N A	Tacoma, WA	2015-05-08	I want to keep Click!
david carnahan	tacoma, WA	2015-05-08	The broadband model is working. We can make the cable work too.
Thomas Orr	Tacoma, WA	2015-05-08	I want to figure out if we can make Click! profitable without a public/private partnership.
Rich Langsford	Tacoma, WA	2015-05-08	The problem is not with our municipally owned network, but with the misrepresentation of facts by its management to make it appear to be a money loser. Please, get an independent audit of TPU's books before making any decisions. Do not accept Management's figures at face value.
Beverly Ryng	tacoma, WA	2015-05-08	I started with click as soon as it became available, and I've been very proud of our home grown cable company. I feel as I'm sending my monthly bill back to the city I live in rather than some national chain in who knows where.
Kevin M	Tacoma, WA	2015-05-08	Click is OURS.
christine orbeck	tacoma, WA	2015-05-08	Two companies have submitted "bids" to purchase Click.....I thought companies were in business to make money.....if Click is such a losing proposition these bids do not make sense. Therefore I assume they know something we don't?? Take a closer look what's really behind the sell off of Click? Who benefits...following the money trail it always tells the true story cause it's always about the money
John Clemens	Tacoma, WA	2015-05-08	Click! is the alternative to out-of-touch service, like that of Comcast/AT&T/TCI, all of whom have a legacy of could'nt-care-less service. Click! is profitable and self-sustaining, if not cashflow-positive, despite the best accounting tricks and shams to the contrary. Do not allow privatization of Click!, which is far superior to any private-sector entity we've seen in the last several decades. If you don't believe me and the legion of other Tacomans who want to Stick With Click!, call for an independent audit of Click! and Tacoma Public Utilities finances. Click! is self-sustaining now as when it was founded, even a revenue-generating cash cow, so don't let commercial interests crush this gem of a municipal asset.
stella brese	Tacoma, WA	2015-05-08	Tacoma city light customers deserve an option.
James Waggoner	Tacoma, WA	2015-05-08	I love click. I dont want to be locked in to an evil conglomerate.
Richard King	Tacoma, WA	2015-05-08	Advanced Stream is a great option carried by Click.
Clinton Collins	Tacoma, WA	2015-05-08	Tacoma is ahead of the curve on this. Privatizing a utility is a very bad precedent to set and is a step backward.
Bonnie Aldridge	Tacoma, WA	2015-05-08	We love click and the staff. And i love that they work with you when your late cause they understand. Great company.
Darlene Kipers	Tacoma, WA	2015-05-08	click needs to be left alone and NOT sold to anyone, wake up leaders.
Catherine Curry	Tacoma, WA	2015-05-08	I am signing because Click gave the people of Tacoma a choice when Comcast was the only other option
Nancy McFarland	Tacoma, WA	2015-05-08	This just makes sense!
Angie Sherman	DuPont, WA	2015-05-08	Click is a valuable asset to the city of Tacoma!!! Please don't sell out!!!

Name	Location	Date	Comment
Ernest Shreve	Tacoma, WA	2015-05-08	Click Network has the best service bar none for a great price and value. It's very local and everyone I meet from Click are so nice and helpful. This is our Network, just like the hydro dams are ours which give us the lowest power rates in the nation.
Lena Gibson	Tacoma, WA	2015-05-08	I want small local companies for Internet and tv, not large distant corporations.
Brian Schulteis	Tacoma, WA	2015-05-08	Click! Is a valuable public asset and a role model for public utilities around the world.
Leslie Brehmer	Tacoma, WA	2015-05-08	This is one of the easiest cable companies to work with and their prices are fantastic!
Tami Baker	University Place, WA	2015-05-08	I don't want to see Click! go away as an alternative to Comcast.
gavin guss	seattle, WA	2015-05-08	all the arguments i've seen for selling click! are not grounded in fact. until tacoma citizens can see an honest accounting of profit/loss, a sale should not even be considered.
Cynthia morrison	Tacoma, WA	2015-05-08	save our click
Luana Bundren	Tacoma, WA	2015-05-08	I don't want to go back to the pre Click era. Cable service in Tacoma was horrible. I signed up with Click the minute it was available to me and have been with it every since. Please keep this our city treasure.
Randall Marquis	Tacoma, WA	2015-05-08	Privatization of publicly owned utilities is a cancer. We do not want to turn our publicly owned assets over to be financially raped by a private business.
Judy chandler	Tacoma, WA	2015-05-08	I love my Click Network..love to support local instead of big conglomerates. ..I hate comcast !!
Andrew Clark	Tacoma, WA	2015-05-08	Click could be an asset to this publicly owned utility
Kaylee Castillo	Gig Harbor, WA	2015-05-08	I love click! It's prices! It's customer service! and it's dedication to small business! Keep it clickin!
Sandy McGovern	Tacoma, WA	2015-05-08	Click is the Best Cable in the Northwest. And most importantly...AFFORDABLE !!!!!

quintellea grant	Tacoma, WA	2015-05-08	Click is a network that actually gives quality service at a low rate
Stacy McCracken	Seattle, WA	2015-05-08	I love Click and it's service. I think it's important to have a local option.
mark craypo	Tacoma, WA	2015-05-08	Click is a good thing for Tacoma. Let's keep it local.
Andrea Shapiro	Tacoma, WA	2015-05-09	Click! provides great service at a reasonable price.They also provide Tacomans with decent salaries and benefits.
Matt Nutsch	Fort Worth, TX	2015-05-09	I am a former resident and current Tacoma property owner. If you privatize Click then it is only a matter a time before the new owners sell out to Comcast. Your residents will then be stuck paying twice as much for internet and television. Look at any other market in the country where internet is not a public utility. Greedy cable companies take advantage of consumers by establishing monopolies on high speed internet.
Ruth Annette Munoz	Tacoma, WA	2015-05-09	Click! Cable TV offers Tacoman's and Pierce County residents an important choice for cable TV and internet access. For many years, I have enjoyed excellent service from both Click! and Advanced Stream. Please do not sell Click! Cable TV to an outside entity. If you come to the conclusion it must be separated from public ownership, then please accept Rainier Connect's offer, which at least keeps ownership and jobs LOCAL. Thanks for your careful consideration.
Eric Wirsing	Federal Way, WA	2015-05-09	Public utilities are vital. Corporations don't care about people.

norma owens	Tacoma, WA	2015-05-09	All options have not been explored. Lower prices like Comcast does for 2 yrs and get back those 2000 plus customers you list when you increased prices. If each household includes the local ISP you make more profit.
Dorothy Addington	University Place, WA	2015-05-09	I like having a CHOICE of what cable network to use - COMCAST is a giant bloated greedy bully.
Kimberly Williams	Tacoma, WA	2015-05-09	Click! is the best!!! I've been with y'all since the beginning. I will go without cable before I switch to anyone else.
Deborah Lewis	Tacoma, WA	2015-05-09	I love click!
Pamela lehtimaki	Tacoma, WA	2015-05-09	I want to sAve click
Robert Anderson	Tacoma, WA	2015-05-09	It's a high quality, all around better option than the big box chains like Cox/Comcast who just want to monopolize the system.
Lawry Condon	Tacoma, WA	2015-05-09	People need secure options, especially in this day and age.
Shannon OLeary	Tacoma, WA	2015-05-09	Keep the amazing service LOCAL.
chad wirkkala	tacoma, WA	2015-05-09	Please don't Do this ..please
Sarah Scrivano	Tacoma, WA	2015-05-09	"Buying local" is a phrase that is supposed to mean supporting local industry and businesses. How can we not support the very localized Click network and still say that "buying local" is still valid? With Click being sold to outside corporate interests, it will no longer be local or belong to the public in the way it does now.
David stuefen	Tacoma, WA	2015-05-09	I'm a click customer
Justin Moore	Tacoma, WA	2015-05-09	i have family that works for CLICK and might lose their job
Wendy Richards	Tacoma, WA	2015-05-09	I have click and love it
Brenda Trapp	Tacoma, WA	2015-05-09	I LOVE CLICK!?!?
Debra Chase	Tacoma, WA	2015-05-09	I enjoy having the option of getting affordable cable without paying extra to get my favorite channel, TCM.
Mary Ann brosnahan	Tacoma, WA	2015-05-09	I am a click customer
Jennifer Chin	Tacoma, WA	2015-05-09	All Tacoma utilities should remain publicly owned!
Krista Sullivan	Tacoma, WA	2015-05-09	I'm signing because we need to keep smaller businesses such as Click, in the Tacoma area.
Melanie Trondson	Tacoma, WA	2015-05-09	I'm signing because I don't want Comcast to monopolize the market. They keep raising their rates and the reception on PBS channel 3 and channel 7 has been atrocious the last several days. I'm thinking very seriously of changing over to Click!
Jered Ierum	Tacoma, WA	2015-05-10	click has always been amazing and wave and Comcast are horrible.
Karen Furbush	Tacoma, WA	2015-05-10	I already have Click in my home.
Nancy Hamilton	Tacoma, WA	2015-05-10	I am very happy with the service I receive through Net Venture. I think Click is a valuable public asset and DO NOT want to see it privatized.
mike brooks	Tacoma, WA	2015-05-10	I am a longtime Tacoma resident and take a lot of pride in my city and the investment done in Click. Turning click over to a private firm would NOT be in the best interests of our citizens.
kelly long	Tacoma, WA	2015-05-10	Click is a great service. No issues and greatly affordable
Sean Gill-MacDonald	Tacoma, WA	2015-05-10	Click is still my favorite. Don't let money rule the world. Local is good!

