How does a project get into the CFP?

- Projects should flow from other plans
 - Vision 2050
 - Tacoma 2025
 - Comprehensive Plan
- CFP should be the narrowest plan
 - Represents “achievable” projects over the 6-year period
 - Make projects eligible for different funding sources

RT0 "over a horizon" to me means on the other side of the horizon, or more than 6 years from now. But this means within the next 6 years, correct? It'd be good to disambiguate this.
