

Citizens' Forum
3/17/2015 1 of 2

Dear Tacoma Mayor Marilyn Strickland and Tacoma City Council:

We present you this petition affirming this statement:

"Stop The News Tribune's uninvited dumping of millions of plastic bag wrapped advertisements into our neighborhoods, streets and Puget Sound."

Attached is a list of individuals who have added their names to this petition, as well as additional comments written by the petition signers themselves.

Sincerely,
John Carlton

I'm sick of those papers on my lawn. I don't even open it. I see them on the sidewalks and in the street.

christina stephens
tacoma, WA 98404
Feb 10, 2015

Should be against the law

Linda piper
Tacoma, WA 98444
Feb 10, 2015

Stop this blight!!!! The Eastside has enough litter, already, without corporations adding to it. And, I have tried to "opt-out" twice, with no success.

Feb 10, 2015

The opt-out system is not effective. They still throw this trash in our yard and around our neighborhood.

Kris Symer
Tacoma, WA 98406
Feb 10, 2015

These papers are a nuisance. They are thrown haphazardly, without regard to weather conditions. Usually it is just a sopping wet tube of paper that I throw immediately in the recycling and complain about with my neighbors.

Elizabeth dumbaugh

just stop it

Thomas Kleinherne
Olympia, WA 98502
Feb 5, 2015

This is a constant problem in our area (NE neighborhood, Olympia WA). The Tribune gives individuals a phone number to call to request they stop tossing these in your driveway. Often, after I have called, it starts up again after a while. They have been aggressive, hostile and nonresponsive to a huge campaign of individuals in the Tacoma area who have now taken their mission and requests to a higher level. Bravo for the advocates who are asking a large corporation to cease and desist in an advertising campaign that makes unnecessary waste for the landfill.

Jan 24, 2015

It gets thrown into my driveway regardless of weather. Most of the time it can't be read. I also subscribe to the TNT so it is only a repeat. I DO NOT want to receive it. Ever.

William Thomas (Tom) Riggs
Lakewood, WA 98498
Jan 24, 2015

I have been a subscriber for 2 decades. If you can't find a way to stop littering the streets, sidewalks, yards with unwanted plastic advertisements, I will cancel my subscription.

Peter Wimberger
Tacoma, WA 98406
Jan 24, 2015

Ron Shepherd
Tacoma, WA 98406
Jan 24, 2015

Joe Brady
Tacoma, WA 98403
Jan 24, 2015

Advertisers want to advertise. They need to find a clean, non-polluting way to do so. People who want the adverts could provide a tube streets to insert the flyers into that would protect from the wet.

Laura
Seattle, WA 98133
Jan 24, 2015

Cindy Calton
Wilkeson, WA 98396
Jan 24, 2015

Please stop the distribution of ads in the plastic bags. You have other means to distribute - newspapers and mail.

Katrina Thietje-Weihs

Tacoma, WA 98408
Jan 24, 2015

I'm coming close to cancelling my own home delivery subscription. I hate walking down the street and seeing wet, dirty plastic bags full of wet, stinky paper that nobody asked for nor wanted to take in. STOP!!!

Kay Balston
Tacoma, WA 98406

While we're petitioning a noble cause, consider charging 1st Class postage rates to advertisers who use the

U.S. Mail to deliver their ads to our mailboxes. I know of no one who looks forward to sorting the piles of circulars, flyers, and broadsides carried by our postal service at privileged rates. If we stop the taxpayer subsidies bestowed on advertisers, the impact on our waste stream will be even greater than just stopping TNT from littering our streets.

frank c brtek jr
fircrest, WA 98466
Jan 22, 2015

My street is being littered with these plastic bags each week. They are landing in the road, in street storm gutters, and on parking strips. They are clearly unwanted because most home occupants are leaving the trash where it lands. This looks terrible, first of all, and then the trash either clogs storm drains and leads to flooding in our streets, or it breaks down and washes into the Sound. In addition, I have received this garbage at least FOUR times *after* already opting out TWICE. Please stop trashing our neighborhoods and deliver these only to people who request them.

