AT A GLANCE

# THE CITY OF TACOMA

Tacoma is a mid-sized urban port city with a population of approximately 203,500. The third largest city in the state of Washington, it is a diverse, progressive, international city that serves as a gateway to the Pacific Rim and the rest of the world.

Named one of the most livable areas in the country by Livability.com, Tacoma's urban core has steadily evolved since the 1990s, and has been propelled by significant developments that include the arrival of the University of Washington Tacoma, State Farm Insurance, the Tacoma Link light rail system, Washington state's highest density of art and history museums, the restored urban waterfront of the Thea Foss Waterway, and the expansions of the Multicare and Franciscan health systems. In addition, a high-tech industry invigorates the region, and Tacoma Public Utilities has invested more than \$100 million in 700 miles of fiber to create Tacoma's high-speed communications network.

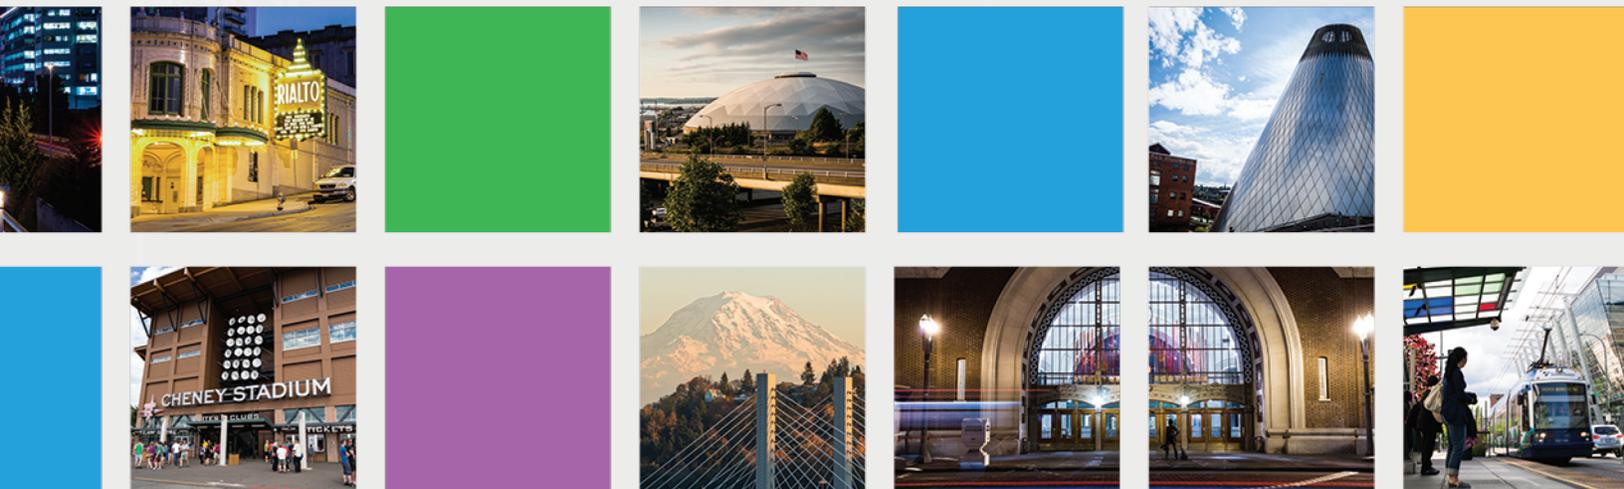

The iconic Tacoma Dome serves as a regional venue for some of the largest names in the entertainment industry. Tacoma is also home to a vibrant, creative community of emerging writers, artists, musicians, photographers, filmmakers, chefs, passionate entrepreneurs, and small business owners who add to the city's colorful commercial landscape. In addition, Tacoma serves as a base for large companies like State Farm Insurance, BNY Mellon, Columbia Bank and Key Bank. Joint Base Lewis-McChord, the Defense Department's premiere military installation on the West Coast, is just nine miles south of Tacoma.

Attracting families who have invested in the area for its charming neighborhoods and big city amenities, Tacoma is a magnet for downtown dwellers looking for competitively priced condominiums and apartments with picturesque mountain and water views.

A playground for hikers, runners, bicyclists and maritime enthusiasts, Tacoma is full of activity at every turn that is further accelerated by the young people attending the University of Washington Tacoma, the University of Puget Sound, and local trade and technical colleges. Located just 20 minutes away from the Seattle-Tacoma International Airport and easily accessible from downtown Seattle and other neighboring cities, Tacoma is a city on the rise.

October 6, 2014

To the Honorable Mayor and City Council:

I am pleased to transmit the 2015-2016 Balanced Proposed Budget for the City of Tacoma. The recommendations included in the Proposed Budget are focused on the City's core mission and basic City services, and they address the City Council's budget priorities and community needs while maintaining financial strength.

Due to tough choices and difficult decisions made over the last biennium, the 2013-2014 biennium is projected to end with revenues exceeding expenses. The 2015-2016 Proposed Budget continues this emphasis on prudent financial management.

The 2015-2016 Proposed Budget ensures that ongoing General Fund expenses are aligned with recurring revenues in order to maintain current service levels. Using surplus savings from 2013-2014, funding for one-time reinvestment and redevelopment efforts will help to address residents' desire for a walkable community with vibrant business districts.

The 2015-2016 Proposed Budget includes funding for strategic infrastructure investment for street maintenance and capital projects. In addition, the Proposed Budget begins to fund improvements to address the City's deferred maintenance by including funds for facilities, information technology, and vehicle replacements.

The City is now on a path to better financial health through its efficient management of expenses and increased financial reserves. The 2015-2016 Proposed Budget includes General Fund reserves of 15%, meeting the City Council's established goal.

I would like to express my sincere appreciation to the City Council and Tacoma residents for providing valuable policy guidance and input in developing the 2015-2016 Proposed Budget. I would also like to thank City staff for their dedication and commitment to excellence in budgeting and service delivery. We are all committed to serving the Tacoma community and I am confident that this Proposed Budget will contribute to Tacoma's bright future.

