

**CITY OF TACOMA, WASHINGTON
OFFICE OF THE CITY COUNCIL
COUNCIL CONSIDERATION REQUEST**

TO: Mayor & City Council
FROM: Council Member Sarah Rumbaugh and Council Assistant Lynda Foster
COPIES TO: Elizabeth Pauli, City Manager; Kurtis Kingsolver, Deputy City Manager; Bill Fosbre, City Attorney
SUBJECT: **Resolution – Restoring the LeRoy Street Clock – December 13, 2022**
DATE: December 7, 2022

I ask for your support for a Council Contingency Fund expenditure of up to \$35,000 for the restoration of the LeRoy Street Clock on Broadway Street in downtown Tacoma.

LEGISLATIVE INTENT:

Background:

Background on the history of the LeRoy Street Clock was provided by Steph Farber of LeRoy Jewelers. The Street Clock presently located in front of LeRoy Jewelers was first brought to Tacoma in 1920. Abraham Rose had the clock installed in front of his jewelry store on S 14th Street and Pacific Avenue where it provided service to the community for about 50 years. Sometime in the late 60s or early 70s, a delivery truck ran into the clock and knocked it down. The broken timepiece was stored in a city warehouse for over a decade. In 1985, LeRoy Jewelers decided to make a statement. They knew about the old Rose Street Clock; they knew the Roses, and they began the search to bring that old clock back to life. LeRoy Jewelers paid over \$10,000 for the reconstruction of the clock; Simon Rose agreed to gift the clock to the City of Tacoma under the condition that the City would maintain it. In 1987 the Clock was finished, set up in its present location on Broadway Street between S 9th Street and S 11th Street, and was dedicated in a community celebration. The clock was stopped intentionally early this year. The gears, after 35 years of constant wear, need to be repaired. Allowing the clock to keep running in its present condition invites a catastrophic failure which would destroy the clockworks entirely. Other structural and cosmetic concerns also need to be addressed to fully restore the clock.

The City of Tacoma researched repairing this historic street clock. In May 2022, the City of Tacoma received a recommendation and estimate of cost. Recommended work included repairs to the case & motion, movement general, gear train, escapement mechanism, winding mechanism, cosmetic improvements, and final regulation and adjustments. The known estimated costs are \$17,160, depending on options and unforeseen faults or challenges, plus materials, and any applicable taxes or fees. A more thorough cost estimate for all work is not able to be determined without further examination of the internal workings and needs of the clock. Additional funds may be needed to safely relocate the clock for this restoration work.

Council Contingency Fund Request:

This contingency fund request allocates up to \$35,000 to pay for restoration of the LeRoy Street Clock.

FUNDING REQUESTED:

Up to \$35,000

DESIRED RESOLUTION DATE: December 20, 2022

COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH):

Council Member Rumbaugh received this request from a business owner in downtown Tacoma.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

This clock is significant to the Jewish community. It came from the jewelry store on Pacific owned by a Jewish family engaged in a local temple in Tacoma. It is important to save this clock as a part of the history of the Jewish people who came to Tacoma and settled this area.

Economy/Workforce: *Equity Index Score:* Moderate Opportunity

Increase positive public perception related to the Tacoma economy.

Civic Engagement: *Equity Index Score:* Moderate Opportunity

Increase the percentage of residents who believe they are able to have a positive impact on the community and express trust in the public institutions in Tacoma.

Livability: *Equity Index Score:* Moderate Opportunity

Increase positive public perception of safety and overall quality of life.

Explain how your legislation will affect the selected indicator(s)?

Since 1987, the Clock has been wound regularly, once a week, by citizens and City officials, has been kept on time by the people at LeRoy Jewelers, and has been the sign of presence, stability, dependability and usefulness, as was intended. Pedestrians walking by would glance up to check the time. People on the street would stop and gaze at the working clock movement. Young people would stare at the moving pendulum as it measured the passage of time. The clock connects the downtown business district to its history, creating a more positive perception of the Broadway business area and improving the local quality of life.

ALTERNATIVES:

Alternative	Positive Impacts	Negative Impacts
1. Do not invest in historic clock restoration	Save City funds for other priorities	The LeRoy Street Clock is unable to be restored
2. Review historic clocks and develop criteria to prioritize and invest in historic restoration	This would allow for a systemic, City-wide approach to restoring street clocks that are known to be throughout the City	Researching street clocks and developing criteria for investment would be a lengthy process that delays any improvement happening

EVALUATIONS AND FOLLOW UP:

The City of Tacoma will use the provided funds to restore the LeRoy Street Clock. Council will be notified upon the completion of this product, or if these funds are insufficient to complete the work.

SPONSOR RECOMMENDATION:

Sponsors recommend the City of Tacoma use up to \$35,000 for the restoration of the LeRoy Street Clock in downtown Tacoma.

FISCAL IMPACT:

This allocates up to \$35,000 from Council Contingency Funds.

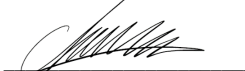

If you have a question related to the Council Contingency Fund Request, please contact Lynda Foster at 253.591.5166 or Lfoster@CityofTacoma.org.
