November 10, 2022

Christine Cooley, Executive Director
Puget Sound Clean Air Agency
1904 Third Avenue, Suite 105
Seattle, WA 98101

Dear Ms. Cooley:

Congratulations! I'm pleased to let you know that the Puget Sound Clean Air Agency is receiving \$3,645,000 PSRC funding for the following project:

PROJECT	AWARD AMOUNT	FUNDING SOURCE	FUNDING DEADLINE
On Track for the Future: Tacoma Rail Battery-Electric Switcher Locomotive Replacement Project	\$3,645,000	FHWA	June 1, 2025

The projects are part of a \$5.4 billion Regional Transportation Improvement Program for 2023-2026 that was adopted by PSRC's Executive Board in October. Final approval by the Governor and federal funding agencies is expected in early 2023. This program includes a wide variety of investments over the next four years, addressing the needs of transit, state and local roadways, bicycle and pedestrian facilities, maintenance and preservation, and others.

Your project performed well in PSRC's merit-based project selection process, which identifies priority projects that will improve local and regional mobility and help achieve our long-range Regional Transportation Plan. Kudos to you and your staff for securing this funding.

Thank you and your team for continuing to provide essential services to your community throughout the pandemic. I look forward to continuing to partner with you on efforts to help the region thrive for the long term.

Sincerely,

Josh Brown
Executive Director, Puget Sound Regional Council