T.C. Broadnax, City Manager

# BUDGET HIGHLIGHTS

The City's 2015-2016 Proposed Biennial Budget reflects a continued commitment to strong financial responsibility and is a framework for how the City plans to use its resources to serve the community. Through careful financial management and recurring revenues and targeted reductions, the Proposed Budget for 2015-2016 is balanced and allows the City to maintain current levels of service.

Additionally, the 2015-2016 Proposed Budget provides funding for deferred maintenance (such as City facilities and information technology) and strategic infrastructure investments (including street maintenance, repair, and capital projects). Through the use of one-time savings from 2013-2014, the City will also fund one-time reinvestment and redevelopment efforts to respond to residents' desire for a walkable community and vibrant business districts.

## 2013-2014 BIENNIUM

In the 2013-2014 Biennial Budget, the City addressed a \$60 million General Fund budget gap between revenues and expenses by balancing the need for savings with effective delivery of services.

In June 2014, staff presented to the City Council a six-year forecast. To maintain the current levels of service, the difference between revenues and expenses in the General Fund was projected to be \$6 million in 2015-2016. This shortfall between revenues and expenses would increase substantially if the City were to address deferred maintenance and provide funding for enhanced services.

Over the last two years, the City carefully reviewed expenditures, monthly financial reports, and methods for monitoring its budget. As a result, the City is expected to meet reserve goals, set aside savings to fund one-time projects in 2015-2016, and propose a balanced 2015-2016 budget that funds recurring expenses with recurring revenues.

## ECONOMIC CONDITIONS

Overall, economic conditions are improving; however, the effects of the 2008 recession are still being felt in the city. The recovery is continuing at a slow pace and the level of uncertainty about the economy remains high due to slow growth in jobs, personal income, business, consumer confidence, and the housing market.

# COMMUNITY FEEDBACK

While developing the 2015-2016 Budget, the City held community meetings in each of the City’s five Councilmanic districts, provided a budget website, survey, interactive budgeting tool, and an online community feedback platform, and met with staff from all of the City’s departments.

The City asked community members what they thought about the quality of City services and for their priority of services. Safety, as well as improvements to streets and community infrastructure, continues to top the community’s list of priorities.

## Public Comment Breakout from Community Budget Meetings

# 2015-2016 BUDGET DEVELOPMENT

## BUDGET STRATEGY

The 2015-2016 Budget Strategy represents the City's efforts to build upon practices developed in 2013-2014 to become financially sustainable.

### CONTINUE SOUND FINANCIAL MANAGEMENT PRACTICES

15%

The General Fund is projected to meet the City's financial reserve goal of 15% of annual expenditures, with surplus funding in the 2013-2014 Budget. This surplus one-time savings will be used to fund one-time expenses.

### DEVELOP A LONG TERM VISION

3.7K

Community outreach efforts and visioning events were held in the summer of 2014 to develop the Tacoma 2025 Vision and Strategic Plan. Engagement was done online, at community events, and through in-person meetings. Through these efforts, the City had more than 3,700 interactions with residents. Tacoma 2025 will be adopted by the City Council in late 2014.

### REVIEW AND ADDRESS MAJOR COST DRIVERS

69%

Salaries and benefits represent over 69% of the costs in the General Fund. In order to address these costs, the City is reviewing healthcare benefits and implementing an employee wellness program.

### EVALUATE REVENUE OPTIONS

2%

Revenues are projected to grow at approximately 2% annually over the next two years. This growth is slower than expenses and many state, federal, and voter approved restrictions limit increasing revenues. The City is identifying areas where fees are not covering costs of service and looking to enhance compliance efforts to ensure fair implementation of existing tax codes.

### RETAIN SERVICES THAT CREATE A VITAL AND LIVABLE COMMUNITY

58%

The 2015-2016 Proposed Budget retains key services such as public safety, which represents 58% of the General Fund budget.

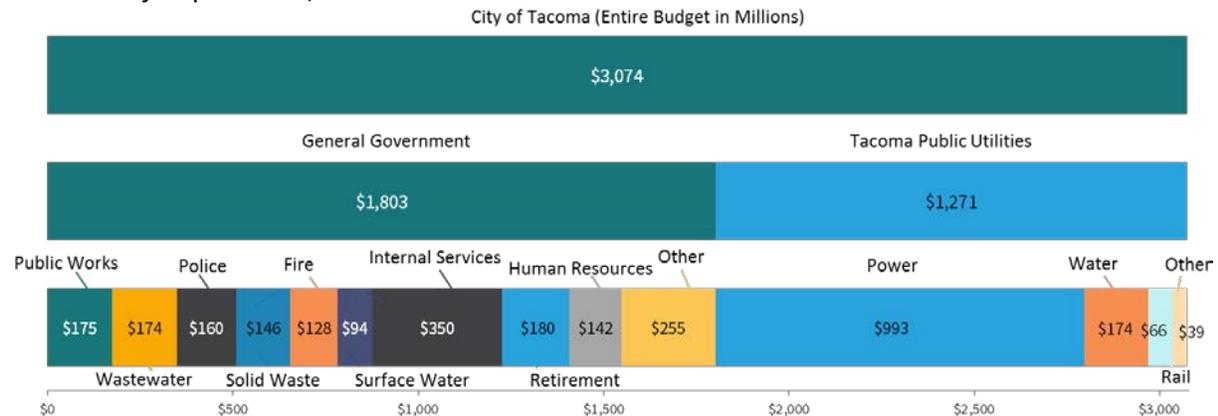

### IMPLEMENT BEST PRACTICES AND CONTINUE TO TRACK PERFORMANCE

29

The City was awarded the Certificate of Excellence from the ICMA Center for Performance Analytics (the highest level awarded - only given to 29 cities across the country) and the 2015-2016 budget document includes performance measures for each department. The City is also expanding its continuous improvement efforts in 2015-2016.

# CITYWIDE BUDGET BY DEPARTMENTS AND UTILITIES

The City provides a variety of services, ranging from utilities to public safety to street repair to funding for human services. The City's total 2015-2016 Proposed Budget is \$3.07 billion. Below is a breakdown of the Proposed Budget for the entire City (first by General Government and Tacoma Public Utilities, and then by department).

