CITY CLERK'S OFFICE

Fully Fund a Non-Police Crisis Response Team in Tacoma!

As a broad coalition of individuals and organizations, we demand the Tacoma City Council create a fully-funded crisis response model housed entirely outside of the police department by the next budget biennium.

Our immediate demands include:

- 1) All of the 18-21 crisis response and community liaison positions identified by the city's recent divertible calls study are created outside of the Police Department.
- 2) The new crisis team is funded for full-time, 24/7 dispatch, with multiple units available at a time.
- 3) All 20% of identified divertible calls are moved to the new team by 2023.
- 4) Team hiring is done through local hires from the most impacted communities, with neutrality and union recognition for staff on the new team
- 5) The 12 officer "shortage" in the Tacoma Police Department is not back-filled.
- 6) There is a new, neutral third party academic study on divertible calls by 2023, and that City Council commits to acting on the new diversion recommendations.

Our 2023-2024 biennial budget demands include:

- 1) Expanded funding for the new team without any new funding for policing
- 2) Replacing the majority of retired, fired or otherwise discontinued police with positions in the new crisis response team
- 3) Passing an ordinance giving the CPAC enforcement authority
- 4) Creating a community-based commission to oversee operations for the crisis response team
