5. Neighborhood Council Review Engagement: The City of Tacoma's Neighborhood Council Program is undergoing its five-year review and **is currently collecting feedback**. There are eight Neighborhood Councils and one overarching Community Council that support Tacoma's diverse communities and engages with City staff on neighborhood issues, concerns, and priorities identified by community members.

The Neighborhood Council Program aims to create an environment in which community members have an opportunity to:

- Meaningfully discuss City programs and policies that affect their neighborhoods.
- Bring neighborhood concerns, priorities, and goals to the attention of the City.
- Encourage diverse relationships and representative participation where residents feel they positively impact and improve the livability of their communities.

Take the online survey by August 31 to provide feedback that will help inform the updates to the Neighborhood Council Program [Standards and Guidelines](#) and [Tacoma Municipal Code 1.45](#). To provide feedback over the phone, please call Jared Bragg, Safe Streets Community Mobilization Specialist, at (253) 691-5980.

6. Encampment Outreach: The City's Homeless Engagement and Alternatives Liaison Team (formerly the Homeless Outreach Team) performs encampment outreach throughout the week to provide individuals opportunities to connect to shelter, behavioral health, substance use, and employment services. **For the week of July 22 - 26, 2024, staff visited 15 locations. This resulted in 124 (60 new, and 64 repeat) individuals being contacted and referred to community services. Three individuals accepted shelter.**
7. Inclement Weather Response Plan: For the 2024 summer inclement weather season for heat and smoke, the City of Tacoma is partnering with Tacoma Libraries, outreach teams (contracted and non-contracted), and volunteers to ensure that unsheltered individuals have access to water and masks, information about cooling centers, and sheltering throughout the City. The City has ensured that there is sufficient water available at the stability site for pickup and that our partners are prepared to supply resources accordingly.

Thresholds for inclement weather activations:

- **85 degrees or higher and/or Air Quality over 101**, the City will supply both unsheltered and sheltered individuals with water and masks depending on need.
- **For 90 degrees or higher and/or Air Quality over 151**, the City will continue to supply resources, open cooling, and air quality centers for daytime relief and/or possible nighttime relief for smoke. ***The City pauses non-emergent encampment removals from public property and City rights-of-way during inclement weather events that meet this threshold.***

The City is working with other providers to expand shelter capacity during acute inclement weather events. When temperatures reach the threshold of 85 degrees an additional 100 (total) beds will be made available as listed below:

- Catholic Community Services' Nativity House (702 South 14th Street) will be providing an additional 80 overflow shelter beds.
- Valeo Vocation will be providing 20 overflow beds for young adults 18-24 years of age at the Beacon Young Adult Shelter (415 South 13th Street).

Sector 4 Weekly Briefing for 22 July 2024 to 28 July 2024

The data is not National Incident Based Reporting System (NIBRS) compliant. Do not compare the results with any report using that standard. The data is dynamic and is subject to change and/or revision. The number of distinct offenses listed on a report are counted. This does not represent reports or individuals. All data is compared to last year for the same number of days or date range. Small numbers may cause large percent increases and decreases. Beginning 1 October 2022, there was a change in how TPD reports certain Aggravated Assaults and Destruction offenses.