Internal Services includes City Council, City Manager's Office, Finance, Information Technology, Office of Management & Budget, and City Attorney's Office, and General Government Other includes smaller departments such as Neighborhood & Community Services, Libraries, and Community & Economic Development.

## POLICE

The Police Department provides patrol services, community based policing, and criminal investigations. It also manages jail, dispatch, and contracted services.

## FIRE

The Fire Department provides 9-1-1 dispatch and emergency communication services, fire suppression, and emergency medical services. It also assists in planning for emergency management and fire prevention for the community.

## UTILITIES

The City of Tacoma provides utility services for power, water, surface water, wastewater, and solid waste. These services are entirely funded through user rates.

## LIBRARIES

The City manages eight libraries throughout Tacoma that provide access to traditional library services, computers, and electronic items.

## PUBLIC WORKS

Public Works manages the City's facilities, parking system, fleet, and street maintenance and operations.

## NEIGHBORHOOD AND COMMUNITY SERVICES

Neighborhood and Community Services manages the City's contracting process with organizations throughout Tacoma, provides senior services, and ensures compliance with City codes by property owners.

The City manages these services using accounts – called funds – to track expenses and revenue sources. Of the total Proposed Budget, \$423.30 million or 14% is allocated to the General Fund, which is associated with traditional City services such as Police, Fire, and Libraries.

# REVENUES

## GENERAL FUND

Major revenue sources for the General Fund include property tax, sales tax, business tax, and utility tax. The City will continue to monitor these revenue sources throughout the biennium and ensure compliance with existing tax codes.

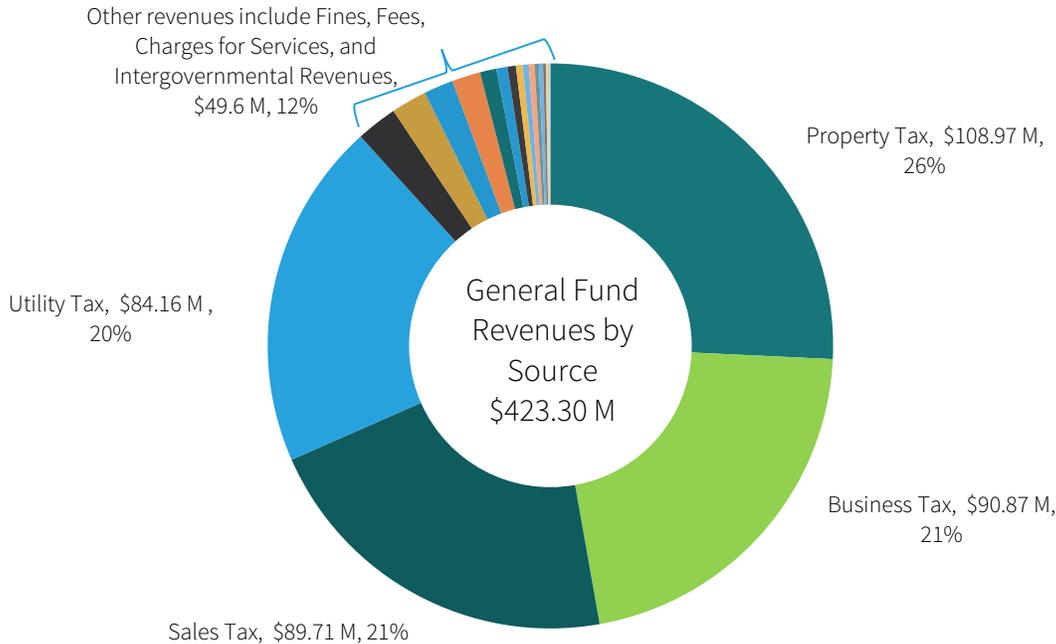

**PROPERTY TAX** represents **\$109 million** or **26%** of the General Fund Revenues. Property Tax revenues are limited by state law. The City’s revenues can only increase by 1% from year to year, as well as adding additional revenues through new construction.

**BUSINESS TAX** represents **\$91 million** or **21%** of the General Fund Revenues. Business Tax is paid based on the total income of a business. The City offers exemptions from business taxes for businesses whose gross receipts are less than \$250,000 annually. These revenues are also dependent on economic conditions.

**SALES TAX** represents **\$90 million** or **21%** of the General Fund Revenues. Tacoma consumers pay a sales tax rate of 9.5% of which 1.0% is the City’s General Fund portion and 0.1% funds mental health and chemical dependency services. These revenues are highly variable depending on economic conditions.

**UTILITY TAX** represents **\$84 million** or **20%** of the General Fund Revenues. Utility Taxes are paid by public utilities and are calculated based on the total operating revenues earned by the utilities.

# EXPENSES

## GENERAL FUND

Police and Fire Services represent nearly 60% of the General Fund budget. Other core services include Libraries, Public Works, Municipal Court, Neighborhood & Community Services, and Community & Economic Development. The 2015-2016 Proposed Budget:

### INFRASTRUCTURE

- Increases support for street maintenance and repair, including dedicating funding to pothole repair, improving pedestrian infrastructure, and providing grant match funding