Tamara Saarinen	Gig Harbor, WA	2015-05-10	I may not live in Tacoma, but I love that the city owns the broadband there. Stop privatizing all the good things government does, and let your citizen's enjoy this great public utility. I wish Gig Harbor would start it's own broadband. I'd rather support my city, then some corporation with bad customer service.
Steve Overman	Tacoma, WA	2015-05-10	This belongs to the municipality, consumers have more options regardless of private companies.
William and Kristine Johnston	Tacoma, WA	2015-05-11	I believe in public utilities and I think is something really underhanded going on here.
Kit Burns	Tacoma, WA	2015-05-11	Click is a community asset and benefits all of Pierce County - once it expands.
Jake Booker	Tacoma, WA	2015-05-11	I love Click, don't take my Click!
Heather Jones	Tacoma, WA	2015-05-11	I'm signing because I love Click. I have been a Click customer for almost 10 years and will never change to another company. No matter what promotion they have offered me to seith. Please keep Cluck local.
Bruce Martinez	Tacoma, WA	2015-05-11	I love Click great service and great people.
Jessica Dally	Tacoma, WA	2015-05-11	I'm signing because I recently moved here from Seattle where we had no choice of Internet providers. My internet here is faster, costs a reasonable amount and I have choices. Click is now considering leading off their service to a provider with customer review scores that are absolutely atrocious. Tacoma can do better. Learn from Seattle's mistakes, don't duplicate them!
Joshua Parmenter	Tacoma, WA	2015-05-12	I believe in cable and internet as a public utility.
Shannon Fraser	Tacoma, WA	2015-05-12	I had Click for about a year at an apartment here in Tacoma-when I am looking for my next home I want it to be in a Click service area, the "big guys" are way too expensive and have no customer service at all! Keep our neighbors employed and give consumers a budget-friendly option!
Ed Failor	Tacoma, WA	2015-05-12	Im signing because big decisions should be made on sound factual information. Click creates competition and is what makes Tacoma unique. I would like Click to stay in business.
Christine mcgrath	Puyallup, WA	2015-05-12	a bright light of customer service and care in a very dark customer world- I have mentioned click often to others
Cristy Haner	University Place, WA	2015-05-12	We made the choice many years ago to support Click and not use the mega-company, Comcast. To lose this local resource would be a shame.
Ronald Adkins	Tacoma, WA	2015-05-12	I like Click! and I've been with it for decades.
Margaret hannignsn	Tacoma, WA	2015-05-12	Click is a valuable piece of Tacoma. Let's expand it. Not sell it.
tracy prezeau	Tacoma, WA	2015-05-12	i have been a Click customer since their inception. I value their service and the local jobs it provides. I want to retain access to this public service.
Tom Ripley	Tacoma, WA	2015-05-12	Click has provided first rate service compared to the largest competitor
Allegra Frank	Tacoma, WA	2015-05-12	Competition is good for all.
ron Haggstrom	Tacoma, WA	2015-05-12	I smell a rat.
Lori Lovell	Puyallup, WA	2015-05-12	I'm signing because I had Click! when I lived in Lakewood a couple years ago and loved it! I wish it was available all over Pierce County. I think it's too bad that most people only have the choice of Comcast, which is a rip off or the two Satellite Providers.
Julianne Owen	Tacoma, WA	2015-05-12	I'm signing because I like Click! and all of the employees . Don't want to see any changes .

Name	Location	Date	Comment
Gretchen Smith	Puyallup, WA	2015-05-12	I would like more cable Internet options. I am paying too much for Comcast. I had Click when I lived in Tacoma and loved it. I would like to see it thrive and spread throughout Pierce County.
Donna Dorian	University Place, WA	2015-05-12	Comcast is awful! Price gouging and lousy customer service. Click is awesome and treat people courteously and everyone is extremely pleasant. Leave CLICK alone!
Felicia McDaneld	Tacoma, WA	2015-05-12	I love Click . they have been really reliable and if I call customer service they are super nice.
s barnett	tacoma wa, AL	2015-05-12	Our public investments shouldn't be given away to corporate profits
William Cortes	Tacoma, WA	2015-05-12	Click! helps keep big cable (Comcast) in the area lower by comparison to King County by creating competition in an otherwise Monopolized Industry. This helps protect the constituents pockets while providing a viable alternative to Comcast. Other Counties in WA should follow this example now more than ever since the FCC rules have changed by reclassifying the internet as a public utility.
Steve Wolbrecht	Tacoma, WA	2015-05-12	I'm signing because full disclosure is a good thing.
Tom Lottie	Tacoma, WA	2015-05-12	I am against the Take-over of small companies by giant companies attempting to monopolize this industry. Click has always been a reliable, cost effective and local. Click was the trail breaker and trend setter in fiber. Tacoma had terrible service from the other companies, that now would buy Click. Now They want to step in and do it again. Don't let it happen, please!
Esteban Aguilar	University Place, WA	2015-05-12	I'm signing because I like the customer service and would rather give my money to a local company than a multcorp.
Beverly Bowen-Bennett	Lakebay, WA	2015-05-12	I am a satisfied click customer and want very much to have my public utility provide my cable access
Jennifer Jones	Tacoma, WA	2015-05-13	I've been a loyal customer of theirs for years and don't want any changes to the service or support I've grown to love. Leave Internet in Tacoma alone. It's the best I've ever experienced.
Joel Vogt	Tacoma, WA	2015-05-13	I'm signing because I believe in public ownership of this utility and want to see a proper accounting of the profits and liabilities of the cable system separate from the other units of TPU before such any such sale.
Jean Ramey	Farmington, NM	2015-05-13	Have used Click since the beginning and the service has been reliable. Neighbors using comcast have frequently had tv and internet problems
Jess lantz	Tacoma, WA	2015-05-13	KEEP Click! Tired of people screwing with a good thing!
Warren Page	university place, WA	2015-05-13	As in some of cases, elected officials can take a viable entity and either through lack of knowledge or greed, screw it up for the rest of us. You would think that since we elected or hired them to look out for our best interest and provide good service at a reasonable price, they would be fine tuning our product rather than selling it to a company based only on profit margins. As of November 2014 Comcast customers in Tacoma, where Comcast competes with Click, pay \$16.50 less per month for basic 88 channel service, compared to Comcast customers in the rest of Pierce county, Even Comcast customers would be smart to support Click and continue to save \$198.00 per year because Click exists. Go Click!!!
Alton Sierra	Tacoma, WA	2015-05-13	Public owned utilities need to be defended, people rely on the internet for work, school, and business. Private companies have to appease their shareholders and can not be ran as cheaply as a public owned institution.
Stacy Roubidoux	Tacoma, WA	2015-05-14	I love advanced stream and the price

