Mayors learn how other local governments have partnered to achieve results, what tools have been effective, and what lessons have been learned; and</li> <li>2. Mayors share and discuss their impressions in interactive group discussion</li> </ol>
Meeting 4	The Path Forward	Through interactive exercises and discussions, Mayors choose how they would like to continue collaborating to move this issue forward

*This meeting series was crafted to provide Pierce County Leaders with an in-depth understanding of their local housing markets, developer needs, and what might be possible in collaboration with their peers before making a decision on how Pierce County Elected Officials would like to continue collaborating to move this issue forward.*

*The series strategically allows leaders to align their plans for the future with State Legislative Session; local budget cycles; and the new 5-year Consolidated Plans that will need to be submitted to HUD by Pierce County, Lakewood, and Tacoma for 2020-2024. (Consolidated Plans provide a five-year framework for addressing housing, human services, community, and economic development needs and are required to apply for various HUD grant funding opportunities.)*