### PUBLIC SAFETY

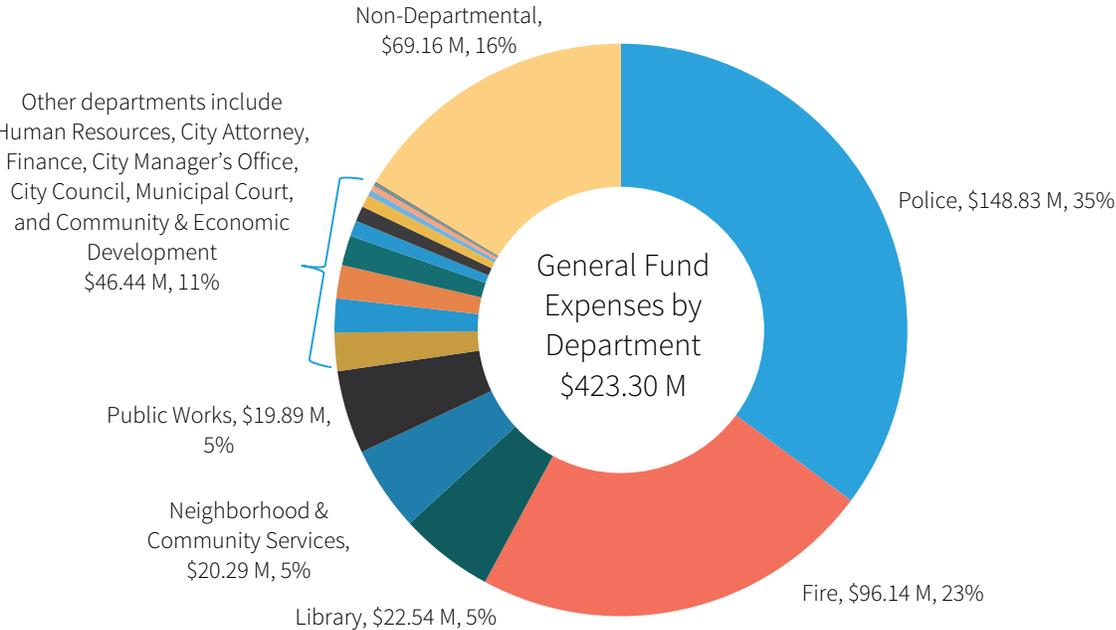

- Maintains current Police and frontline Fire staffing levels, continues to fund the City’s Rapid Graffiti Removal pilot program, and funds replacement of Police and Fire vehicles

### ECONOMIC DEVELOPMENT

- Funds capital projects to encourage catalytic economic development and supports revitalization of City neighborhoods and business districts through streetscape funding

### OTHER SERVICES

- Enhances library services by funding Radio Frequency Identification, implementing an equity and empowerment initiative, and addressing deferred maintenance by funding fleet replacements, information technology improvements, and projects at the Tacoma Dome and Greater Tacoma Convention & Trade Center.

# ENHANCING PRIORITY SERVICES

## INFRASTRUCTURE

The Proposed Budget includes over \$12 million in enhanced General Fund and capital funding to improve the City’s infrastructure needs.

The budget includes \$2.6 million in new funding for a dedicated permanent pothole repair crew. The crew will improve services by providing quicker and longer lasting pothole repairs.

In response to Tacoma residents’ desire for a walkable community, over \$3 million in funding is included in the budget for citywide sidewalk, pedestrian, and trail improvements. Pedestrian improvements include ADA ramps, pedestrian signals, video sensors at intersections, flashing beacons, and other enhancements. Funding is also included for the continued expansion and other improvements to the Prairie Line Trail.

\$400,000 is included to continue the City’s Local Improvement District Program (which provides opportunities for property owners to pay for improvements to street and alley paving, sanitary sewers, street lighting, or underground wiring), and \$350,000 is allocated to enhance and beautify city entranceways.

Other infrastructure items include \$1.4 million in capital funding for maintenance of the Puyallup River Bridge and \$1.3 million for an Eastside polychlorinated biphenyl (PCB) cleanup project.

## LEVERAGING GRANT FUNDING

General Fund and capital funding will be used to leverage grant funding. The City expects that \$2.3 million in City funding for streets and infrastructure will generate an additional \$19 million in grant funding from federal and state sources. Grant funded projects include the Water Ditch Trail, Stevens and Tyler bicycle and pedestrian improvements, Puyallup River Bridge, and Prairie Line Trail.

# ENHANCING PRIORITY SERVICES

## PUBLIC SAFETY

Police and Fire services remain at 2013-2014 service levels. The budget includes no reduction to fire station staffing or police officers, and fully funds firefighters and police officers that will no longer be funded through federal SAFER and COPS grants.

The budget also continues to fund the predicative policing program and allocates \$2.5 M for the replacement of Police and Fire vehicles. Additionally, \$200,000 in funding is included for the continuation of the Rapid Graffiti Removal pilot program to address key corridors throughout the City. This funding will support up to 300 graffiti removals per year.

## ECONOMIC DEVELOPMENT

The City is progressively taking action to revitalize city neighborhoods and business districts, support development opportunities for local companies, retain and attract new business, and create jobs for the community.

The Proposed Budget dedicates \$400,000 in capital funding to leverage private sector funds for projects encouraging catalytic economic development.

These projects include: pedestrian connections, installation of sidewalks, landscaping, historic street signs and other signage, park improvements, street improvements, gateways, and art installation.

Funding is included to support revitalization and streetscape improvements in key corridors and business districts. \$1.2 million in General Fund and capital funding as well as \$3 million in reallocated bond funds will be directed to provide infrastructure and revitalization improvements for the city's Lincoln District. \$1 million in General Fund and capital funding is included for South Tacoma Business District streetscape and beautification efforts. The Proposed Budget also provides \$360,000 in funding to support the Neighborhood Council Innovative Grants Program.

## OTHER ENHANCED SERVICES

### LIBRARIES

Through a combination of General Fund and Library Trust funding, a total of \$400,000, the Library will implement a Radio Frequency Identification (RFID) initiative. The initiative includes purchasing RFID tags for all libraries, program software that interfaces with the current integrated system, and one self-check station and security gates for the Main Library.

### EQUITY AND EMPOWERMENT

Existing resources will be used to begin an equity and empowerment initiative. A new office will be created to assist in identifying and eliminating the underlying drivers within the community that perpetuate inequity and provide opportunity and advancement for all. Human Rights staff within the office will work to inform approximately 5,000 businesses, housing providers, and community members of their rights and responsibilities under relevant anti-discrimination laws and statutes.

### DEFERRED MAINTENANCE

Investments in deferred maintenance will allow the City to address a backlog of repairs and help improve service delivery to its residents.

The 2015-2016 Proposed Budget:

- Dedicates funding to upgrade computers and software
- Begins to address deferred fleet maintenance, including \$2.8 million for Police, Fire, and Public Works vehicles
- Provides \$1.4 million for maintenance and facility improvements at the Tacoma Dome and Greater Tacoma Convention & Trade Center

### TAX & LICENSE COMPLIANCE

The 2015-2016 Proposed Budget increases staffing and funding for Tax and License compliance to ensure fair and equitable enforcement and collection of business operation licenses in the city. Enhanced enforcement efforts are expected to result in increased revenues for the General Fund.