Name	Location	Date	Comment
David Abercrombie	Tacoma, WA	2015-05-14	As an owner of the Tacoma Power Utility I am not in favor of the sale of one of its major assets.
JJ Kim	Lakewood, WA	2015-05-14	I want to keep the low rate
Angela Whittier	Tacoma, WA	2015-05-14	Click is a great company no issues and is affordable. If I didn't have click my family would not have cable as we could not afford it. You can tell click is for their customers not just the money!!!
amber bazan	Tacoma, WA	2015-05-14	I want Click To Remain Click Cable.
kathy culver	Tacoma, WA	2015-05-14	I intentionally bought my past 3 homes where click was a service. I did this because it's a local company, fantastic customer service, superb and friendly company.
Betty Ann Garside	Tacoma, WA	2015-05-14	I want to keep the Click network in Tacoma
belinda burns	Tacoma, WA	2015-05-14	I feel that CLICK is a great service for Tacoma. Not only does it provide a great service but it keeps Comcast honest. Competition is healthy and selling out to them we could be a huge disservice to Tacoma residents.
Christopher Soran	Tacoma, WA	2015-05-14	I am an Advanced Stream customer and I do not want it sold to a private company.
Brian Nelson	Tacoma, WA	2015-05-14	I am a TPU, Click, and Advanced. Stream Internet customer. I do not want corporations to control my cable and Internet. We built it, we should keep it.
A Dahlen	Tacoma, WA	2015-05-14	I'm signing this petition because I like the idea of giving my business to my local community instead of big conglomerates who care nothing about my community. I have always received the best in customer service from everyone at Click!, contrasted by the rude and poor service received from Comcast. Please keep this important service local.
Eric Sturgis	Tacoma, WA	2015-05-14	Having the city and the people own the utilities here in Tacoma is one of the only reasons I stay here. We are different and we should stay that way.
Paula Marsh	Tacoma, WA	2015-05-14	Give us a break! I finally found a utility company that I like and is responsive. I used Comcrap and others before. They were impersonal and price gougers. For once can we please not be subject to the pursuit of the almighty dollar?
Fred Van CAmp V	Tacoma, WA	2015-05-14	I enjoy Click! If it is sold I will leave!
Mark Manning	Tacoma, WA	2015-05-14	i'm signing this because I enjoy & support my local cable & internet service.
SHEREEN COTTON	Tacoma, WA	2015-05-14	I LOVE CLICK. I LOVE ADVANCED STREAM. VERY FEW HONEST COMPANIES LEFT!! I always get great prices, service and friendliness....like calling a family member when I call Advanced Stream! PLEASE DON'T GO!!
Ingrid Clarke	Tacoma, WA	2015-05-14	Supporting click
Kindra Leinfelder	Tacoma, WA	2015-05-14	I LOVE click!
Alex Cornejo	Tacoma, WA	2015-05-14	Great reliable service
Richard Garrett	Tacoma, WA	2015-05-14	I prefer to invest in our community for a change. Click! provides a good service at a fair price, and the money stays in Tacoma. Corporate cable and Internet companies are out of control and have far too much influence in not only the media industry but also in the industry regulators. Click! is more sensitive to the consumer's voice than the competing providers. It's worth the time and effort of the City Council and the PUB to preserve this arrangement for Tacoma.
Jake Brooks	Tacoma, WA	2015-05-14	Why do you ask?
jeremy simpson	Tacoma, WA	2015-05-14	I stand behind small business. Local business.
Marcella Kennedy	Tacoma, WA	2015-05-14	Click Network has great rates, and my bill does not unexpectedly change. Customer service is awesome always..

Name	Location	Date	Comment
Mickey Johnson	Tacoma, WA	2015-05-14	Tacoma municipal internet service shouldn't be sold off to some private network. There is a reason the people here support the click network instead of going to comcast: local service providers that actually care about their customers instead of a national corporation that couldn't give a shit about us and only care about money. Our system should be an inspiration to other municipalities and we should build on what we have to improve it.
daniel downie	Lakewood, WA	2015-05-14	this is a great service.please dont let private companies ruin it!!!!
Jason M	Tacoma, WA	2015-05-14	Competition helps to keep prices low, and forces innovation and better service.
Marissa Bradshaw	Tacoma, WA	2015-05-14	I'm a fan of the affordable services Click! provides and the great employees.
Kianoosh Asrari	Tacoma, WA	2015-05-14	please save the Click
Karin Dalesky	Tacoma, WA	2015-05-14	Click! is a terrific local choice, and the staff is so helpful and friendly. I would hate to see it absorbed by some mega-corporation that isn't interested in providing good customer service.
brandon talley	Tacoma, WA	2015-05-14	I love click.
Louisa Beal	Fircrest, WA	2015-05-14	I have my internet connection through Advanced Stream. I love that they are local and that when I call, I always get a real person to help me. I never get stuck in a phone menu loop. Please keep this public asset.
dean simmons	Tacoma, WA	2015-05-14	Prices will rise tacoma will loose in the end and taxes will rise
Ken Coller	Tacoma, WA	2015-05-14	Click! Network is infrastructure that should not be owned or managed by a for profit entity.
Brad Wachter	Tacoma, WA	2015-05-14	X
Michael Craig	Tacoma, WA	2015-05-14	We need to keep our public utilities PUBLIC, the people are much better served by not allowing corporate interests to hijack a system that works well and provides a great service at reasonable prices. I vote no on privatizing our internet.
Michelle Flaten	Tacoma, WA	2015-05-14	I'm signing because we need to keep local businesses local. Please listen to the people who choose to give their business to local companies not major corporations.
Ben Chisholm	University Place, WA	2015-05-14	I am a current user of click. When I lived in Tacoma in the past I could not afford another option to keep the tv on - click is what allowed me to have basic cable and a cell phone plan. Sure prices will stay the same for a while, but they will skyrocket in a couple years and the basic coverage will again be out of reach for many people.
Charles Lee	Tacoma, WA	2015-05-14	There's no reason to sell. Can't believe what they're trying to get us to believe!
Levi Whitley	Tacoma, WA	2015-05-14	Monopoles hurt free trade and consumers.
Heidi Hamlin	Tacoma, WA	2015-05-14	I would be sorely disappointed to see Click go.
Kjersten Klinginsmith	Tacoma, WA	2015-05-14	I get free Click cable TV included in my rent! I love it! I also love the Click movie nights in the parks and at the Grand Cinema! Please don't sell Click!
Cathy McCaa	Tacoma, WA	2015-05-14	I've been especially happy with Click's & Advanced Stream's service. I've been with them from the beginning. I've heard nothing but bad things from customers of the commercial companies. I do not wish to go commercial.
Paul Gillespie	Tacoma, WA	2015-05-14	We should not sell off our valuable assets. Click keeps everyone in Tacoma's internet and cable bills low,I because it prevents private monopolies.
Claudia Young	Tacoma, WA	2015-05-14	I chose Click because it is local and not a huge corporation. Hoping to keep click as my cable provider
Gabriel Ruiz	Lakebay, WA	2015-05-14	Fuck business-stifling corporate monopolies

Name	Location	Date	Comment
Katrina Schneidt	University Place, WA	2015-05-14	I have click BECAUSE they are not "big cable". I left Comcast because of their terrible billing practices and the fact that they don't care about their customers. I'd hate to see Click go the same way and have to find yet another cable company.
Kathleen Waters	Piedmong, CA	2015-05-14	Click! was a public investment using public funds. If Click! is sold, the fibre optic network will no longer be available for low cost internet. Low income people will be cut out of two avenues of information.
Mary Winter	University Place, WA	2015-05-14	I love Click! Would rather pay a local municipality than a private cable company. I detest Comcast. Please keep Click!
Rondi Boskovich	Tacoma, WA	2015-05-14	It's important for Tacoma.
Nirvan Hope	Tacoma, WA	2015-05-14	Please do not let Click!Network be privatized! I love my Click!Network just as it is!
Marshall Hampton	Tacoma, WA	2015-05-14	Both companies that are bidding on this purchase have said they are not interested so much in the cable TV side of the business, but the Internet. The valuable Internet is what they want and what I want to stay out of their hands. If these companies think the asset is valuable enough to bid against each other, then that tells me all I need to know. Keeping Click! in the hands of the citizens of Tacoma is not a losing position, but a winning position.
Ben Price	Tacoma, WA	2015-05-14	Click! has the best service thanks to being local. I love supporting the local region and getting a superior product.
Holland cohen	Tacoma, WA	2015-05-14	i hope we can have click as an option at some point in Ruston.
Gigina Gant	Federal Way, WA	2015-05-14	I love Advance Stream!!
Janel Turner	Tacoma, WA	2015-05-14	I have had click for so many years and want it to stay Tacoma based
Dean McAuley	Tacoma, WA	2015-05-14	Keep our Click local, stop giant corporations from taking our local companies
William Griffin	Tacoma, WA	2015-05-14	Short and sweet, STICK WITH CLICK
Brianne Harvey	Tacoma, WA	2015-05-14	I believe in local business. Click is an asset to the Tacoma community. I would be greatly disappointed if it were sold to a private business. Especially considering the rates that business would likely sell cable at. Please protect the customer friendly business that serves the Tacoma community well. Keep Click!
Ted Laurent	Tacoma, WA	2015-05-14	I believe that privation of this resource will actually suppress, rather an spur innovation. Tacoma is supposed the the most wire city in america. Let's not give those wires away!
Kathleen Makenas	Tacoma, WA	2015-05-14	Nice to have choices.
soyath mey	Tacoma, WA	2015-05-14	So yah Mey
Levi Waggoner	Tacoma, WA	2015-05-14	I value a public cable option.
Nina Hoppen	University Place, WA	2015-05-14	I love having a TPU option for so much of my life.
John Gulczynski	Tacoma, WA	2015-05-14	Click! Should be broken off as a public utility separate from Tacoma Power and managed as such. Making it private is wasting a valuable optic fiber resource paid for with public funds.
David Wichman	Tacoma, WA	2015-05-14	I've been happier then with previous carriers.

