To this end, the Employer agrees to confer with officials of the Union on matters subject to collective bargaining. The Union agrees that all representations made on its behalf by the Joint Labor Committee or its agents shall have the same force and effect as if made by the Union itself and that notices or other communications exchanged between the Employer and the Joint Labor Committee shall have the same effect as notices exchanged directly between the parties to this Agreement.

Section 3.2 The parties agree that for the sake of equity among employees as well as administrative efficiency, it is desirable to standardize conditions of employment pertaining to employees represented by unions affiliated with the Joint Labor committee. Therefore, the parties hereto agree to encourage standardization of benefits and other conditions of employment wherever appropriate, and to utilize the good offices of the Joint Labor Committee to affect this end.

ARTICLE 4 - UNION MEMBERSHIP AND DUES

Section 4.1 The City agrees to deduct from the pay of each employee, who has so authorized it, Union initiation fees, monthly dues, and assessments as certified by the secretary of the Union. ARTICLE 5 - GRIEVANCE PROCEDURE

Section 5.1 A grievance is hereby defined as an alleged violation of a specific Article of this Agreement that is brought by the grieving party to the attention of the other party within thirty (30) working days of the time the grieving party first became aware of the alleged violation. An alleged violation of Article 26 Disciplinary Procedures shall be submitted at Step 2 of this procedure. Working days referred to in this Article shall be identified as Monday through Friday with the exclusion of holidays recognized by the Employer. Such grievances shall be resolved in the following manner:

The Union and the Employer shall share equally in the cost of services from the neutral arbitrator. If either party desires a record of the proceedings, it shall solely bear the cost of such record.

Section 5.3. Any and all time limits specified in the grievance procedure may be waived by written mutual agreement of the parties. Failure of the Union to submit the grievance in accordance with these time limits without such waiver shall constitute abandonment of that specific grievance. Should the Employer fail to submit a reply within the specified time limits without such waiver, the Union may submit the grievance to the next step within the grievance procedure.

If the Union's vote determines unused sick leave accruals should be made to a qualified Health Reimbursement Arrangement, upon retirement of an employee, the Employer shall make contributions into the WSCFF Employee Benefit Trust, or, upon individual employee request, into an individual Voluntary Employee Benefit Association (VEBA) plan. If no such individual request is made, the City will direct contributions to the WSCFF Employee Benefit Trust by default. The contribution value shall be in an amount equal to (100%) of the employee's sick leave cash out, as defined in Section 13.2 B. The Trust Fund is established in accordance with applicable federal and state laws, and the City shall contribute the monies on a pre-tax basis. This contribution is made in lieu of a cash payment of the value of eligible sick leave accruals due to an employee upon retirement set forth in Tacoma Municipal Code (TMC) 1.12.230 and Section 13.2 B. These contributions constitute the entire obligation of the city with respect to funding the WSCFF Employee Benefit Trust Fund. - D. There shall exist no obligation on the part of the City to contribute any part of the purchase price of said policy, nor shall the City's General Revenue Funds make any contribution therefore; provided, however, that if in fact any change results in the rate charged the City for its LEOFF II employees covered under this agreement from the granting of this privilege, such adjustment in the rate shall not be deemed a contribution of the City.

Tacoma Fire Department and
Firefighters Local #31**

This memorandum sets forth the agreement between the signatories as to the EEO/Anti-Harassment and Anti-Discrimination policy developed by the Tacoma Fire Department.

The current collective bargaining agreement by and between the City of Tacoma and Tacoma Firefighters Union Local #31 (the Union), Article 28 - Non-Discrimination, says:

Section 28.2 It is mutually agreed that there shall be no discrimination because of [race, color, religion, sex, gender preference, sexual orientation, age, marital status, or physical, mental, or sensory disabilities (that do not prevent proper performance of the job) unless based upon a bona fide occupational qualification. Section 28.3 It is mutually agreed that there shall be no sexual harassment. Sexual harassment prevention guidelines are set forth in the Personnel Management Policies.