# FIRE FEE UPDATES

Several updates to fees for Fire related services are included in the 2015-2016 Proposed Budget to help offset the impacts of expiring SAFER grants and maintain Fire staffing levels. Maintaining staffing levels for expiring SAFER grants will result in added personnel costs to the General Fund over the 2015-2016 biennium.

The Proposed Budget includes \$450,000 in revenues from the implementation of fire inspection fees for commercial, multi-family, and industrial buildings within the City of Tacoma’s Fire Protection Service Area. These fees are currently in place in comparable regional jurisdictions.

Increased Advance Life Support (ALS) fees are included in the 2015-2016 Proposed Budget to cover growth in service costs. The City last adjusted ALS Fees in 2005.

The Proposed Budget also includes a service fee to be included on the bills of water utility customers to cover fire hydrant maintenance and service. The City, through its water utility, currently maintains and services over 6,200 fire hydrants throughout Tacoma. Funding for fire hydrant services is currently provided through General Fund revenues but is proposed to transition to a two-year phased-in water customer fee. Under the plan, beginning in April 2015, half the cost of fire hydrant services would be included as a fee on Tacoma residents’ water bills. In 2016, the bill would incorporate the full fee of approximately \$2.25 to \$2.50 per month. Moving to a service fee for fire hydrants is estimated to shift \$2.2 million in cost recovery for these services from General Fund revenues to water customer fees over the course of the 2015-2016 biennium.

# OTHER NOTABLE ADJUSTMENTS

## UTILITY RATES

The City operates several large utilities under the direction of the Public Utility Board, including Tacoma Power, Tacoma Water, and Tacoma Rail. The City of Tacoma also manages utility services through its Environmental Services Department which includes Solid Waste, Waste Water and Surface Water Management. The following system average rate increases are projected for the 2015-2016 Biennium:

Utility	2015	2016
Power	3.0%	0.0%
Water	4.0%	4.0%
Rail	0.0%	TBD
Solid Waste	5.0%	5.0%
Wastewater	6.0%	6.0%
Surface Water	5.5%	5.5%

## EMPLOYEE COMPENSATION & BENEFITS

The Proposed Budget includes contractually obligated pay increases for represented employees. For union contracts yet to be settled, the Budget includes projected increases based on history.

Non-represented salary increases included in the Proposed Budget are based on market data for specific job classifications and include salary adjustments for non-represented employees with identified compression issues. On average, non-represented salary increases are budgeted at 3.35% per year.

Health and benefits changes for employees continue to be negotiated and negotiations are nearing completion. The Proposed Budget projects health and benefit rates similar to those budgeted in 2014. The Budget also includes funding for the implementation of an employee wellness program to promote and support the health, safety, and well-being of City employees.

## PERSONNEL COMPLEMENT

The 2015-2016 Proposed Biennial Budget includes a total of 3,634 authorized full-time equivalents (FTEs) in all funds. The following table illustrates the annualized FTEs for each biennium listed as well as the difference between the 2013-2014 Adopted Budget and the 2015-2016 Proposed Budget.

# FINANCIAL POLICIES

---

The Financial and Budget Policy Statement assembles the City’s key financial policies in one document. These policies are intended to guide the City in meeting its immediate and long-term objectives. The City of Tacoma is accountable to its citizens for the use of public dollars. All activities supported by the City must function within the limits of its financial resources. We recognize that our financial policies are applied over periods of time extending well beyond the current budget period. This cannot be accomplished if we allow long-term deficits or choose to support on-going needs through one-time revenues.

## Budget and Contingency Policies

To ensure that financial stability is maintained, a budget showing that revenues and other financing resources meet or exceed expenditures/expenses will be prepared and adopted by the City Council. A fiscally sound budget will include the following:

- An adopted budget that will fund recurring operating expenditures/expenses with recurring operating revenues.
- The Contingency Fund may be funded at the beginning of each biennium in an amount not to exceed \$3 million. The 2015-2016 Proposed Biennial Budget includes a contingency fund balance of \$750,000.
- General Fund revenue and expenditure forecasts will include two biennia beyond the proposed budget period to create a six year forecast. The projection will provide insight into whether the current mix and level of resources are likely to continue to be sufficient to cover current service levels and to provide for long-term strategic planning.
- The City-operated utilities should show positive net operating results.

## Reserve Policies

### General Policy Statement

The principle reasons for building and maintaining reserves are:

- Financial best practices and fiscal prudence dictates that the City should have a reasonable amount of resources in reserve to address unanticipated declines in revenue.
- Large unexpected one-time expenditures/expenses are more easily funded from reserves.
- Reserves help mitigate the effects of an economic downturn or other unanticipated events on revenue growth. A weak economy will slow revenue growth relative to expenditures/expenses.
- Reasonable cash reserves are needed to maintain favorable credit ratings.

## General Fund

- Reserves should be maintained between 10% and 20% of projected annual expenditures. Ideally the City should have total reserves equal to at least 15% of projected annual expenditures. Any proposed use of the reserves will require super-majority (majority plus one of voting members) approval by the City Council.
- The first 5% to 10% of reserves shall only be available to fund one-time emergencies, unanticipated expenditure requirements, or offset unanticipated revenue fluctuations occurring within a fiscal year.
- The next 10% to 15% of reserves is a counter cyclical reserve. This portion of the reserve is to either maintain General Fund current service level programs or transition expenditure growth to match slower revenue growth during the first 12-18 months of a recession.

## Utility Working Cash Balances

City-owned utilities will maintain working cash balances in the following amounts:

Utility	Minimum Working Cash Balances Equal to:
Tacoma Power	90-days of budgeted expenses
Tacoma Water	60-days of budgeted expenses
Tacoma Rail	60-days of budgeted expenses
Tacoma Wastewater	60-days of budgeted expenses
Tacoma Surface Water	60-days of budgeted expenses
Tacoma Solid Waste	60-days of budgeted expenses

## Revenue Policies

Service demands require that an adequate revenue stream be maintained. A diversified and stable revenue structure will be maintained to shelter the City from fluctuations in any single revenue source. City funds will be prudently invested to provide for sufficient liquidity to meet cash flow needs and then to provide interest earnings. All idle cash will be continuously invested. The following will serve as guidelines for maintaining the City's revenue stream:

- The City will seek to avoid dependence on temporary or unstable revenues to fund basic municipal services.
- The City will work to ensure that it receives its fair share of available state and federal revenues.
- The City will actively protect current revenues received from State and Federal sources.
- The City will actively oppose state and federal legislation that will mandate costs to the City of Tacoma without providing a revenue source to offset those mandated costs.
- The City will diligently collect due revenues and ensure compliance with revenue regulations.
- User fees to the extent appropriate for the character of the service and its user should recover full costs, including all direct costs, capital costs, department overhead, and citywide overhead.
- The City will seek opportunities to generate revenues by providing services to other local jurisdictions and will ensure the City is fully compensated for the actual cost of service provision.

## Accounting and Financial Reporting Policies

- The City will maintain its accounting records in accordance with state and federal law and regulations. Budgetary reporting will be in accordance with Washington state budget laws and regulations. The City will annually report its financial condition and results of operations in accordance with state regulations and generally accepted accounting principles (GAAP).
- As an additional, independent confirmation of the quality of the City's financial reporting, the City will annually seek to obtain the Government Finance Officers Association (GFOA) Certificate of Achievement in Excellence for Financial Reporting for the City's Comprehensive Annual Financial Report (CAFR). The CAFR will be presented in a manner designed to clearly communicate to citizens the financial affairs of the City. In addition to the citywide CAFR, each utility with outstanding bonded indebtedness shall prepare a separate, audited Component Unit Financial Report (CUFR).
- Reports outlining the status of revenues and expenditures/expenses shall be done monthly and will be distributed to the City Council, City Manager, Director of Public Utilities, department directors, and any interested parties.

## Audit Policies

- The City's Comprehensive Annual Financial Report (CAFR) will be audited annually by the Washington State Auditor's Office as required by State law.
- In addition to the annual audit of the CAFR, each utility fund with outstanding revenue bonds will receive a separate audit of their Component Unit Financial Report (CUFR) from an audit firm with industry expertise in their industry.
- The City will also contract for other external audits when deemed necessary for the City's operations.
- Audit advisory, oversight, and liaison functions are the responsibility of the Government Performance and Finance Committee. The Committee will be supported in these functions by an Audit Advisory Board consisting of the four members of the Government Performance and Finance Committee, two members appointed from the Public Utilities Board, and one citizen member.

## Debt Policies

The City of Tacoma has adopted the following Debt Policies which are intended to apply to all forms of long-term debt including voted bonds, non-voted bonds, revenue bonds, interfund loans, and conduit debt. The intent of the Council is that the City shall manage its long-term debt in a manner designed to utilize its credit to optimize City services while balancing overall debt levels and annual debt service obligations. The City recognizes that prudent use of its credit can both facilitate construction of essential capital improvements and serve as a method for sharing the costs of those improvements between current and future beneficiaries.

## General Policies

**Debt Not to be Used for Operating Expenses:** When considered necessary, long-term debt may be used to provide for capital acquisitions and construction. Long-term debt will not be used to fund operating expenses except in extraordinary circumstances as authorized by the City Council. This policy recognizes that some City staff costs such as project engineers are integral to the capital projects and are reasonably chargeable to bond fund proceeds.

**Term of Debt:** Long-term debt will be structured in a manner so that the life of the debt does not exceed the expected useful life of the asset being funded by the debt. To the maximum extent possible, the City will fund its capital needs on a pay-as-you-go basis.

**Method of Sale of Bonds and Notes:** It is the City's policy to sell debt through a competitive sale unless there are clearly expressed reasons for selling debt through a negotiated process. This policy does recognize that a negotiated sale may be in the City's best interests when refunding an existing bond issue or when unusual conditions exist that may make it difficult for the marketplace to reasonably evaluate the risks of the bonds being sold. Whenever a negotiated method of sale is being recommended to the City Council, the justification and rationale for not using a competitive sale must be clearly explained.

**Refunding Bonds:** As a general rule, existing bonds will not be refunded through the issuance of refunding bonds unless the refunding plan will achieve a net present value savings of at least 5%. As an exception to this general rule, bonds may be refunded to obtain more favorable covenants when it is clearly in the City's interests to do so.

## General Obligation and Non-Utility Debt

**Legal Limitation of Indebtedness:** The City will utilize general obligation (GO or "Voted") and Limited Tax General Obligation (LTGO or "non-voted") debt authority prudently. The Finance Department will annually calculate the City's Constitutional Limit of Indebtedness and monitor the City's outstanding debt to avoid exceeding the constitutional limits. Additionally, the Finance Department will also annually monitor the direct and overlapping tax supported debt bourn by City property owners.

**Reserve of Debt Authority:** At a minimum, the City will maintain at least 10% of its legal limit of Non-Voted General Purpose Indebtedness (LTGO) as a reserve for emergencies.

**Preservation of Credit Rating:** The City will carefully consider the future fiscal impacts of incurring additional long-term debt and will recognize the implicit, additional future costs of any debt issuance that adversely impacts the City's credit rating.

**Use of Revenue Debt Whenever Possible:** The City recognizes that its ability to pledge its taxing authority as security for debt is a limited resource which should be preserved whenever possible. Therefore, whenever the improvement being financed with debt is expected to produce off-setting revenues that can be used to secure all or part of the debt in lieu of a pledge of the City's taxing authority, that revenue should be used to secure the debt to the maximum practical extent to minimize usage of the City's limited voted and non-voted debt capacity. For example, in financing a parking structure expected to produce net revenues for the parking system, revenue bonds secured

by parking system revenues should be used to the maximum practical extent to finance the improvement.

**Internally Financed Debt:** In accordance with the City’s Investment Policy, the City can invest in its own bonds and notes to a maximum of 5% of the City’s investment portfolio. State law also permits the City to make inter-fund loans when it is prudent to do so.

### Utility Debt

Each rate-based utility will adopt a capital financing policy which allocates capital financing needs between debt and pay-as-you-go use of current revenues. When it is determined that issuance of debt is needed for capital construction, debt will be secured solely by a pledge of rate revenues and will not utilize any general pledge of the City’s taxing authority except in extraordinary circumstances approved by the City Council.

### Conduit Debt

The City can permit itself to be used as a conduit for debt secured by others where such an arrangement is required by law or regulation and where the City is not, in any way, contingently liable for the repayment of debt. The chief example of conduit debt is Local Improvement District (LID) debt where the City sells bonds on behalf of property owners benefited by the LID. LID bonds are repaid solely by special property tax assessments on benefited properties. For another example, the City serves as a conduit for Economic Development Bonds issued by the Economic Development Board in support of private development as authorized by State laws and repaid solely by those businesses.

## Insurance Policies

- The City shall maintain a Self-insurance Program Claim Fund, Unemployment Compensation Self-insurance Fund, Self-insured Workers’ Compensation Fund, Tacoma Dome property Self-insurance Fund, and Public Utilities Self-Insurance Fund.
- There will be sufficient premiums paid annually by the insured City departments to cover all of the actuarially estimated current claims, plus eliminate any prior claims, fund deficiencies as scheduled by the actuary, and build up individual departments’ reserve accounts to the actuarially recommended levels.
- Any transfer, appropriation, or expenditure of funds deposited in the Self-insurance Program Claim Fund for any purpose other than those set forth in Ordinance No. 20909 shall require unanimous approval of the City Council.
- The City will periodically review the insurance market to determine whether to self-insure or purchase commercial insurance.

## Utility Fund Rate Projection Policies

- Utility rate studies shall be conducted at least every five years to update assumptions and ensure the long-term solvency and viability of the City's utilities.
- Utility rates shall be reviewed at least biennially and necessary adjustments shall be made to reflect inflation, construction needs, and to avoid major rate increases.
- Rates should be adequate to ensure reliable, competitive-priced services for customers. Net revenues in excess of both legal requirements and minimum working cash balances should be used to minimize future rate increases, fund approved capital projects, retire high cost debt, and augment fund reserves established to reduce ratepayer risk.

## Capital Planning Policies

The major sources of funding for the operating divisions' capital improvement and extraordinary maintenance programs are revenues, grants, and debt. Financing planned capital replacement costs are an ongoing challenge. It involves evaluating capital assets, estimating their expected useful lives, projecting replacement costs, examining financing options, determining bonding levels, estimating user fees/tax levies, and evaluating the impact on property owners/stakeholders.

Estimating future needs well in advance helps the City develop practical strategies for meeting future demands. Preparing for the challenges of infrastructure replacement or enhancements demands a long-term view of replacement needs in an effort to:

- Ensure that the City's infrastructure is improved to meet the community's expectations and that there is no further growth in aggregate dollar amount of deferred maintenance.
- Moderate changes in tax levies and user fees.
- Manage debt levels.
- Predict and carefully plan for future debt issuance.
- Provide stable revenues.
- Limit the use of special assessments to finance replacement costs.
- In General, sharp changes in tax levies and user fees are unacceptable to citizens, business owners, and elected officials. In order to provide stability the City will:
  - Develop a six-year capital planning and financing system for use in preparing a multi-year capital plan for adoption by the City Council as required by the Growth Management Act of Washington State.
  - Require all operating divisions to prepare multi-year capital plans.
  - Assign the responsibility for coordinating and preparing the City's Capital Facilities Plan to the Office of Management & Budget.
  - Consider long-term borrowing as an appropriate method of financing large capital projects that benefit more than one generation of users.
  - Adopt the first two years of the six-year capital plan as part of the City's biennial budget.

## Overhead Policy

The City will develop a benchmark for administrative overhead to ensure both adequate support for activities directly serving the public and to ensure that dollars are focused to the maximum extent practicable on providing those direct services.

## Summary of Investment Policy

The City Charter creates a Finance Committee composed of the Mayor, Finance Director, and the City Treasurer. The Finance Committee is charged with overseeing the City's investments and has adopted Investment Policies to guide the City Treasurer in investing City funds. The following is a brief summary of those policies.

- The City will strive to maximize the return on its investments with the primary objective of preserving capital in accordance with the City's ordinances and prudent investment practices including diversification requirements.
- Disbursement, collection, and deposit of funds will be managed to ensure needed cash availability.
- The City will deposit all funds on the same day the funds are received as required by the State Constitution.

## Intergovernmental Revenue Policies

- Other governments influence many service costs of the City, either because of service overlaps or mandates imposed by the federal, state, or county governments. The City should take advantage of opportunities to enhance services through intergovernmental cooperation, shared revenues, or grants.
- For planning purposes, all grants will be treated in the same manner as other temporary and uncertain resources and will not be used to fund ongoing, basic service needs.
- Appropriate City staff, including Finance, City Attorney's Office, and sponsoring department will review agreements to ensure compliance with state, federal, and City regulations.
- The City will budget expenditures for grant-funded programs only after receipts of grant award or letter of commitment and only for the amount of the grant award. City overhead or indirect costs for grant-funded programs will be included in all grant proposals, where permitted.
- The City will aggressively oppose state or federal actions that mandate expenditures that result in the reallocation of local resources, without local control (i.e., unfunded mandates). The City will pursue intergovernmental funding to support the incremental cost of those mandates.

*Note: The Debt and Financial Policies of the Public Utility are contained in public utility board policy numbers 3.4, 3.5, and 3.6 and will be incorporated into the rate policies during the next revisions. The Environmental Services Division financial policies are contained in resolution 35288 and were adopted in September of 2001.*

## DEPARTMENT SUMMARIES

---

The following section provides a brief introduction to the work performed by each department as well as a three-biennia overview of finances and performance metrics.

Each department's pages are divided into three major sections: introduction, financials, and description of programs and metrics.

