

**CITY OF TACOMA, WASHINGTON
OFFICE OF THE CITY COUNCIL
COUNCIL CONSIDERATION REQUEST**

TO: Mayor & City Council
FROM: Council Member Robert Thoms and Council Assistant Lynda Foster
COPIES TO: Elizabeth Pauli, City Manager; Tadd Wille, Deputy City Manager; Bill Fosbre, City Attorney
SUBJECT: **Building program capacity to welcome immigrants and refugees to Tacoma and Pierce County**
DATE: September 15, 2021

I ask for your support for a Council Contingency Fund expenditure for \$25,000, to assist in building program capacity to resettle Afghan immigrants and refugees, including translators and their families, to Tacoma and Pierce County.

LEGISLATIVE INTENT:

Council Contingency Fund Request:

In 2015, with the passage of Resolution 39116, the City of Tacoma dedicated itself to being a Welcoming City, stating we would create a more welcoming, immigrant friendly community to maximize opportunities for economic growth and cultural vitality. On August 17, 2021, in response to international events threatening stability in Afghanistan, the City Council approved an Afghanistan Refugee Support Letter that said, "We, the City Council of Tacoma, Washington are writing you to share that, along with our local community partners, we are ready to offer our support for the expedited processing of Special Immigrant Visas (SIVs) for Afghan translators/interpreters." During this moment of international need, the Tacoma City Council seeks to provide a pathway for Afghan immigrants and refugees, including translators and their families, to locate in Tacoma.

The Washington State Department of Social and Health Services (DSHS) reported that 293 Afghans arrived in Washington state in August of 2021. While it is unknown how many total Afghan immigrants and refugees will relocate to Washington, DSHS anticipates the U.S. will need to resettle nearly 60,000 individuals. In the past two years, Washington has welcomed over 8% of Afghan arrivals to the U.S. through the SIV program. Based on our local resettlement agencies' capacity to provide services and historic programming, we anticipate a significant number of Afghan immigrants and refugees will be relocated here.

Joint Base Lewis-McChord (JBLM), is a premiere military installation in our community and a critical projection platform serving Operation Enduring Freedom Mission (OEF) since its inception. Few communities have deployed more service members for OEF than JBLM. The Tacoma community supports these Afghans who ensured our family members returned safely home. Tens of thousands from Tacoma's community have been deployed to Afghanistan and have much gratitude and concern for their Afghan translators. We want to help them secure a place to call home. Some JBLM service members with

connections to Afghans and their families are asking for these families to be relocated to Tacoma so that they can help support them as they settle in the U.S.

Lutheran Community Services Northwest (LCS Northwest) is one of the Washington state agencies that receives funding from the federal government to support refugees seeking to resettle in the US. They are currently resettling immigrants and refugees from Afghanistan in Washington state. As of September 9, they had resettled 6 individuals in Tacoma and 32 individuals to live near their families in South King County. They anticipate the flow of arrivals to pick up in mid-September and will prioritize resettling individuals in Tacoma.

Throughout decades, LCS Northwest has welcomed and resettled over 45,000 refugees in the Northwest. In the past 3 years, the nonprofit organization has helped almost 700 Afghans with Special Immigrant visas (SIVs) resettle, in addition to refugees from other countries. SIVs are provided to Afghan nationals, including those who worked as allies with the United States Armed Forces as translators and interpreters for at least twelve months, and have a written recommendation from a commanding officer. LCS Northwest offers housing navigation and other basic needs support to help these families and allies with their urgent needs. Their staff work quickly to surround each SIV with basic needs like housing, food, clothing, transportation, and monetary assistance. LCS Northwest is receiving an overwhelming number of requests for assistance from community members hoping to bring Afghan family members to safety.

At the start of the pandemic, LCS Northwest lost financial resources and had to reduce staffing. This has added a barrier to their work as their organization rapidly scales up to meet the needs of and influx of Afghan immigrants and refugees, and is responsive to our broader community eager to offer their support.

This funding will be used to assist with LCS Northwest's program capacity to better serve those they will resettle in Tacoma and Pierce County. It will cover the cost of a part time staffer working 20 hours a week for six to eight months. During this time, LCS Northwest anticipate a high flow of refugees and this role (Office Assistant) is considered an integral role to support the daily operations of the program. This role will include the following tasks: assist management and staff by performing a variety of administrative and clerical support duties, such as meeting planning, preparing complex documents, composing correspondence and coordinating activities; collect and compile data, prepare standard and custom reports; understand policies and procedures to complete routine tasks; and be a knowledge source for clients, coworkers, and others.

ALIGNMENT WITH TACOMA 2025 KEY FOCUS AREAS:

Afghan immigrants and refugees were forced to leave their home country, leaving behind most possessions, in the hope of a new home where they could be safe. Tacoma is a Welcoming City that is willing to step up and support these individuals. LCS Northwest is reporting an immense outpouring of support and civic engagement from the Tacoma community. However, staff limitations are creating road blocks and log jams, slowing down volunteer intake and coordination. This funding will increase civic engagement and will allow residents to have a positive impact in their community. Building program capacity will also free up staff time to focus on the needs of immigrants and refugees, including connecting them to job training, housing options, and health care.

Economy/Workforce: *Equity Index Score:* Moderate Opportunity

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

Civic Engagement: Equity Index Score: Moderate Opportunity

Increase the number of residents who participate civically through volunteering and voting.
Increase the percentage of residents who believe they are able to have a positive impact on the community and express trust in the public institutions in Tacoma.

Livability: Equity Index Score: Moderate Opportunity

Improve health outcomes and reduce disparities, in alignment with the community health needs assessment and CHIP, for all Tacoma residents
Improve access and proximity by residents to diverse income levels and race/ethnicity to community facilities, services, infrastructure, and employment.

If you have a question related to the Council Contingency Fund Request, please contact Lynda Foster (Council Assistant) at 253.591.5166 or Lynda.Foster@CityofTacoma.org.