In order to implement these provisions, as well as to comply with state and federal law, the Tacoma Fire Department has developed Administration Policy 1003, EEO/Anti-Harassment and Anti-Discrimination. However, within those laws, the parties have bargained the process rules and other relevant details to be utilized in the department. The City policy will control any matter not covered by this memorandum.

The parties agree that the Department will change the policy from time to time, in keeping with changes in City, state, and federal law, and new understandings developing from interpretations of those laws, but that the Union may require bargaining over any such change to the extent the change is a subject of mandatory bargaining.

The parties have long agreed that as a condition of employment, all employees of the Tacoma Fire Department are to be familiar with and follow the Tacoma Fire Department's EEO Policies and Procedures and that all employees will be held accountable for their actions. The parties hereby agree that every Tacoma Fire Department employee will annually sign two copies of the Department's EEO Acknowledgment Form, after having the opportunity to read and ask questions of the current EEO Policy and Procedures.

**Memo of Understanding
Tacoma Fire Fighters IAFF Local 31
And the City of Tacoma**

Recent events in Rhode Island and Chicago brought about a need to enhance our inspections of nightclubs and places of assembly. Effective June 16, 2003, the Tacoma Fire Department will implement a night inspection program. The purpose of the night inspection program is to:

- Identify and eliminate fire and life safety hazards that may compromise the safety of the occupants
- Confirm that a system is in place to monitor the posted occupancy load and that the occupancy load has not been exceeded
- Confirm that hallways, stairwells and exit paths that lead to exit doors are clear and unobstructed
- Confirm that nothing is left, placed or stored in such a manner that will hinder anyone from using any exit
- Confirm that exit doors are unlocked, not blocked in any way and open easily from the inside
- Confirm that exit signs are visible and illuminated
- Confirm that walls and or ceilings are not covered with combustible materials'
- Confirm that pyrotechnics are not being used
- Identify and eliminate obvious fire code violations

Companies will routinely complete a night inspection of all nightclubs and identified places of assembly within their assigned inspection district. The inspections are to be conducted between the hours of 9:00 pm and 2:00 am and shall be conducted on Friday or Saturday night. However, inspections may be conducted on another night if there is reason to believe the nightclub or place of assembly is expected to have an occupancy load at or near their posted capacity.

Night inspections are not intended to be nor replace routine commercial inspections.

The parties acknowledge the benefit of a positive working relationship and therefore enter into this Agreement. It is not to be used as a precedent with respect to any other contracts for any other divisions or departments of the City nor by other employees represented by this Union or any other Union.

Voluntary Employee Beneficiary Association (VEBA)

Revised: July 2015

Background: The Tacoma Firefighters Local # 31 IAFF (Union) and the City of Tacoma (City) found it in the best interest of the Parties to establish a Voluntary Employee Beneficiary Association (VEBA) retirement incentive program. The original agreement was established in 2011, with retirees enrolling in 2012 and the Union forgoing 1% of the bargaining units' salary in 2013. This Letter of Agreement memorializes the agreement between the Union and the City to maintain the implementation and processes associated with the VEBA program.

VEBA Program Parameters:

1. For every year of the agreed upon program, the Union will forego one percent (1%) of the bargaining units' salary. Therefore, once the bargaining unit wage scales are identified in any given year, each member of the bargaining unit would receive ninety-nine percent (99%) of the base wage rate in exchange for this benefit.
2. For the specific purpose of calculating wage comparisons, the one percent (1%) reduction will be considered as a component of base wages.
3. The VEBA retirement incentive program is only available to members of the Union, who are enrolled in the Washington State Law Enforcement Officers' and Fire Fighters' (LEOFF) Plan 2 retirement plan. This plan is only applicable to such employees who voluntarily separate employment from the City service through retirement.
4. The VEBA retirement incentive program is not an employee right. Employees must meet the eligibility criteria and terms of the program.