matthew kiepert	Fircrest, WA	2015-05-14	signing because click has solved every issue I have had with my internet and over the last 2 years that has only been 2 problems compared to other companies I have used. They also provide a decent priced service compared to other companies that charge significantly more for the same service.
Kara Holt	Tacoma, WA	2015-05-14	We love Click. We have heard horrible things about other larger companies. We like a small option.
Katia Satterfield	Tacoma, WA	2015-05-14	I value the choice I have in Tacoma for local cable and internet! In full disclosure, I do not subscribe to click's service. But through them, I subscribe to a local ISP.
Vincent Crocco	Tacoma, WA	2015-05-14	I'm signing, because I would hate to loose my high speed internet from Advance Stream. I am so tired of Comcast running the show. I've always thought we are lucky in Tacoma having Click.
Dickson Peggy	Tacoma, WA	2015-05-14	I don't believe Click! is the main cause nor reason why it appears to be a losing entity within Tacoma Power. Speak directly with the Finance group who actually prepare the financial statements. An old car needs to be maintained to keep running. It seems Bill Gaines has neglected to even want to keep Click! operating properly just so he can make it look like it needs to be put into the scrap yard. Private industry for out local cable company is a big mistake. Please don't let them sell Click! Thank you.
Lisha Song	Tacoma, WA	2015-05-14	I love supporting local businesses and the customer service at Click! has always been wonderful. That will go away if a big corp takes over.
Eugene Hobbs	Tacoma, WA	2015-05-14	I like the services of my ISP.
Michael Mussio	Tacoma, WA	2015-05-14	I believe in local business increases accountability and community involvement.
Vincent Davis	Renton, WA	2015-05-14	I do not want Comcast or any other big cable conglomerate to monopolize our cable. Keep small companies. Keep the competition.
Peggy Johnson	Tacoma, WA	2015-05-14	I don't want see my cable company change I have been with it for very long time. I feel comfortable being able to walk into my utilities company and be able to address my cable problems plus pay my bill
Kay Treakle	Tacoma, WA	2015-05-14	I like having a public utility providing this service and making money at it. I think service will actually decline if it is taken over by the private sector.
Audrey Jacobson	Tacoma, WA	2015-05-14	I'm glad to support local workers who always provide patient and great customer service. Let's be Tacoma proud.
Michael Moore	Tacoma, WA	2015-05-14	Click works.
James Vande Berg	Tacoma, WA	2015-05-14	I do not.... Do not.... Do not... Want to see such a great company sold away. Tacoma is very fortunate to have options. Do not let that go away. This is very important to me. Please keep click
Steve Hjelmstad	Tacoma, WA	2015-05-14	Click was built with taxpayer funding for the benefit of the taxpayers and the city as a whole. The decision to privatize or not should be the taxpayers.
Hannah Lovelady	Tacoma, WA	2015-05-14	I chose Click and pay a bit higher rates BECAUSE it was owned by my town. If Comcast owns it, I won't use it.
Hailey Forbes	Tacoma, WA	2015-05-14	Reasonable rates, great service!!
Adam Lovelady	Tacoma, WA	2015-05-14	picked Click out of all the other options so I could help support my own town. always try to support local.
Randy Hecker	University Place, WA	2015-05-14	I have been with Click! since 2002 and have never had an issue. Probably the best cable provider out there.

Brittin Shauers	Tacoma, WA	2015-05-14	I despise Comcast
Brian Graber	Tacoma, WA	2015-05-14	I do not want click sold
Miguel Hidalgo	Tacoma, WA	2015-05-14	Click is one of those things that makes us proud of our city. It helps me to show off what a good city we have. In contrast, just notice how people from elsewhere react when asked about their cable company. It's value is more than the revenue that comes in the front door. Keep Tacoma attractive.
DENNIS T SMITH	Tacoma, WA	2015-05-14	CLICK IS TACOMA, ALL ABOUT TACOMA. NOT CENTURY LINK OR CRIMECAST
Dwayne Jagoda	Tacoma, WA	2015-05-14	I am a click subscriber, and putting this into public hands will allow a monopoly to buy it and reduce the choices I and everyone in Pierce county have. Don't take away our choice...
Brian Cheeseman	Tacoma, WA	2015-05-14	I'm signing because the whole point of having Click is not having to give money to a crappy cable company.
Michael Maratas	Tacoma, WA	2015-05-14	I believe Click should stay public and in the hands of the city.
Ralph Holland	Tacoma, WA	2015-05-14	A " quick fix " is usually an excuse for poor management and internal accounting controls. All Tacomans need an true & accurate accounting of Click profits, losses, expenses, etc.
Patrick Taylor	Tacoma, WA	2015-05-14	I like to support local business and enjoy the type of customer service vs the large companys.
Michelle Smith	Tacoma, WA	2015-05-14	I refuse to give another penny to these giant conglomerates who monopolize everything. I am thankful for the option to use the Click network and if we sell it off to a giant company then the little guy loses once again. Please don't allow that to happen
Ada Belle Davis	Tacoma, WA	2015-05-14	I love being part of this local company
Jack Daniel	Tacoma, WA	2015-05-14	The click network needs to be used to monitor the various electrical and service meters installed in Tacoma PUD. They should not be operated by an independent leasing company.
William Erickson	Olympia, WA	2015-05-14	click is great!
Heidi Huston (McEwen)	Tacoma, WA	2015-05-14	I am a strong supporter of Click Network.
Tim Larson	Tacoma, WA	2015-05-14	I have been a long time click customer because I want to keep my money local. Click is city owned and operated, and as a part of our city provides income to its local employees. Click for a long time has been one of the many things truly unique about Tacoma and is something for our city to be proud of. It is much more than just a cable utility. With the growth and improvements happening all around this city it doesn't make sense for a local government entity to eliminate itself and sell to a for profit company. Our public transportation is a mess, with no sustainable future. If we're going to start off loading the services that make this city unique, after we sell click are we going to give up on our light rail service as well and sell that too?
Harvey Bever	Tacoma, WA	2015-05-14	If Click sells out, we will have ultimately have less choices. Whoever buys will at some time get gobbled up by that horrible corporate giant , the dreadful Comcast.
margaret york	Tacoma, WA	2015-05-14	we need click-- i think it's great that tacoma runs it's own network--it seems that the cable portion can eventually be phased out-- if people have access to affordable high-speed internet they can get access to every kind of entertainment, news and education that they could possibly want. i think click is a valuable city & community asset and it would be short-sighted to give it away.

David Willis	University Place, WA	2015-05-14	I love Click.
Julie Reil	Tacoma, WA	2015-05-14	Having a local cable choice is important to our city. The big brands just don't get it.
Andrew Wilson	Tacoma, WA	2015-05-14	Starting Click! was one of the best things Tacoma ever did for itself. Keep it.
Christine McMullin	Puyallup, WA	2015-05-14	We switched to Click! from Comcast and couldn't be happier with the service and COURTESY we've received from Click! A great example of this is when my husband went to the Click! offices to get a new DTA for our guest room. He was able to get in and out of the office within 10 minutes, and most of that time was spent talking to the cheerful and helpful customer service rep. In the past, we've gone to Comcast's customer operations offices and had to wait in an interminable line for up to 45 minutes only to have the clerk be unable or unwilling to completely help us. I fear selling to a larger company will put us in back in the same boat we were in with Comcast.
David Artis	Tacoma, WA	2015-05-14	I would be tragic to see Tacoma's cable system be swallowed up by a "for profit" Entity.
John Franich	Tacoma, WA	2015-05-14	I like having a real human to work with.
David Watkins	Tacoma, WA	2015-05-14	there are enough monopolies out there right now. one this is in the hands of a private biz there will be nothing but rate hikes to satisfy the stock holders. The system isn't broke quit trying to fix it.
Keith Joines II	West Haven, CT	2015-05-14	Click! is extremely valuable and important to the residents of Tacoma. It needs to be protected and kept local.
John Nelson	Tacoma, WA	2015-05-14	I want Click! to stay public and stay committed to the citizens of Tacoma.
Maxine Craighead	Tacoma, WA	2015-05-14	Click has been the best service we've had, and when there is a problem, they are easily accessible and readily available with their help. I especially like that they can give good instruction from the phone instead of waiting for them to come to our home.
shawn walton	Tacoma, WA	2015-05-14	keep it local
roman maslov	Tacoma, WA	2015-05-14	It's a great option for Internet service. I can only get click and comcast where I live, and click is amazing compared to comcast. Please do not sell Out! Comcast is greedy and not trustworthy. On top of that, this business is actually profitable!
Zlata Vukcevic	Seattle, WA	2015-05-14	I do not want Click to fall into the hands of a private company. The prices for services click provides will increase-like another comcast i DO NOT want. WAVE has plenty of bad reviews on "yelp". BAD service from comcast & wave.
Mike Piechowski	Tacoma, WA	2015-05-14	Choice is paramount. I have supported Click! since the beginning, and will continue to choose local as long as I can. Click! provides better support, exceptional customer service and a superior product when compared to the nation-wide media conglomerates that are only driven by their profits.
Todd Scheidegger	Tacoma, WA	2015-05-14	The prices have remained stable since I moved here from Minnesota. A merger with a larger corporate entity would only invite someone like Comcast to move in and take over.
June Kilgore	Tacoma, WA	2015-05-14	Click should remain a public asset.
Jim Jackson	Hayden, ID	2015-05-14	It makes no sense to sell off a valuable public asset to corporations and companies that would hike rates on individuals who already are struggling to get by. Keep our public utilities public!
Jennifer Palacios	Tacoma, WA	2015-05-14	I want to keep Click!

