The project will be forwarded to the Pierce County Treasurer Assessor for the 12-year multi-family housing property tax exemption extension. Sound Height Townhomes, LLC will enter into an agreement prepared by the City to create and maintain the affordable rental units.

**COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH):** September 2023 Outreach to multifamily properties indicate that Tacoma has a 5% vacancy rate in rental housing, which indicates there is still very much a housing need in Tacoma. New projects coming on line are still quickly filled also showing that demand is not slowing. As we add additional units pressure on the market should be relieved and prices should reflect less upward pressure.

#### **2025 STRATEGIC PRIORITIES:**

#### **Equity and Accessibility:**

These housing units will create more affordable housing units in Tacoma and they ensure that affordability is being

created throughout the City of Tacoma and not just in certain areas. Creating affordable units in the Tacoma Mall Mixed Use Center provides accessibility to jobs, transit and other amenities in that district.

**Economy/Workforce:** *Equity Index Score*: Moderate Opportunity

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

Decrease the number of vacant properties downtown and in the neighborhood business districts.

**Livability:** *Equity Index Score*: Very Low Opportunity

Decrease the percentage of individuals who are spending more than 45% of income on housing and transportation costs.

This project will guarantee affordable living units in an area of the City with low opportunity.
