Memorandum

TO: Members of the City Council
FROM: Elizabeth Pauli, City Manager

COPY: Andy Cherullo, Director of Finance
SUBJECT: One-Time and Ongoing Budget Proposal History for 2023-2024
DATE: June 17, 2024

SUMMARY AND PURPOSE:

The Finance Department and the Office of Management and Budget (OMB) provided a briefing to the City Council on June 11, 2024, regarding the state of the City's finances and the financial forecast for the next six years. This presentation provided the Council with context for the budget development process as it will consider a proposed 2025-2026 Biennial Budget in the fall of this year. As part of that presentation, Councilmembers expressed interest in knowing more about one-time budget proposals that were included in the past few budget cycles. Attached to this memo is a tracking report maintained by OMB which shows programs and initiatives with one-time funding from both the 2023-2024 budget development process and modification (MOD). This report shows proposals across ALL funds.

BACKGROUND:

As a matter of best financial management practice, the City has differentiated its expenses between those that are one-time and ongoing in nature. In general one-time expenses are, as the name suggests, those that take place only once. An example of a one-time expense may include items like funding for a purchase of equipment, specific projects, or pilots or limited duration programs. Ongoing expenses are those costs that are projected to occur on a regular basis. All budget proposals are submitted and approved according to these two duration designations.¹

Designating these proposals as one-time or ongoing in nature helps staff project expenses over time. To do this projection analysis, staff's first step is to remove one-time approvals from departmental baseline budgets. These costs are not assumed into the expense or revenue projections in future years, such as the 2025-2026 Baseline Budget. Only ongoing costs are included in the baseline process.

The attachment herein provides a summarized view of one-time proposals that were included in the budget adopted by the City Council during the 2024-2024 Budget Development Process and the 2023-2024 Budget Modification (MOD). The one-time or ongoing nature of proposals was also included in the departmental pages of the budget document for 2023-2024.

ATTACHMENTS:

- One-time and Ongoing Budget Proposals (2023-2024 Budget Development and Budget Adjustment Processes)

¹ Some one-time projects experience delays. The City accommodates for these delays through the budget adjustment processes (Reappropriation and Budget Modification).

COUNCIL SPONSORS:

Mayor Woodards

BACKGROUND:

In 2019, Resolution 40502 established the formal structure of the Mayor's Youth Commission of Tacoma and appointed the inaugural leadership team. Each year since then, the Mayor's Youth Commission elects a 10-member Leadership Team from the general membership to serve a one-year term: a Chair and Vice-Chair of the entire Commission, as well as a Chair and Vice-Chair of each of the four committees. The Leadership Team is confirmed by the City Council. The Leadership Team meets twice each month and hosts a General Assembly meeting once per month.

The Mayor's Youth Commission convened on June 15, 2024, to elect a new Leadership Team to represent all members of the Commission and have submitted their names for confirmation. At this time, seven individuals are being recommended to the City Council for confirmation. Three additional individuals will be recommended for confirmation to the Mayor's Youth Commission by the City Council at a date to be determined, after additional recruitment over the summer.

COMMUNITY ENGAGEMENT/ CUSTOMER RESEARCH:

The recruitment for new leadership was led by the Mayor's Youth Commission, with support from the Commission Liaison from the City, Graduate Tacoma, and from the Foundation for Tacoma Students. The primary method of recruitment was through emails to existing members, social media campaigns through the Commission's social media accounts, through partner channels of the Foundation for Tacoma Students, the City of Tacoma's Media and Communications Office, and communications sent to students and their families by the Tacoma Public School District.

Education: *Equity Index Score:* High Opportunity

Increase the number of quality, after-school-learning opportunities distributed equitably across the city.

Engagement: *Equity Index Score:* Moderate Opportunity

Increase the number of residents who participate in civic volunteering and voting. To that end, elected officials, boards, commissions, and volunteer leadership will reflect more of the diversity of the Tacoma community. Youth engagement will increase the percentage of residents who believe they can have a positive impact in their communities, and develop trust in the public institutions of Tacoma.

Explain how your legislation will affect the selected indicator(s).

The Mayor’s Youth Commission provides opportunities for out-of-school time enrichment, and engagement with City and community leaders. The Community Based Commission engages middle and high school students in a reciprocal opportunity for young people to participate in local government, impacting many of the Civic Engagement indicators.

ALTERNATIVES:

Alternative(s)	Positive Impact(s)	Negative Impact(s)
1. Do not appoint new members		The Commission will have no appointed members to take official actions as the existing youth term ended June 30, 2024

EVALUATION AND FOLLOW UP:

Each year, the outgoing Leadership Team submits an Annual Report to the City Council that highlights what they have accomplished and outlines their ongoing goals/projects to be continued by the next Leadership Team. This serves as an opportunity for the Council to evaluate their work and engage in discussions with the Commission on continued actions.

STAFF/SPONSOR RECOMMENDATION:

Staff recommends the appointment of all individuals elected by the 2023-24 Mayor’s Youth Commission members to the Mayor’s Youth Commission Leadership Team for the 2024-25 service year.

