

City of Tacoma

Mayor Victoria Woodards

December 19, 2023

Dear Chair Wamback and Members of the Charter Review Committee,

The Tacoma City Council would like to extend our sincere gratitude for the invaluable service each of you are dedicating to the Charter Review Committee. Your commitment to civic duty and the review of our City's Charter is commendable, and the City owes a debt of gratitude to each member for the time, effort, and expertise invested in this critical undertaking.

As you organize your work plan for the coming months, the City Council has identified several topics of particular interest that we would like you to explore. We ask that you consider looking deeper at these topics and developing recommendations that address them when you give us your final report. These topics are included as attachments to this letter.

Once again, thank you for your dedication to the City of Tacoma and stepping up to give your time to review the City Charter. We look forward to your thorough examination of the City Charter and the thoughtful recommendations.

Should you require any further information on the topics we have shared or would like to discuss these topics in more detail, please do not hesitate to contact the executive liaison assigned to support you, Sonja Hallum, at shallum@cityoftacoma.org.

Yours in service,

[Mayor and Council Signatures to be added upon approval]