Rules and Eligibility Requirements:

1. This is a voluntary incentive program offered to eligible LEOFF Plan 2 employees. Such employees must meet all eligibility requirements to be approved for the retirement incentive program, and the City retains the ability to make the final eligibility decisions.
2. This voluntary retirement incentive program does not include a direct cash payment. Instead, it consists of payments made into approved retirees' VEBA accounts of five hundred dollars (\$500.00) per month until the earlier of the month when the employee reaches age sixty-five (65) or Medicare eligibility. These payments will be subject to all rules and laws applicable to the retirees' VEBA accounts.
3. If the retiree passes away before Medicare eligibility or age sixty-five (65), the VEBA contribution will terminate. The retiree's beneficiary (spouse or qualified dependant) will be eligible to continue to utilize this program until the funds in the deceased retiree's account are exhausted. In the event there is no beneficiary, the remaining funds will be equally distributed among current VEBA participants within this program.

4. The intent of this voluntary retirement incentive program is for service retirement only. Employees who are receiving long term disability, (L&I) or are on medical layoff/retirement are disqualified from receiving this incentive. If at any time during the incentive payment term a recipient of the incentive begins receiving L&I the incentives under this program will cease.
5. An employee applying for the voluntary retirement incentive must be eligible to retire under the applicable LEOFF plan and must not have already filed for retirement prior to the announcement the incentive. Additionally, if an employee applies for the incentive but does not retire by the established retirement deadline, the employee will not be eligible for the incentive program in any future year.
6. Employees approved for the retirement incentive will not be placed on the City's layoff registers and are not eligible for rehire as a regular, benefited, permanent employee.
7. Employees approved for the retirement incentive agree not to file for unemployment benefits due to separation of employment from the City.
8. Each year the VEBA retirement incentive program will be open for up to twenty (20) employees. If more than twenty employees apply for enrollment into the program, selection will be accomplished on the basis of LEOFF 2 seniority only, excluding individual or personal factors. Any changes to the maximum number of employees who may apply for this program will require mutual agreement between the parties.
9. At any given time that the collective cost of the VEBA retirement program exceeds 2% of base wages annualized, up to 1% from the Union and up to 1% from the City, the parties agree to reopen negotiations regarding a cost-sharing agreement, during which time during negotiations, no new employees will be added that would cause the program to exceed 2%. Starting in 2016, if the annual cost of the VEBA program is less than the first 1% from the Union, the percentage that is not needed will be reduced by that amount from the Union's 1% in the following year accordingly. The calculation will be provided by December 31st of the current year, after the deadline to apply for this retirement incentive program, December 1st of the current year, unless otherwise agreed to by the parties.

For 2015, the annual cost of the VEBA program has been calculated based on the current number of participants in the VEBA program. Both parties agree that the annual cost is less than the 1% contribution from the Union.

The unused funds will be equally paid out to active Tacoma Firefighters Union, Local #31 members in a flat rate, one-time lump sum payment, in the first full pay period following Council approval of the new successor bargaining agreement.

A 2% per year escalator provision to the City's monetary contribution to the VEBA account for eligible participants will be established and become effective January 1, 2015, and provided in 2016, 2017, and 2018.

10. To be eligible for the program, employees must be at least fifty-three (53) years of age. In addition, employees must have age + years of service totaling at least seventy-five (75) or higher.
11. The deadline to apply for this retirement incentive program is no later than 5:00 pm, December 1st of the current year, unless otherwise agreed to by the parties.

12. The deadline to retire for approved employees is June 1st of the following year, unless otherwise agreed to by the parties.
13. Enrollees will sign an agreement that outlines the parameters, eligibility and terms of the retirement incentive program.

The Parties further agree:

1. To reopen negotiations on this voluntary retirement incentive program in the event that State or national health care laws provide a retirement incentive option to firefighters.
2. This Letter of Agreement will remain in full force during the term of the 2015-2018 collective bargaining agreement, or reopened by mutual agreement of the parties.