susan mathews	tacoma, WA	2015-05-14	I LOVE click and it would be terrible to change it. Please please don't sell out!
Virginia Lease	Tacoma, WA	2015-05-14	Keep service local
Ricardo Nieto	Tacoma, WA	2015-05-14	I don't want lose a local company with great, immediate, and accommodating service to a private corporation that won't answer their phone or give me the run around when I have a question or a concern. I also don't make a lot of money, so if I can keep my cost down, I can live fairly comfortably. I'm worried this change may force me to buy some expensive service bundle just so I can have access to the internet. Please don't let this happen to me or anyone else.
Beth Baxter	Tacoma, WA	2015-05-14	Comcast needs to stop monopolizing the industry. They charge too much (not to mention they are a HORRIBLE company) and know they can get away with it because there is no alternative for most people. PLEASE KEEP CLICK. We don't want to be stuck with Comcast!!!
Luke Meyers	Tacoma, WA	2015-05-14	I want click-network to keep its current ownership.
Melanie Kirkstauffer	University Place, WA	2015-05-14	Click needs to remain public and not be lost as an asset to our community
Carole Galloway	Tacoma, WA	2015-05-14	Tacoma started Click for local customers and should keep it. Too many cities are turning their utilities over to private companies and losing money out of their coffers.
Ted Kleinheinz	University Place, WA	2015-05-14	Keep Click as it is!
Charmaine Norton	TACOMA, WA	2015-05-14	I agree that we need to keep Click out of private hands.

marilou picardal	Lakewood, WA	2015-05-14	Pls. keep our Click this will support our community and our valuable employees.
Michael Provenzano	Seattle, WA	2015-05-14	Please keep Click! public. Private companies to do not have the same level of service or care as a public entity. Large private entities already control the vast majority of communication services. Keep Click!, and stay public!
Alyssa Sagers	University Place, WA	2015-05-14	I'm signing because comcast is horrible and people should be allowed better options than that huge corporation!
Lisa Dyer	Tacoma, WA	2015-05-14	I am against private companies taking of control. I am very happy with Advanced Stream and their very reasonable rates, which they have due to their non-bureaucracy.
Andrea Young	Tacoma, WA	2015-05-14	I have been a subscriber of the other available options in Tacoma and have friends that currently have Wave. None of which provide the high level of service that Click does. Please keep Click.
Neal Whitson	Tacoma, WA	2015-05-14	I have always had excellent service and find CLICK to be pleasant to work with. Any problem I have were always addressed with speed and professionalism. I feel CLICK is a great company and an asset for Tacoma residence. I couldn't be happier. I DO NOT want a big company taking over. All this will mean is a reduced level of service and higher prices. Period.

Sheila Loyd	Tacoma, WA	2015-05-14	Click is our alternative to big corporate service providers like Century Link and Comcast who lie, cheat and steal from their customers. Keep Click available to us so we don't have to keep reporting the others to the Attorney General's office and the Better Business Bureau.
Steven Owen	Tacoma, WA	2015-05-14	I care about quality of service, and prices.
Michael Compton	Tacoma, WA	2015-05-14	Lets keep our public utilities PUBLIC. Don't sell out to private companies so they can make a profit on our public utilities.
Sally Radford	Tacoma, WA	2015-05-14	i do not want to endorse a private ceo lead company taking over.
Laurie Nelson	Tacoma, WA	2015-05-14	Click! Network, which rescued citizens from the 1990s cable monopoly, must be saved. This talk of privatization follows the exorbitant fees set by local TV stations. Our politicians need to address that issue. (Seriously, give Click! subscribers rabbit ears for local channels.) Please figure this out! Keep Click! a public asset.
Steve Deardorff	Tacoma, WA	2015-05-14	I dont want to have to go back to comcast or centurylink
Jennifer Cravens	Tacoma, WA	2015-05-14	There is no reason to sell/lease the Click utility when it is ACTUALLY making money and on the verge of paying back the entire cost of the entire fiber optic system of Tacoma in the next 4-5 years. Why does Click have to pay? Tacoma Public Utilities already owns the fiber optic network? The fiber optics were never intended to be solely used for Click. Just because the Public Utilities isn't using it now doesn't mean that Click should pay for it. That was never the arrangement or agreement. Its fishy and I don't like it.
alex jones	cottonwood, ID	2015-05-14	we need local businesses
Gladys Severson	Tacoma, WA	2015-05-14	I want Click to continue being my Network.
Timothy Woodin	Tacoma, WA	2015-05-14	I've been a very satisfied customer for close to 15 years. Their exceptional provided services contributed greatly for me stay/live in the tacoma/click vicinity
Linda Jadwin	Tacoma, WA	2015-05-14	I have been a customer since Click! came into existence and am proud that our city serves its citizens and does not make us deal with giant corporations who do not hire as many local people nor do they support my neighborhood like Click! Aren't we the number one wired city??? Shame on the City of Tacoma for abandoning so many small businesses because they do not want to continue with their promises to their citizens.
Will Holman	Tacoma, WA	2015-05-14	I am signing because I don't want anyone messing around with Advance Streams. Its find just like it is.
Kim Sullivan	Tacoma, WA	2015-05-14	This is all wrong and shady
Kristi Gaimster	Tacoma, WA	2015-05-14	I love Click! Their customer service is professional and their service reps provide that personal, friendly touch. When I have to contact other companies on behalf of my elderly parents, I absolutely dread dealing with Comcast/Xfinity, Direct TV and Century Link who never seem to provide a straight answer, but instead try to "up sell" on products and features. I feel so fortunate, compared to my friends and family who do not have access to Click!, that I have this rare opportunity to have a cable provider that is small and part of my city municipality. Please do not sell Click!
Richard Mangan	Virginia Beach, VA	2015-05-14	I don't agree with corporate takeovers of public assets.

Sue Butkus	Tacoma, WA	2015-05-14	It has been an asset to have Click in Tacoma. While there has been a move across the country to privatize public services, I think that it would be a mistake to privatize the Click Network. It would likely mean that value local dollars will go out of town and even out of state.
Cora Artz	Tacoma, WA	2015-05-14	Click! is important to our community as an affordable alternative to private cable companies.
Matthew weaver	Lakewood, WA	2015-05-14	Click is totally hassle free, complete opposite of huge private companies. It is also a valuable resource.
Wayne McCoy	Tacoma, WA	2015-05-14	I've been with the big providers and all I've gotten from them is less service and higher bills. I love Click! I love that it's owned by my city.
Shelley Munnell	Tacoma, WA	2015-05-14	I love that Tacoma was forward thinking enough to make the internet a utility. Please don't let corporations take over, raise the rates and destroy the service.
Patricia Freeman	Tacoma, WA	2015-05-14	I appreciate the privacy Click and Advanced Stream provides me.
Jacquie doss	Tacoma, WA	2015-05-14	I believe in Shook and what Mrs. Mitchell Shook is standing for. I fully support this petition.

