SUBJECT: Resolution - Allocating Council Contingency Funds to sponsor the 2023

National Association of Local Boards of Health Conference in Tacoma -

July 11, 2023

DATE: July 5, 2023

I ask for your support for a resolution authorizing \$20,000 in Council contingency funds to sponsor the 2023 National Association of Local Boards of Health (NALBOH) conference.

LEGISLATIVE INTENT:

Council Contingency Fund Request:

The National Association of Local Boards of Health (NALBOH) 2023 Annual Conference, *Charting the Next Vision: Evolving to Advance our Community's Health*, will be held in Tacoma, WA, July 31 to August 2. NALBOH informs, guides, and is the national voice for boards of health. In today's public health system, the leadership role of boards of health makes them an essential link between public health services and a healthy community. Uniquely positioned to deliver technical expertise in governance and leadership, board development, health priorities, and public health policy, NALBOH strives to strengthen good governance where public health begins—at the local level.

The conference focuses on three key objectives for attendees:

- Explore skills for advocacy and leadership roles for public health funding, workforce and equity.
- Demonstrate successful use of the Six Functions of Public Health Governance to improve health outcomes in communities.
- Share and identify best practices to effectively recruit, train, and retain a strong public health workforce.

Hosting the NALBOH conference allows for Tacoma and the entire region to have greater access to these trainings and the national network of public health leaders. NALBOH has requested the City of Tacoma to provide an Exclusive Host Sponsorship of the Conference: \$20,000. This sponsorship provides the following benefits:

- Opportunity to address attendees during the conference for 10 minutes.
- Exclusive Sponsorship of an Evening Reception.
- Signage at both conference and reception.
- Sponsor recognition on the website, event app and in on-site materials.
- One 6 ft display table to share materials.
- Up to ten representatives from organization included in conference registration.

FUNDING REQUESTED: \$ 20,000

DESIRED RESOLUTION DATE: July 18, 2023

COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH):

NALBOH has been engaged in establishing a significant voice for local boards of health on matters of national public health policy. The Tacoma-Pierce County Health Department (TPCHD) actively engages with NALBOH and has coordinated on this upcoming conference. Tacoma City Council Member Catherine Ushka currently serves as President of NALBOH's Board of Directors.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

Adverse social, economic, and environmental (SEE) conditions like these create poor health outcomes. The TPCHD calls them health inequities because they're unfair, avoidable, and impact some people and groups more than others. TPCHD health equity maps show the links between SEE conditions and where people live. The data shows a clear trend. You're more likely to have poor health if you: are BIPOC (Black, Indigenous, person of color), make less money, have less education, speak, read, and/or write in a primary language other than English, are LGBTQIA+ (lesbian, gay, bisexual, transgender, queer, intersex, or asexual), immigrated from another country, or live with a disability. TPCHD and other local health departments know health inequities threaten everyone's health and work with partners who want to work together for health equity and racial justice.

Livability: *Equity Index Score*: Moderate Opportunity

Improve health outcomes and reduce disparities, in alignment with the community health needs assessment and CHIP, for all Tacoma residents

How does your policy, program, or service help or harm the health of the natural environment?¹ (e.g. reduction in carbon emissions, open space conditions, sustainability, clean air, water and soil, and noise and light pollution).

Explain how your legislation will affect the selected indicator(s)?

A strong public health system is critical to health equity. As we saw with the COVID-19 pandemic, health crises are not always limited by region or geographic borders. We need the entire nation to have well trained, dedicated public health professionals focused on improving health outcomes for all people. The 2023 NALBOH conference includes equity-focused trainings and other trainings critical to the public health profession. This sponsorship will provide 10 registrations to the City of Tacoma, allowing City Council Members and staff to directly access trainings and meet and connect with other public health professionals.

EVALUATIONS AND FOLLOW UP:

The City of Tacoma should send representatives to attend the conference and take back learnings to imbed in our local efforts to improve health equity.

SPONSOR RECOMMENDATION:

Sponsors recommend Exclusive Host Sponsorship of the NALBOH Conference for \$20,000.

FISCAL IMPACT:

This resolution allocates \$20,000 from Council Contingency Funds.
