

TO: Elizabeth Pauli, City Manager
FROM: Debbie Bingham, Project Manager, Community and Economic Development
 Jeff Robinson, Director, Community and Economic Development
COPY: City Council and City Clerk
SUBJECT: Request for Resolution- April 20, 2021
DATE: April 5, 2021

SUMMARY & PURPOSE:

The Community and Economic Development Department is requesting authorizing the appropriate City officials to execute a 12 Year Multifamily Housing Property Tax Exemption Agreement with Stan and Sarah Rumbaugh for the development of eight multifamily market-rate and affordable rental units at 611 S Anderson Street in the Sixth Avenue Mixed Use Center.

BACKGROUND

Stan and Sarah Rumbaugh are proposing to develop eight new market-rate and affordable rental units in the Sixth Avenue Mixed Use Center as described in Exhibit “A” to the Resolution. The housing will consist of eight units as described in the chart below.

Number of units	Type of Unit	Average Size	Expected Rental Rate
<i>Market Rate</i>			
3	1 Bedroom, 1 bathroom	480 SQFT	\$1100
3	2 Bedroom, 2 bathroom	992 SQFT	\$1900
<i>Affordable Rate</i>			
1	1 Bedroom, 1 bathroom	480 SQFT	\$1385*including utility allowance
1	2 Bedroom, 2 bathroom	992 SQFT	\$1558* including utility allowance

The project will also include four stalls of parking. The project will be forwarded to the Pierce County Treasurer Assessor for the 12 year multi-family housing property tax exemption after the project complies with all City of Tacoma building codes, processes and procedures and receives a valid certificate of occupancy from the City. The Community and Economic Development Department has determined that the proposed project has all the necessary qualifications for the 12 year multi-family housing property tax exemption. Stan and Sarah Rumbaugh will enter into an agreement prepared by the City to develop the site as described in the plans on file with the City.

COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH): March 2021 outreach to multifamily properties show that Tacoma has dropped to 3% vacancy rate in rental housing, which indicates there is still very much a housing need in Tacoma. New projects coming on line are quickly filled also showing that demand is not slowing. As we add additional units pressure on the market should be relieved and prices should reflect less upward pressure.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

These housing units will create more overall housing and more affordable housing units in Tacoma and they

ensure that affordability is being created throughout the City of Tacoma and not just in certain areas. Creating market rate and affordable units in the Sixth Ave Mixed Use Center provides accessibility to jobs, transit and other amenities in that thriving business district.

Economy/Workforce: *Equity Index Score:* Moderate Opportunity

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

Decrease the number of vacant properties downtown and in the neighborhood business districts.

Livability: *Equity Index Score:* Very Low Opportunity

Decrease the percentage of individuals who are spending more than 45% of income on housing and transportation costs.

This project will guarantee affordable living units in an area of the City with very low opportunity. This development will turn an underutilized back lot into eight living units and increase accessibility to the Sixth Ave Mixed Use Center.

STAFF RECOMMENDATION:

Staff has reviewed the application and has determined that the proposed project qualifies for the 12 Year Multifamily Housing Property Tax Exemption. Staff recommends the Council approve the resolution.

ALTERNATIVES:

Presumably your recommendation is not the only potential course of action; please discuss other alternatives actions for council or staff to take. Please use table below.

Alternative	Positive Impacts	Negative Impacts
1. Do not approved the exemption		No additional housing units will be created and a vacant back lot will stay underutilized and an attractive nuisance.

EVALUATIONS AND FOLLOW UP:

The development will be tracked as it progresses and once completed will be monitored to ensure the affordability requirements are met for the entire exemption.

FISCAL IMPACT:

The value of the land would continue to be taxed throughout the exemption period. The additional greater economic impact to Tacoma from adding to the population base is estimated through sales tax generation. The projected assessed value of the completed project, the projected property taxes to be exempt and the projected increase in sales tax are listed in the table below:

Current Land Value Property Tax Projections	
Current Assessed Value	\$ 134,500

Current Total Annual Property Tax	\$ 1,700
Projected Total Property Tax Payments on Land Value Over 12 Years	\$ 13,400
- City	\$ 2,900
Projected Completed Assessed Value and Property Tax Exemption	
*Projected Completed Assessed Value	\$ 1,300,000
Projected Total Taxes to be Exempt over 12 years	\$ 203,700
- City	\$ 41,260
Potential Sales Tax Impacts	
**Projected Total Sales Tax Generated over 12 years	\$ 678,600
- City	\$ 86,500
*** Projected Sales Tax Generated from Construction	\$ 132,600
- City	\$ 16,900

*The projected *Completed Assessed Value* is based on estimated construction costs.

**The projected *Total Sales Tax Generated* is estimated by the increase in households the project creates using the average sales tax revenue generated per household in Tacoma.

***The projected *Sales Tax generated from Construction* is estimated by multiplying the construction costs by the sales tax rate.
