Commissioner Cade asked Ms. Sellers to clarify her comment about historical racism regarding College Park as well as diversity on the Commission.

Commissioner Hart provided comments about the importance of understanding the redlining maps that Ms. Sellers mentioned.

Chair Bartoy discussed the Commission's prior efforts regarding equity.

Commissioner Zeno asked how the Commission can be more informed and learn about the people who influence the policies and direction of the City.

Ms. Sellers stated that she has additional resources and information she can share to help answer these questions.

6. DESIGN REVIEW

A. 1109 N. 7th *Front elevation alterations*

Mr. McKnight read the staff report as provided in the packet.

Mr. Kuraspediani provided additional information regarding the sidelights.

Chair Bartoy asked if the windows that were approved to be replaced are non-historic.

Mr. McKnight clarified that the previous owner did not have permits for the work that was previously done on the house.

Commissioner Cade asked if it is possible to incorporate sidelights around the left door.

Mr. Kuraspediani noted that he is open to the sidelight and is fine with the single-door option.

Mr. McKnight asked for clarification on the door options.

Chair Bartoy stated that the sidelights look historic, are character-defining for the entry, and should be retained. He added that he cannot see the Commission approving the removal of the sidelights because it goes against the North Slope District guidelines.

Commissioner Cade agrees that the sidelights are historic and should be preserved. She has no problem with the door on the left having no sidelights.

Mr. McKnight summarized the Commissioners' thoughts and concerns.

Commissioner Hart asked for clarification about the historic door and the lite above the door.

Chair Bartoy stated that the Commission had no strong feelings about the door without the sidelights and encouraged Mr. Kuraspediani to propose the opening he wants to the Commission.

Commissioner Hart moved the Landmarks Preservation Commission approve the application 1109 N 7th Street for the option of replacing the single door while retaining the sidelights and replacing the current double door with a single door and infilling with the appropriate siding, as indicated in guidelines. Commissioner Sullivan seconded the motion. The motion passed unanimously.

7. BOARD BUSINESS/COMMUNICATION ITEMS

A. Equity Committee updates

Mr. McKnight made comments about the Equity Committee and how it can be significant and build momentum for the work of the Commission.

Commissioner Zeno explained why he inquired about the Equity Committee and what can be done to share knowledge.

Commissioner Sullivan agreed with Commissioner Zeno and added that preservation goes beyond the built environment.

Commissioner Hart asked if other groups outside of the Commission would be involved to have a more holistic conversation.

Commissioner Cade agreed with Commissioner Sullivan that preservation is about who and what shaped the City. She also asked if it would be possible to have a meeting as a Commission devoted to the topic of equity.

Discussion ensued regarding interest in a retreat.

Mr. McKnight appreciates the reminder of this and stated that this should be on the radar for next year. He also added that collaboration with the tribe to find other places to landmark would be beneficial.
