FY 2021 appropriations.

In preparation, the FRA is hosting a CRISI grant selection kick-off webinar for all selected applicants to inform recipients of the requirements needed to advance their Project to obligation and their role as recipients of Federal funding. We will answer many frequently asked questions during our kickoff webinar.

Please ensure the Project's project manager or day-to-day point of contact registers and joins us at one of the two webinars below:

Nov 19, 2024, 11 am—12 pm ET:
