<b>Future:</b>			
<b>March 14, 2018</b>			
<b>March 28, 2018</b>	Nature's Scorecard		<p>at the request of Beale and Mello: Puget Soundkeeper Alliance and WA Environmental Council recently released Nature’s Scorecard – a tool to determine how well Puget Sound cities and counties are protecting our waters and using green solutions when planning for growth. As you well know, all large cities and counties were required to update their development codes and regulations in 2016 to make low-impact development the “preferred and commonly used approach” under their NPDES stormwater municipal permits. We believe your community went above and beyond on this permit requirement, showing true leadership and vision. And we’ve given you a green star on Nature’s Scorecard as a result - well done!</p> <p>We’d love to come present Nature’s Scorecard to your council. We’d keep it</p>

			brief but the goal would be to recap what the scorecard is and then discuss how we designated you as a green star
	2018 Amended and 2019-2024 Transportation Improvement Program	Diane Sheesley, Engineer, PW	Follow up from 2/28 meeting with any revisions to the added and deleted list including a draft of the document.