Richard Swank	Tacoma, WA	2015-05-14	Keep Click
Anne Roberson	Tacoma, WA	2015-05-14	I have been very happy with Click. They are responsive even when there was a slide years ago at Salmon Beach. No other organizations were willing to help get us back up and running. Why change when Click does a very good job and are a proven provider.
Richard Anderson-Connolly	Tacoma, WA	2015-05-14	Keep Click...Replace the leadership of the Public Utilities Board.

janet lepore	Tacoma, WA	2015-05-14	I want to stay with a company that has provided reasonably priced, excellent service to the senior community.
Jason Fortuny	tacoma, WA	2015-05-14	Wave Broadband and Click! are each subpar, mediocre service providers. But when you combine two truly awful companies, you get what's called the N-squared problem: one large, unmanageable, utterly incompetent organization that will fail its customers and community in unprecedented ways. Don't let that happen. Keep Click! public.
Dana Peregrine	Tacoma, WA	2015-05-14	I do not want this important public utility to fall into private hands
Jeff Haufle	Tacoma, WA	2015-05-14	I joined click because I was tired of the large company mentality and control that is imposed upon us (public) Thank you, Jeff
Louis Matej	Tacoma, WA	2015-05-14	I have been an Advanced Stream customer for many many years and they have given me excellent service for a reasonable price. If it goes into private hands, I will leave and go somewhere else and probably pay much much more for less service. Please do not let Advance Stream go into private hands. Keep it what it is....a very good customer friendly internet service in Tacoma. Thank You
Schuyler Schuster	Tacoma, WA	2015-05-14	Not only does my current ISP on the Click network (Advanced Stream) provide better customer service than any other ISP I have ever used, but it is a point of pride to me that I live in a city with municipal broadband.

Penelope Douglas	Tacoma, WA	2015-05-14	I'm signing because when I moved here last fall and got Click! installed, the service was excellent. I had Comcast where I moved from, and they never did correctly install the service line to my TV upstairs despite repeated visits. The training of the technicians seemed poor. The Click! installers did a great job and everything works perfectly.
Justin Canny	tacoma, WA	2015-05-14	I appreciate that we have a viable option to the large expensive cable companies. Net Neutrality extends to the monopolization of the cable companies.
Franklin Parkhurst	Tacoma, WA	2015-05-14	This public asset is producing profit, it would be foolish to sell a profitable local business. To sell this asset would be the same as worshipping the almighty dollar and tossing the local public to the corporate dogs!
Liana Campbell	Tacoma, WA	2015-05-14	I want this public asset to remain a public asset. Click! provides affordable and high quality service. Tacoma was proudly the first fully wired city. Let us keep Tacoma's asset public and proud!
Lillie Lyman	Tacoma, WA	2015-05-14	I'm signing this because I believe that big business owns ENOUGH of our towns, communities, country.
Larry Stetson	Tacoma, WA	2015-05-14	I believe you are being short sighted to even consider this move. I have not heard any info with regard tp alternatives, such as allowing click customers to unbundle and then take the networks they want.
Gary Weller	Tacoma, WA	2015-05-14	Click! is a great public utility. Click! and Advanced Stream provide the best online service I have ever had.
Janeira StClare	Tacoma, WA	2015-05-14	City-owned cable is one of the things that makes Tacoma great.
Jeanette Skinner	Tacoma, WA	2015-05-14	I am a fan of Click! They have always been able to accommodate me. Please keep Click Alive!!!!!! J.Skinner
Scott Campbell	Tacoma, WA	2015-05-14	We need to keep this service public and responsive. Privatizing is not in the public interest.
Daniel Tennant	Tacoma, WA	2015-05-14	I like CLICK and you can talk to someone in the office..
Kelby McCall	Tacoma, WA	2015-05-14	We deserve a local choice! \$7.5 mil is great profit we need to STAY IN TACOMA!
Mark Thomason	Tacoma, WA	2015-05-14	Click! provides living wages to employees while still providing better value for the dollar to customers. Don't transfer our public utilities to private profits!
Jane Pulliam	Bay Center, WA	2015-05-15	Don't sell our Click! network it is an example of the great things a City can do for it's residents. I've been a customer of the competition, both cable and dsl, and they are simply inferior to Click!
Jeremy Bryant	Sequim, WA	2015-05-15	I do not like Comcast and I've been very happy with Advanced Stream for years.
Larry Townsend	Tacoma, WA	2015-05-15	Every time private companies take over municipal services, they do it for profit. This means our prices will soar out of reach for your faithful customers. Must it always be about greed?
Shannon Cameron	Tacoma, WA	2015-05-15	I do not believe the Tacoma City Council and Tacoma Public Utilities Board should let Click go to private companies. Click should stay Municipally owned network.
B G	Tacoma, WA	2015-05-15	We need competition and control of our networks.

Mark Ladenburg	Tacoma, WA	2015-05-15	I believe in local business. Click is an asset to the Tacoma community. I would be greatly disappointed if it were sold to a private business. Especially considering the rates that business would likely sell cable at. Please protect the customer friendly business that serves the Tacoma community well. Keep Click!
Michael krone	Tacoma, WA	2015-05-15	It's important to keep corporate companies from monopolizing business at the local level.

Katelynn Torzillo	Tacoma, WA	2015-05-15	I believe in the little guy! I'm happy with my service and don't want to see another local business be ran out by a major corporation.
Kendrick Castillo	Tacoma, WA	2015-05-15	Utilities should stay public and profits should be put back into the city not back into shareholders pockets.
GARY GLEASON	Tacoma, WA	2015-05-15	TO PREVENT LARGE CORPORATION DOMINANCE IN THE CABLE MARKET. HAVEN'T WE LEARNED OUR LESSONS FROM THE CITY POWER TAKEOVER WHEN ENRON TRIED TO BECOME A MONOPOLY AND FIXED LARGE PRICES FOR POWER.
Jeff Vlahovich	Tacoma, WA	2015-05-15	It would be a huge mistake eliminating the service from the city of Tacoma list of valuable departments. It would be a disgrace to sell off to a private corporation!!! I say No to this.
Joe Wood	Tacoma, WA	2015-05-15	I want to keep click from turning into just another version of the telcomms only interested in fleecing their customers and providing as little service as possible.
James Steel	Tacoma, WA	2015-05-15	I like Click Network and Advanced Stream. I do not want Comcast to take over all of the internet and media.
John Brown	Tacoma, WA	2015-05-15	If the system gets in private hands the price for services will likely increase.
Douglas Siverly	Tacoma, WA	2015-05-15	We don't need to help Comcast become more of a monopoly than what they already are
Lenny swanson	Tacoma, WA	2015-05-15	i don't think any program like click! Should be sold and run by a private company. The main goal of private companies are to make a profit. Eventually it will become as expensive as xfinity and then the choices would be moot. Keep click! Local!
Barrett Allred	Tacoma, WA	2015-05-15	I LOVE Click! and want to see it stay local.
Jason Johnson	Gig Harbor, WA	2015-05-15	I am opposed to public properties and utilities being taken over by private entities. Corporations, in particular, only have shareholder value to look out for and nothing to do with the greater good.
Todd Buckley	Lakewood, WA	2015-05-15	It is important for cities to take control of their public utilities and not farm them out to private interests. We don't need another Comcast charging exorbitant fees for Internet access. We have slower access than places like South Korea, yet pay much higher prices. Let's make things work for citizens instead of corporations. Get the right business plan with the right people and grow Click! to its potential. We live in the City of Destiny. Act accordingly.

Katy C Carroll	Tacoma, WA	2015-05-15	Click has always been a great company, very quick to correct problems, and has excellent customer service. Their prices are very competitive, and when I have had a worn out clicker, or device, Click has always replaced it immediately. Click isn't broken, please don't try and fix it!
Mariam Anderson	Tacoma, WA	2015-05-15	Please keel Click. No need to corporations to make our lives miserable. Keep is local. Click is the best!
Michelle Paxson	Tacoma, WA	2015-05-15	Click is wonderful! Don't loose it.
Brian Schaumann	Gig Harbor, WA	2015-05-15	It appears that false losses are causing Tacoma to give up one of its great assets.
Tiffany Arns	Tacoma, WA	2015-05-15	I like my internet company the way it is. Big companies have proven to f*ck everything up.
judy coleman	Tacoma, WA	2015-05-15	I am very happy with Advanced Stream and with Click. I want them to to keep serving my family with the excellant service they provide.
keisha jones	Tacoma, WA	2015-05-15	Because I love Clicc also I have had every company their the best hands down
max welker	Tacoma, WA	2015-05-15	I oppose selling off a successful municipal program to privateers.
John Roper	Tacoma, WA	2015-05-15	Valuable local resource
Joseph Reder	Tacoma, WA	2015-05-15	Click is an excellent cable provider. Typical political BS trying to dump it.
James Long	Tacoma, WA	2015-05-15	I will be very very displeased if they privatize the cable network. I have lived in cities where the cable was private, and the service and selection where horrible why the price was way too high. If click is privatized my vote will assuredly go to whom ever decides to run against the individuals who voted for the privatization.
Dawn Allred	Tacoma, WA	2015-05-15	We have had Click! for YEARS and I had it before I was married. I LOVE them! In my experience with other companies (not just cable), the bigger they get the less customer service oriented they are and the more they lose track of customer needs. They just aren't capable of taking care of business when they get too big. Larger companies also tend to contract out some of their services, which causes even more problems for the customer. I don't know if that happens with cable, but I HAVE dealt with a larger competing cable company and they are so large their customer service skills are completely lacking. Please, please, please don't sell. The saying "If it works, don't fix it" applies in this case. Please don't "fix" something that works so well already. Thank you!
Paul Meersman	Tacoma, WA	2015-05-15	We have been loyal Click! customers since it's inception. Tacoma residents deserve options! We do not want Click! sold!
Frank Wieck	Tacoma, WA	2015-05-15	Because the companies that a bidding on Click our less than quality companies.
Kris Rennie	Tacoma, WA	2015-05-15	I love Click! Fabulous customer service and a local company!
Monika Reynolds	Tacoma, WA	2015-05-15	I love my ClickTV. Never had a issue. Please don't sell. I much rather give my money to a local entity.Their customer service is great. Comcast is awful, the lines at the 6th Ave office are very long, most times the wait is over one hour or longer.
Dennis Means	Tacoma, WA	2015-05-15	As a Click! Subscriber, and advocate for local businesses, I would be very disheartened by a decision to cancel this service. Local companies are seriously lacking in Tacoma, so finding Click was a breath of fresh air. Please don't force our residents to use big, horrible corporations like Comcast.
Alexander Goncharov	Tacoma, WA	2015-05-15	I like Click service and pricing. Please keep it running.
Susan Lord	Tacoma, WA	2015-05-15	I have had Click from its beginning and have always enjoyed it. I have no confidence in the alternative that the city is considering.

James Griffiths	Tacoma, WA	2015-05-15	Because I want toys company to remain the same.
Samantha Yeun	Tacoma, WA	2015-05-15	I can't afford price rise every six months. I don't need fancy channels, just the ones that keep me inform of my community and whether and sports. Please keep Click where it is and the money go back to help the city for the long run.
Tia Sims	Tacoma, WA	2015-05-15	I love click and hate Comcast. Click offers great customer service, I feel like a person instead of a number. Click provides great product's to their client's
Tom McCarthy	Tacoma, WA	2015-05-15	Believe keeping Click under public control is critical to building a 21st Century Tacoma

Christi Bastian	tacoma, WA	2015-05-15	Their rates are great. They keep jobs in town. Great customer service!!
Murray Johnson	Tacoma, WA	2015-05-15	I think broadband internet has become an important public utility and cities absolutely should be in the business of providing this service to its citizens. The public/private partnership currently in place with Click and the local ISP companies is great way to do it. Keep Click local. Keep Click ours!
Johanna Thompson	Tacoma, WA	2015-05-15	Click should stay click. No private company should take it over
Frank Erickson	Tacoma, WA	2015-05-15	It is not in the charter of a public utility to make a profit, either for the citizens it serves or for private enterprise. A public utility - Click! - exists to serve the public. How will helping a multi-billion dollar corporation make more money serve the public?
annette rivers	Tacoma, WA	2015-05-15	I like the idea of owning a piece of a company I support. The service has relieved the headache of not knowing what my next bill will be. Thank you

Renee' Schenck	Tacoma, WA	2015-05-15	Like B. Harvey, I believe in local business!! Click is an asset to the Tacoma community. I would be greatly disappointed if it were sold to a private business. I chose Click! because it is an integral part of our community. Please protect the customer friendly business that serves the Tacoma community well. Keep Click!
Randy Gray	Tacoma, WA	2015-05-15	I do not want Click to sell out.
Charlene King	Tacoma, WA	2015-05-15	I started with Click because it was a Tacoma local company. I would like it to remain as such.

deborah DeWitt	Tacoma, WA	2015-05-15	I have used Advanced stream for close to 10 years. I have also used Click Cable services and they are a HUGE BENEFIT to providing great, affordable service to the people of Tacoma and Pierce County. I am adamantly AGAINST a large conglomerate buyout or takeover. I detest COMCAST, EXFINITY, DISH and all other large companies as I have been really taken advantage of all of them with poor customer service in the past and I will NEVER go back to that!! KEEP CLICK AND ADVANCED STREAM ALIVE AND WELL IN TACOMA!
Scott Warter	Tacoma, WA	2015-05-15	I've been with Advanced Stream since day 1 and have excellent customer service and very reliable internet service! Scott Warter
Fred Pritz	Tacoma, WA	2015-05-15	Let's keep Click!!

Barry Graves	Tacoma, WA	2015-05-15	I'm an Advanced Stream Customer who is pleased with the service received.
Joy Bradford	Tacoma, WA	2015-05-15	I don't want to be forced to do business with Comcast.
Da Chau	tacoma, WA	2015-05-15	I enjoy what Click! has to offer without breaking my bank. I get just what I need without having to sign up for the extra that I don't need and they try not to "sell" it to me, instead they inform me of their new products. Unlike corporate internet company like Comcast and Centurylink, they always try to sell bundle as I don't need them. Please keep Click! from being devoured by big corporations.
Anthony Marino	Tacoma, WA	2015-05-15	I am usually skeptical about a municipal entity running a for profit enterprise but Click is an exception from experience of their competitive rates and customer service. It is nice to know as a consumer, I have a choice. City of Tacoma is missing an opportunity to promote that a government entity can run a private enterprise. We should stay the course and continue what our city fore fathers (and mothers) envisioned. Its what sets Tacoma apart from the rest.
Elisha Shinn	Lakewood, WA	2015-05-15	I want Click! to stay owned by the public.
Stan Grubbs	Tacoma, WA	2015-05-15	The Click Network is a valuable asset to Tacoma
Matthew Austin	Tacoma, WA	2015-05-15	I have click for my home, office, and business and prefer their service offered through advanced stream over Comcast and centurylink. Rates through click have always been reliably consistent, whereas Comcast and century link seemed to prefer to offer the jack my price up service every 6 months.
Mike Friel	Tacoma, WA	2015-05-15	I want to keep it a better value.
Len Adams	Tacoma, WA	2015-05-15	I think Click! has offered great service, and that it was a city owned utility was instrumental in my decision to move to my residence in Tacoma, rather than choosing a home served by another cable provider.

Mark Ferguson	Tacoma, WA	2015-05-15	<p>This is far to important to allow. In private industry, there is little concern for your citizens. I listen to the nightmares of friends that live in Seattle and have Comcast and have my own nightmare with DirectTV. Essentially illegal acts where 38 states sued them, including Washington.</p> <p>We will be moving and selling our houses. You should understand that we can move wherever it is we want. We decided to buy our next home in Tacoma. A major factor in this decision was the City of Tacoma providing our utilities, water, garbage, internet and telephone [VOIP].</p> <p>We have lived in towns where these services are provided by private industry and other cities, Healdsburg California, like Tacoma, where these services are provided by the city. We prefer to have the city provide these services.</p> <p>If the City of Tacoma discontinued to provide these services, it would remove many of the reasons for us to buy our next home in the city of Tacoma.</p>
Dale Cope	Tacoma, WA	2015-05-15	Click! Network is a valuable public asset. Please do not let it fall into private hands.
Justin Pfeiffer	Tacoma, WA	2015-05-15	Tacoma is a unique city. Not many cities have a Tacoma Power or a Click Cable. Let's keep it. Also, I'm pretty sure I remember the Pac/Bell monopoly thing when I was younger. Can someone explain to me how this is not the same thing? At what point do you say enough?
Brian Hughes	Tacoma, WA	2015-05-15	Click has been very easy to work with, and we don't want it to go away. They have provided us with great service through the years.
Christine Gillespie	Tacoma, WA	2015-05-15	I have been a Tacoma Click customer since the beginning, I love that it is local, supporting our community, and you get real people on the phone when you call, they have great customer service.
Yvonne Tracy	Tacoma, WA	2015-05-15	I do NOT want to see Click! sold to a private company. If it was not a money making operation corporations would not be interested in purchasing it. Tacoma made a smart move in building the network. To sell it now would be stupid. Stick with Click! We want to. This is one of the few important issues that make us proud to be residents of Tacoma.
Theodore Endicott	Tacoma, WA	2015-05-15	Keep Click city owned
Matt Arns	Evans, CO	2015-05-15	Internet access has become indispensable to modern life, and should be a right, not a privilege. Invariably, private companies claiming intentions of expanding cable footprints, increasing speeds, and providing "options" to customers who have none, end up shirking those responsibilities in favor of product consolidations, coverage mergers and focusing of the customers with the highest profit margins (highest population density, which already has the most other options), in order to maximize profits. While this is obviously good business, it doesn't promote competition, coverage expansion where it is most needed, or improvements in customer experience. One needs only to look at the customer satisfaction reasons of the private cable industry as a whole to see that their approach is clearly not working as a part of society, whatever their profitability may be. Millions of Americans are happy to be able to avoid that burdensome patronage, and millions more wish passionately that they had another option to go to. We in Tacoma have that option. It would be foolish to sell it off to a private company, which might very well be bought out by one of the most odious corporations in the country, based on the same promises that have echoed hollow dozens of times before.
Francisco Velazquez	Tacoma, WA	2015-05-16	Click is a great cable provider and its customer service is excellent.

