Future:			
August 23, 2017	Transportation Master Plan Performance Measures [Informational briefing]	Jennifer Kammerzell, Engineer, PW	Public Works staff will present a progress update on the Transportation Master Plan – System Performance Measures to the Infrastructure, Planning, and Sustainability Committee meeting. The presentation will include an overview of the adopted system performance measures and progress report on establishing baseline measures.
	Green Roads Update [Informational Briefing]	Jim Parvey, OEPS/Chris Larson, PW	The update will provide the status of developing a Green Roads Policy and Program to guide the City’s planning, design and maintenance of roads and other transportation infrastructure. The update will discuss existing policies and detail the next steps in the program’s development.
	Street Naming Process [Informational Briefing]	Josh Diekmann, Reuben McKnight	The presentation will provide a general overview of the naming process currently in place, especially City Council Resolution 38091 which adopted policies to ensure proposed place name (and street name) changes are thoroughly vetted. The presentation will also likely discuss how honorary street and place names are reviewed and approved, how street name changes are made, and other basic conventions and constraints in the MUTCD and in Chapter 4 of the City’s Right of Way Design Manual.
