

## ORDINANCE NO. 28844

1 AN ORDINANCE relating to Electric Energy; amending Chapter 12.06 of the  
2 Municipal Code, "Electric Energy - Regulations and Rates," to add a new  
3 Section 12.06.176, entitled "Prepaid small general service - Schedule PB," to  
4 allow for payment of electric service in advance of usage, effective April 1,  
5 2023.

6 WHEREAS Tacoma Power received inquiries from small general  
7 customers about prepayment options after the residential prepayment was  
8 launched in January 2021, and one of the anticipated benefits of the Advanced  
9 Metering Infrastructure ("AMI") program currently underway is to allow the  
10 provision of this type of rate option, and

11 WHEREAS this tariff will allow small general customers to elect to pay  
12 for electric service in advance of usage as soon as AMI is installed, and will be  
13 a voluntary rate option, and

14 WHEREAS many electric utility customers prefer to pay for electricity  
15 before they use it, which allows for a better understanding of their electricity  
16 use, budgeting for electricity expenses, and greater control over electricity  
17 costs, and

18 WHEREAS the prepayment option is especially important for small  
19 general customers with a tight budget and irregular cash flow, which may include  
20 minority business owners without good credit resources; Now, Therefore,