Betsy Tainer
UNIVERSITY PLACE, WA 98466
Jan 20, 2015

As the proud owner of my first home, I spend a lot of time trying to make it look well maintained and cared for. Which can be a struggle due to the fact that we own four large breed dogs. Twice now, I've come home to shredded newspaper pieces and plastic all over the front of our yard. I've also seen pink bags littering our small creeks as well as roadways, sidewalks and railroads. Especially in this day and age, this constant intrusion of litter HAS TO STOP! Thank you for your time and consideration in this matter.

Emily Gray
Tacoma, WA 98445
Jan 20, 2015

I am tired of seeing these bags laying on the ground for days until someone finally picks them up.

Karla
Tacoma, WA 98405
Jan 20, 2015

I'm a resident of an unincorporated community just outside Tacoma city limits. My community, Midland, has been bombarded with these toxic ad-bags by the tens of thousands--most of which end up in the roadside ditches, then some end up in Swan Creek, others into various waterways, and eventually, into the Puget Sound. No other business entity would be permitted to assault our communities and our waters this way, but the News Tribune hides behind Freedom of the Press, and the officials allow them too. Shame on them.

Feb 26, 2015

This petition should be expanded to state wide: I live in Anacortes, WA, subscribe to two local papers, and still get these ads (which all appear in both papers) dumped on my doorstep, as well as on 4 doorsteps at my 3 unit rental every week. Most of my neighbors leave them to disintegrate in their yards: if wrapped in plastic the plastic just blows away. If you call the publisher who produces them (the same one who publishes BOTH newspapers) you're told nothing can be done. IN my case they already profit twice from the same ads, and I'm tired of having to recycle the third one.

Feb 23, 2015

The throwing of unwanted materials onto doorsteps and sidewalks in front of residences and businesses is littering as a majority of the circulars are left littering our streets and the sound for a long time because the plastic they are wrapped in does not decay. To avoid having this unwanted garbage accumulate in front of their properties, residents and business owners are forced to pick these circulars up and dispose of them themselves at their own cost. These are costs the city should be picking up since the city is allowing TNT to use tacomas streets as its public dump

As a frequent world traveler I am amazed at the amount of plastic that 'decorates' our environment . From roadsides that seem to gather 'weeds' to countryside that increasingly grows plastic 'crops'. To rivers and oceans that produce plastic 'fish' at an overwhelming rate. Puget sound is rapidly becoming worldly.

david davies
Bellingham, WA 98229
Feb 22, 2015

Absolutely stop this garbage. If you have to, put ads together with my newspaper, but stop dumping plastic wrapped ads in my driveway!

Allow us to opt out of advertizing packages or put them in without plastic bags! I don't like to see petroleum used to make so many plastic bags, and I don't like to have to dispose of them responsibly (recycle) andt here isn't a sufficient market for recycled plastic, anyway. Thank you.

Jean Waight
Bellingham, WA 98229
Feb 22, 2015

These things can be delivered through the mail like other advertisers do, or they can be delivered to the paper boxes of subscribers. But to throw them indiscriminately in the driveways of all houses (including the vacant) is unconscionable. I recently moved from a West Olympia neighborhood with garages on the alley, not out front. There, the Olympian (another McClatchy paper) throws this plastic-wrapped trash in the alleys where many residents never see it at all, especially those who use their garages for storage and park on the street out front. The homeowners' association complained repeatedly to no avail. This sort of behavior is a pointless blight on the community, and a waste of resources into the bargain.

These weekly ads make a mess of my neighborhood and go directly to trash and recycle at my house. Please stop!!

Shelby D. Robinson
Des Moines, WA 98198
Feb 22, 2015

AS an old paperboy(1962-1967) there is no reason to drop off unwanted publications to people who don't want them. The rule should be that if you receive a paper then it should be up to the customer to say they want to get these ads.

Richard Sramek
Federal Way, WA 98003
Feb 22, 2015

Steve Fogard
Seattle, WA 98133
Feb 22, 2015

I most definitely support this petition!! I NEVER even open that newspaper package that appears unwanted every week. It goes directly into the "recycle" bin. Please stop this waste.

