Briefing Items

2. 18-0192 Sound Transit ST3 Update [Brian Boudet, Division Manager, Planning and Development Services]

At approximately 4:38 p.m., Brian Boudet, Planning Division Manager, Planning and Development Services, made opening remarks and gave an overview of Sound Transit 3; the Tacoma Dome Link Extension (TDLE). He introduced Curvie Hawkins, Project Development Director, and Chelsea Levy, Government and Community Relations Manager, Sound Transit.

Ms. Levy gave an overview of the Sound Transit District, summarizing the background of the district, the projection of population growth, and how this will affect delays and commute times. She presented on the system expansion, including the Link Light Rail, Tacoma Link extensions to the Hilltop area and Tacoma Community College, Sounder south commuter rail, and the bus transit. Mr. Hawkins provided detailed information on the TDLE, summarizing location and length of the expansion, the stations involved, daily projection of riders, the fiscal impact, and action items to identify. He reviewed the project timeline, including the planning, design and construction, environmental processes, identification of alignment, the input of the community, the affects it will have on the community, partnership roles and responsibilities, the fiscal impact, and commitment. Together they presented the community engagement, the early scoping period, and next steps. Mr. Boudet concluded with the initial thoughts of the Planning Commission, including the project overall, the planning and design process, project specifics, potential station areas, and asked Council Members for their concerns and priorities for the project overall.

Discussion ensued regarding the potential of station areas in the South End, East Side, and the Tacoma Dome District. Discussion continued on the overall vision for TDLE, significant expansions, changes driven from this area, commute times, what riders this will attract, where this alignment will be located, community outreach, timeline involved, environmental impacts, safe walking distances, and partnership roles and agreements.

3. 18-0193 Tacoma Mall Subarea Plan [Elliott Barnett, Planner, Planning and Development Services]

At approximately 5:21 p.m., Brian Boudet introduced Elliot Barnett, Associate Planner, Planning and Development Services, and Steve Victor, Deputy City Attorney. Mr. Boudet provided an overview of the topics previously discussed, next steps in the process, what is included in the package, key action items, significant grants included, key measures, and involvements. He reviewed connectivity and pedestrian and bicycle standards, including the intent, proposed standards, potential new connections, appropriate thresholds, requirements, small and substantial alterations, construction, requirements of developers, and improvements. He presented recommended changes and options for zoning, noting the original boundary and recommended boundary for the industrial transition; and the overall recommendation and options of the Madison District, noting specific developments, considerations for alternatives, and the reduction of height limit. He continued on affordable housing, noting recommended changes, action strategies, and goals; parks and open space, noting recommended changes and updates for consistency with the

Metropolitan Parks Tacoma Strategic Plan; and townhouse design standards, noting recommended changes and current standards, including street orientation, garbage and utilities, site access, and street trees. He concluded with a summary of topics and recommendations.

Discussion ensued throughout regarding population increase, housing affordability and the requirement of inclusionary housing, Madison District zoning and recommendations, height requirements and potential impacts, sidewalk and tree standards, environmental factors, the current market, connectivity requirements, community involvement and input, and affordable housing approaches.

Public comment was heard from:

1. Hannah Miner, Puyallup Watershed.
2. John Brekke, Brekke Properties.
3. J.J. McCament, McCament and Rogers.
4. Charlie Brown, representing the owners of Michael's Plaza area.
5. April Nishimea, Hilltop neighborhood.

Discussion ensued regarding the minimum width for sidewalk connection, timeline modifications, and community input.

MOTION: Council Member Beale moved to amend the zoning strategy for the Madison district to require 35 dwelling units per acre minimum, allow 75 feet of height outright, require affordable housing for any project over 15 dwelling units to trigger a 10% affordable housing requirement at 50% area median income (AMI) for rental and 80% AMI for ownership; any project over 25 dwelling units to trigger a 20% affordable housing requirement at 50% AMI for rental and 80% AMI for ownership.

SECONDED BY: Deputy Mayor Ibsen.

ACTION: Voice vote was taken and carried. The motion was declared adopted.

Ayes: 3 - Beale, Ibsen and Mello

Nays: 1 - McCarthy