**CITY OF TACOMA, WASHINGTON
OFFICE OF THE CITY COUNCIL
COUNCIL CONSIDERATION REQUEST**

TO: Mayor & City Council
FROM: Council Member Joe Bushnell and Senior Council Policy Analyst Lynda Foster
COPIES TO: Elizabeth Pauli, City Manager; Hyun Kim, Deputy City Manager; Melanie Harding, Assistant to the City Manager; Chris Bacha, City Attorney
SUBJECT: **Resolution – contingency fund request supporting the South End Neighborhood Council’s Block Party & Resource Fair**
DATE: June 26, 2024

I ask for your support for a Council Contingency Fund expenditure to provide \$10,000 in services for the South End Neighborhood Council Block Party & Resource Fair.

LEGISLATIVE INTENT:

The South End Neighborhood Council (SEnCo) is hosting their 2024 Block Party & Resource Fair on Saturday, July 20, from 3pm – 7pm, at S 72nd and S D Street. The event will provide 300 free meals to community attendees and include South End and culturally relevant music. Representatives from the Tacoma-Pierce County Health Department, Safe Streets, Tacoma Public Library, Trust for Public Land, Impact Elementary, Pierce Conservation District, and others will host booths at the event and provide the community resources.

This location was selected because SEnCo is in year two of the S 72nd and D St. Green Space and Mural Project. This project came about as SEnCo looked to find a solution for a space that attracted nefarious activities and litter and dumping. SEnCo began to engage neighbors, occupy space with positive actions, and view the opportunities for green spaces differently. Nearly two blocks of residential right of way has been cleaned, soil amended, trees and understory planting added. Over 15 murals have been added to the retaining wall that runs along the space. Neighbors volunteer to maintain and improve the area so it continues to be a positive community space. The block party & resource fair continues to celebrate this community transformation and gathers community to come together and celebrate what is possible when South End residents band together to improve their neighborhood.

This resolution would support the event by providing up to:

- \$1,500 to pay for stage equipment, sound system, generator, and entertainment,
- \$7,100 to pay for food truck meals and picnicware for 300 people,
- \$900 to pay for special event insurance, and
- \$500 to pay for unanticipated costs and art supplies/sustainable giveaways for block party activity.

These services will support SEnCo in their efforts to attract attendees to the event in order to share information about public resources offered by the City of Tacoma and other organizations, and to build community connections and increase participation in SEnCo meetings and activities.

Background on City funding for SENCo’s 2024 Block Party & Resource Fair:

The South End Neighborhood Council has a contract with the City for \$4,000 a year for operating costs. SENCo applied for the City’s special event funding and received \$2,500 for this event that will be used for a community art activity during the event and funding ice cream for dessert.

FUNDING REQUESTED:
\$ 10,000

DESIRED RESOLUTION DATE: July 16, 2024

COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH):

SENCo has led community organizing to transform the 74th and D Street open area into a green space that show cases public art and invites positive community activities. SENCo’s 2024 Block Party & Resource Fair is a continuation and celebration of these efforts. SENCo leadership requested this funding from Council contingency.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

This location is in an area that ranks very low opportunity on the City’s equity index. It is in an area of town that has access to fewer community events that create a sense of place and brings neighbors together.

Civic Engagement: *Equity Index Score: Very Low Opportunity*

Increase the percentage of residents who believe they are able to have a positive impact on the community and express trust in the public institutions in Tacoma.

Livability: *Equity Index Score: Very Low Opportunity*

Increase positive public perception of safety and overall quality of life.

Improve access and proximity by residents to diverse income levels and race/ethnicity to community facilities, services, infrastructure, and employment.

Explain how your legislation will affect the selected indicator(s)?

The South End Neighborhood Council has done significant work in this area through volunteers, community partners and others to create a once blighted space into a more desirable and less disruptive location to the community. SENCo has demonstrated that they are committed to continuing their work here and this block party & resource fair will solidify and celebrate the work of local artists and the reclamation of this space for the community, while connecting residents in very low opportunity areas to resources.

ALTERNATIVES:

Alternative	Positive Impacts	Negative Impacts
1. Do not provide contingency funds to supplement the City’s special event funding	Directs organizations seeking event funding to our competitive funding process so all events are considered on an even playing field, which factors in a desire for equitable investments.	SENCo does not have enough funding to accomplish this event without additional support. Time spent recruiting sponsors would take away from efforts to promote the event and increase attendance.

EVALUATIONS AND FOLLOW UP:

These contingency funds are provided to support SENCo’s 2024 Block Party & Resource Fair, and contingency funds are intended as a one-time funding source and should not be used for this event in future years. Event organizers will be provided with information on how to apply for future grants and event funding opportunities at the City of Tacoma during standard application cycles. SENCo should share data after the event on how many individuals attended, what organizations participated in informational tabling and information sharing, and how many individuals engaged further with SENCo activities.

SPONSOR RECOMMENDATION:

Sponsors recommend providing \$10,000 in contingency funds to SENCo’s Block Party and Resource Fair, in order to support SENCo’s efforts to create a community event in a very low opportunity area with few opportunities to gather neighbors, and to educate the community about City of Tacoma and other government’s programs and resources.

FISCAL IMPACT:

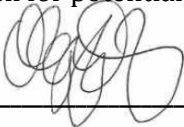

This resolution would allocate \$10,000 from the Council Contingency Fund.

If you have a question related to the Council Contingency Fund Request, please contact Lynda Foster at 253.591.5166 or lfoster@CityofTacoma.org.