Alice Pfister
Renton, WA 98058
Feb 22, 2015

Please stop the potential polluting of Puget Sound and its environs. I know you have a way to get your message out (mostly advertisers) and environmentally responsible. Thank you

I live in a retirement community, and the reason why this bothers me more than anything else is because it presents as a fall risk. One of my elderly neighbors could go out and try to pick these things up out of their drive ways, and easily lose their balance and fall, breaking a hip or injuring themselves in other ways. I am so afraid that I'm going to come across another neighbor laying in the drive way because of these stupid things.

Kimberly Johnson

I know that the print newspaper business is facing hard times, but throwing garbage in people's yards isn't helping anything and it's most certainly harming the ecology of the sound. Shouldn't the unsolicited wholesale dumping of plastic-wrapped advertisements result in a charge of littering--not for the underpaid folks McClatchy hires, but for the company principals?

We had the same unwanted trash advertisements here in Port Orchard, WA too. They were forced on us and even when I called the Bremerton Sun and complained they gave me the run around. Enough people must have complained because eventually it stopped. This was after we discontinued getting paper copies of the newspaper. Their dumping of advertisements in our yards and driveways is a form of legalized littering. We either pick it up and have to pay to recycle it, or it lays there and rots and looks like garbage anyway.

I understand that it is not convenient to select people who wish to get flyers and those who don't. Mass mailings are a cheaper rate and they go to everybody. But something being done about this plastic trash is a must. It's dangerous for a variety of animals and especially so for sea animals when some of this plastic makes its way to our local waterways. It makes a horrible litter in some areas, basically because people can be pigs and the Tribune makes it easy for them to be so. I'm a Tribune subscriber and have been for years but I don't like supporting this mess with my money.

I am a subscriber to The Olympian, one of the McClatch Company newspaper.
I completely support this
petition as I have seen hundreds of these plastic bags dropped on many
streets in Olympia and Lacey. I have
yet to see anyone pick them up and use the ads contained within the
plastic bags. To me, it is corporate
littering that is in complete opposition and hypocritical to the
editorials I read in The Olympian supporting
environmental efforts such as support for cleaning up Puget Sound.

Whales are found dead due to plastic bags blocking their stomachs.
Clearly circulars should only be dropped
at subscribers' homes. Circulars left at unoccupied homes attract break-
ins as well.

Please understand that unsolicited deliveries of anything onto private property is trespass. Just as it is a misdemeanor to allow ones dog to defecate on a neighbor's lawn it must be considered that depositing anything else is on the same level of activity. The commercial littering of neighborhoods must be stopped and fines issued for each violation.

Be brave -- take a stand! If the News Tribune were to change this practice of using plastic bags to enclose weekly advertisements, it could have a major impact on other newspapers which have the same practice! We will have to change our habits if we want our children and grandchildren to have a livable environment. Start small by NOT USING PLASTIC BAGS to wrap advertisements. Plastic winds up in Puget Sound and harms the ocean and all life within it, which ultimately harms us and all life.

Just like the uninvited stuffing of my mailbox with advertisements? But in that case, my local Post Office is being paid for the privilege of needing to carry tons of paper waste out to a recycling center. Nobody in their right mind will sign-up to receive these plastic death-bags! This happened to RadioShack when they tried introducing their CueCat. That was a major flop as it was based on the idea that private individuals will request advertising on-the-fly. I'm sure the News Tribune understands that they will not be able to sell adspace to their business partners if they need to ask permission first from homeowners. Maybe there could be an environmental impact study commissioned to estimate the cleanup costs to the sound, and use that to fine the paper for littering?

Dear News Tribune, I was about to get a new subscription to the paper. I think this bag of advertisements is a waste of our resources, an eyesore to the neighborhood and most of all an inconvenience when it is dropped by the curb and I need to go retrieve it. Tacoma is having enough trouble with trash on our sidewalks and on our streets. Please, stop contributing to this blight. Sincerely, Susan Phan 253.229.1803

Its a crime to cause toxic waste. Its time to stand up to big business that is willing to destroy with their toxic waste. Do not buy or support any comoany that assaults us. The corporations would crumble if we knew our only vote was with what we spend our money on.