susanne burdyshaw	tacoma, WA	2015-05-18	I want Click to remain a "hometown" company.
Ceri Ellen Peters	Tacoma, WA	2015-05-18	I believe that public internet is progressive and fair. Government exists to ensure that citizens have access to services. The Internet is a mode of communication that has become an essential service, and ought to be a public utility without intervening for profit organizations whose mission is profit, not people.
Garry Fujita	Tacoma, WA	2015-05-18	Click owns a critical
Mary Christie	Tacoma, WA	2015-05-18	I once turned down a condo because they had Comcast instead of click! it is that important to me. Public utility is public good. Valerie Wells	Tacoma, WA	2015-05-18	I like our Click Cable service and don't want it to change. Period.
Andrew Artz	Tacoma, WA	2015-05-18	Click! and Advanced Stream have provided the best service and value, without the headache and changing rates of Comcast/Xfinity. PLEASE keep Click! part of Tacoma.
james smith	Tacoma, WA	2015-05-18	this is a great service and the major private carriers like Comcast don't have enough competition. Comcast has a monopoly in this area and it needs to be broke up.
Murphy newyorkny@msn.com	Tacoma, WA	2015-05-18	I like local!!!!
Randy Durham	Tacoma, WA	2015-05-19	I have been a Click Member from the beginning of this project. I have supported the concept and the City. I believe that the proposed changes are a serious mistake, both for the Television and the Advanced Stream internet service. Please consider the citizens who have consistently supported the project. Do not feed us to the Corporate providers. This was supposed to protect us and the community we share.
Georgia S	Tacoma, WA	2015-05-19	I have stayed with click all these years because they are local and competitive and have great customer service. If this is farmed out, it will likely just sell again in a couple of years and we will lose the competition which helps keep the rates low.
Rebecca Taylor-Hewett	Tacoma, WA	2015-05-19	I'm an advance stream customer
Michael Skelton	Tacoma, WA	2015-05-19	I have used click for years and found it was the best fit for me and my family needs. Also I hate comcast.

Vaughn Wray	Lakewood, WA	2015-05-21	keep click in good hands
Justin Holt	Tacoma, WA	2015-05-22	I believe that the Click network should stay a PUBLIC utility, For the reason that cheap, reliable access to the internet is in PUBLIC interest. If the point of a private business is to make money, why would private businesses be interested in a supposed 'loser ' of a network? Something smells like a rat, and until we find what's stinking about this 'sale ' business, I say it stays public.
Adam Smith	Portland, OR	2015-05-22	Click! is important to me. It's something that Tacoma is doing right, and that the big communications monopolies loathe. Please don't give up this important asset.
Max Drathman	Tacoma, WA	2015-05-22	Click provides excellent products and service. We invested in our infrastructure, and we shouldn't sell it.
MARTHA WATKINS	Tacoma, WA	2015-05-22	Click was the right thing for TPU to bring to Tacoma. All of us who have it values it. the network and it's offerings just has not been advertised as it should be. not everything can sell itself - it needs to be promoted!!
Wallace Sauby	Tacoma, WA	2015-05-22	I want to save Click. I urge TPU Board and City Council to study why Click is under performing. There must be a way to save Click.
George Leonard	Tacoma, WA	2015-05-23	After years with Comcast I was considering going without service at all. Their corporate oligarchy and commitment to poor service were that bad. Then I discovered the privilege of Click! I get comparable rates and real service from someone interested in helping me. Do not make the mistake of squandering our resource.
Ian Habeck	Ashford, WA	2015-05-23	Internet is a public utility, and should be curated as such.
Raechel Chandler	Tacoma, WA	2015-05-26	Click! is great and way better and easier to deal with than any major cable provider
jon jones	Horn Lake, MS	2015-05-27	I would like to stay with click not some big conglomerate
Susan Marihugh	Tacoma, WA	2015-05-28	I bought into Click because I think it's critical to have a variety of cable services available for competition so prices can't get out of control. Needless to say, they have anyway, but I do not want to see Click fail, so in spite of higher prices, I've stood by them. Now it's time for them to stand by me.
Michelle butler	Tacoma, WA	2015-05-29	Everyone I know who isn't in tacoma wants click. Please don't give away what all of us like so much.
Julie Choat Sparks	Tacoma, WA	2015-05-31	I believe we all have the right to be able to choose the providers we want. I choose a local company for the simple idea of keeping my hard earned dollars here in this local economy. Helping Tacoma grow and prosper.
Susan Phan	Tacoma, WA	2015-05-31	I've had click since its inception. I will not keep any cable if click goes away. It was always a great product with exceptional customer service and an asset th the community.

christopher means	Tacoma, WA	2015-05-31	Internet, like water and power, should be a public utility. Tacoma is an exemplar to other cities, showing that we need not be reduced to bending a knee to Time Warner or Comcast whose blatant and offensive monopoly on our most cherished information gateway is simply, morally wrong and against the American principals of equality and a competitive market where the superior product is allowed to thrive.
Maryjane Long	Tacoma, WA	2015-05-31	Don't want a big corporation taking over another local business
Eric Kavaklian	Tacoma, WA	2015-06-01	Click is a valued service to this community!
JoAnn Johnson	Tacoma, WA	2015-06-02	I remember when a representative from Tacoma Power came to our house to let us know the new Click Cable service was ready to go in the North End! Finally a competition to TCI, a high-priced cable provider, a HUGE corporate monopoly, terrible service and I hated it. I have been a Click customer ever since 1998?, and DO NOT want to see any Tacoma Muni go PRIVATE!!! This kind of hype is mere 'anti-big-government' propaganda....it will NOT bring down cost-just the opposite! Please say no to outside interference
Nina Hickey	Tacoma, WA	2015-06-02	I'm signing because Click! Is a huge asset for Tacoma. And because selling to outside mammoth cable companies such as Comcast would be a disappointing mistake.
Mark Noll	Puyallup, WA	2015-06-03	I still have fond memories of the day I canceled Comcast. Stick with Click!
Gary Walmer	Tacoma, WA	2015-06-03	Don't sell us out to the big corporations, please.
Caroline Merryweather	Tacoma, WA	2015-06-04	Click is the best cable company I've ever had! Live people to speak with, in English, and they're local! No outsourcing! I appreciate CLICK!
Hanna Lange	Tacoma, WA	2015-06-04	We like click!
Felicity Devlin	Tacoma, WA	2015-06-04	This a valuable public asset. Please keep it that way.
Claudia Riedener	Tacoma, WA	2015-06-05	Click belongs to Tacoma. Stick with Click and clean up the funny accounting gimmicks and shenanigans.
Barbara Temple-Thurston	Tacoma, WA	2015-06-05	I'm signing because I support a public network system in our city and I don't believe TPU and the Tacoma City Council have done enough to ensure the public is informed about the true viability and positive balance of the Click! network.
Darlene Johnson	Tacoma, WA	2015-06-05	When I have a problem with my service I can always get a tech person (real person who speaks native English) to help me.
Laurel Perkins	Tacoma, WA	2015-06-07	I like having my cable local. I like calling in and talking to a neighbor in the call center. This is why I have stayed with Click! since moving to Tacoma twelve years ago. If you sell I will go elsewhere.
Deborah Hill	Tacoma, WA	2015-06-11	Click! and the valuable infrastructure it provides are why businesses want to be in Tacoma. Look at Chattanooga, TN. They are showing the way forward, and it is NOT with privatized, non-local (WAVE is not local), non-responsive huge companies.
Lynden J	Tacoma, WA	2015-06-13	I've been with Click & Advanced Stream ISP since their inception & wouldn't have it any other way. I know how they came to be....as an added bonus to TPU's fiber optics and "Smart Meters" How did that all come to fall on Click's back? Let's get real and stop the shenanigans!
