Subject: 1319 N. Fir St LID change of approval

Hello,

Per our conversation last night at the Zoom meeting regarding LID 8669 I would like to formally change my vote to accept the 2nd option which is the street paving not including the sidewalks and other improvements. When approached by the neighborhood committee regarding this proposal I was not informed of any other options available other than the 3rd.

Best Regards,

Hey Ralph,

I wasn't able to make it to the zoom call on Monday, but Stan Hearn reached out to me last night to let me know an extra vote in support of the plan may be crucial. How can I put in my vote?

Best,
Drew Calhoun

Louisa,

I spoke with Lynn Vandenberg this afternoon, she is very excited about curbs & gutters and can't wait for construction to begin. Explained that LID 7732 for the conversion of UG Wire has yet to be scheduled for hearing, that both projects would be combined under the same construction contract, that I anticipate the contract to be awarded in approximately one year.

I do not know when the LID work will begin because the timing of the construction is outside the Hearing Examiner office's purview. The Public Works' (PW) LID Section is best suited to answer your question(s). I suggest directly contacting Mr. Rodriguez and/or Mr. Garrison since they both staff the PW LID Section.
