The Community and Economic Development Department has determined that the proposed project has all the necessary qualifications for the 12-Year Multifamily Housing Property Tax Exemption. Meacham Development, LLC will enter into an agreement prepared by the City to develop the site as described in the plans on file with the City.

**ISSUE:**

This action would approve the tax exemption through the attached proposed agreement.

**ALTERNATIVES:**

Alternative	Positive Impacts	Negative Impacts
1. Do not approve the exemption		No additional housing units will be created

**COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH):** March 2025 Outreach to multifamily properties indicate that Tacoma continues to have only a 7% vacancy rate in rental housing, which indicates there is still a critical housing need in Tacoma. New projects coming on line are quickly leased which also indicates that demand is not slowing. As we add additional units, pressure on the market should be relieved and prices should reflect less upward pressure.

**2026 STRATEGIC PRIORITIES:**

**Equity and Accessibility:** *Equity Index Score: Very High*

These housing units will create more overall housing and more affordable housing units in Tacoma and they ensure that affordability is being created throughout the City of Tacoma and not just in certain areas. Creating market rate and affordable units in the Downtown Regional Growth Center provides accessibility to jobs, transit and other amenities in that district.

**Economy/Workforce:** *Equity Index Score: Very Low*

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

**Livability:** *Equity Index Score: Very Low*

Decrease the percentage of individuals who are spending more than 45% of income on housing and transportation costs.

**STAFF RECOMMENDATION:**

Staff has reviewed the application and has determined that the proposed project qualifies for the 12-Year Multifamily Housing Property Tax Exemption. Staff recommends the Council approve the resolution.

**FISCAL IMPACT:**

The value of the land would continue to be taxed throughout the exemption period. The additional greater economic impact to Tacoma from adding to the population base is estimated through sales tax generation. The projected assessed value of the completed project, the projected property taxes to be exempt and the projected increase in sales tax are listed in the table below:

<b>Current Land Value Property Tax Projections</b>	
Current Assessed Value	\$104,700
Current Total Annual Property Tax	\$541.95
<b>Projected Completed Assessed Value and Property Tax Exemption</b>	
*Projected Completed Assessed Value	\$825,000
Projected Total Taxes to be Exempt over 12 years	\$109,890
City	\$17,721
<b>Potential Sales Tax Impacts</b>	
**Projected Total Sales Tax Generated over 12 years	\$455,836
City	\$44,256
*** Projected Sales Tax Generated from Construction	\$84,975
City	\$44,256
<b>Labor Hours Created</b>	<b>3,882 Hours</b>

\*The projected *Completed Assessed Value* is based on estimated construction costs. \*\*The projected *Total Sales Tax Generated* is estimated by the increase in households the project creates using the average sales tax revenue generated per household in Tacoma.