### Introduction

- Programmatic Organizational Chart – a chart illustrating the organization of the major bodies of work performed by each department
- Mission Statement – a brief statement describing the overall purpose of each department
- Key Budget Highlights – major changes included in the 2015-2016 Proposed Budget

### Financials

- Total Departmental Expenses by Fund – a visual representation of the total expenses of a department subdivided by the funds each department manages
- Fund Expenses by Spending Category for Each Fund – a breakdown of the types of expenses that flow through each fund, including the FTEs within each fund
- Budget Notes – brief financial notes on significant changes from the 2013-2014 biennium and other relevant information

### Programs and Metrics

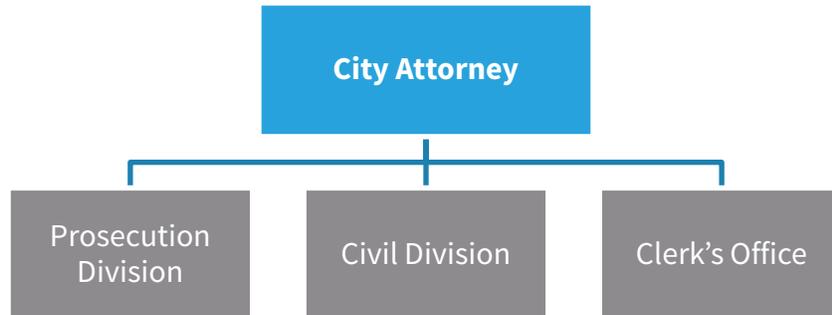

- Program Descriptions – descriptions of the major program areas performed by each department
- Major Initiatives – major projects and initiatives proposed as enhanced efforts in the 2015-2016 Proposed Budget
- Metrics (Historical and Future Targets) – an explanation of goals and targets established and tracked by departments throughout the biennium to ensure high quality performance and continuous improvement

## **CITY COUNCIL PROGRAMS**

---

### **City Council**

The City of Tacoma operates under the Council-Manager form of local government. The City Council consists of the Mayor, who is elected by the community at large, and eight elected Council Members (five representing Councilmanic districts and three at-large). All serve four-year terms. Council duties include adopting and amending City laws, approving the budget, establishing City policies and standards, approving contracts and agreements, appointing citizens to boards, committees and commissions, and representing the City. The City Council appoints the City Manager to administer the City's day-to-day operations, work with City departments to carry out its policies and priorities, and ensure the entire community receives equitable City services.

### **City Council Contingency Fund**

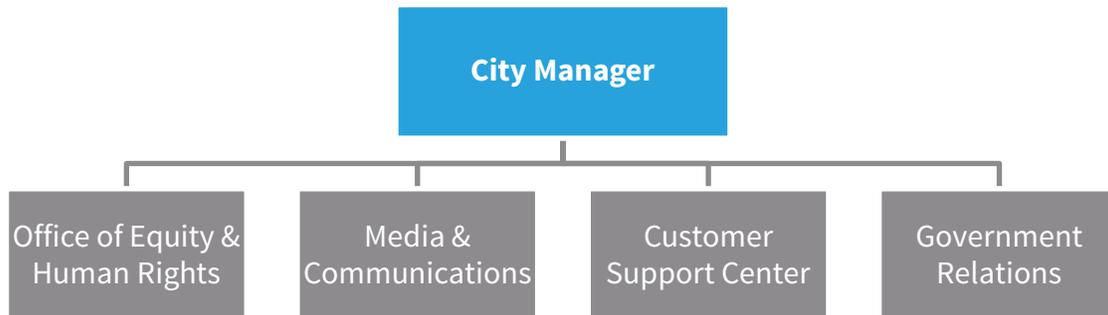

These funds draw from the General Fund for special project expenditures that were not budgeted by departments but can be funded at the request of the City Council.

### Budget Notes

**Fund 0010:** The increase in the 2015-2016 Proposed Budget is due to the continuation of an enhanced Customer Support Center and the move of personnel into the new Office of Equity and Human Rights. These changes result in a move of expenses and FTEs from other departments to the City Manager's Office.

**Fund 1600:** This fund was created to track expenses related to federal grants for the Office of Environmental Policy and Sustainability. The City Manager's Office last received funding in 2011-2012.

## CITY MANAGER’S OFFICE PROGRAMS AND METRICS

### Office of Equity and Human Rights

The Office of Equity and Human Rights’ mission is to achieve equity in our service delivery, decision-making, and community engagement. The office will do this by identifying and eliminating the underlying drivers within the community that perpetuate racial inequity and provide opportunity and advancement for all. Human Rights staff will work to inform approximately 5,000 businesses, housing providers, and community members of their rights and responsibilities under relevant anti-discrimination laws and statutes.

#### Major Initiatives for 2015 - 2016

- Update and enhance training materials
- Expand recruitment efforts for citizen Commissions, Boards, and Committees
- Support local, regional, and national efforts that work to address inequity
- Develop equity tool to use in all City programs and services
- Enhance the use of an equity lens in budget development

### Budget Notes

**Fund 0010:** The increase in Maintenance & Operations is due to a transfer of programs previously budgeted in Non-Departmental as well as the addition of several new proposed programs for the 2015-2016 biennium.

**Fund 1195:** The decrease in this fund's 2015-2016 Proposed Budget from the 2013-2014 Adopted Budget is a result of a smaller budgeted contribution to the Tacoma Community Redevelopment Authority and a lower level of projected spending of Urban Development Action Grant (UDAG) funds. Both reductions are to more closely align the budget with actual spending levels.

## COMMUNITY & ECONOMIC DEVELOPMENT PROGRAMS AND METRICS

### Arts Programs

This program provides support to the Tacoma Arts Commission to develop and implement policies and programs per the Tacoma Municipal Code. It also manages several key programs including public funding for artists and arts organizations, Spaceworks, and Tacoma Murals Project.

### Budget Notes

**Fund 0010:** The oversight and associated budget for the Office of Environmental Policy and Sustainability was moved from the City Manager's Office to Environmental Services in the 2015-2016 Proposed Budget.

**Fund 4200:** The reduction in FTEs in the 2015-2016 Proposed Budget is due to the elimination of capital project positions and other organizational staffing changes.

**Fund 4300:** The increase in FTEs in the 2015-2016 Proposed Budget is due to added project positions associated with a new asset management program and other organizational staffing changes.

## ENVIRONMENTAL SERVICES PROGRAMS AND METRICS

### Solid Waste

Solid Waste improves quality of life for residents in Tacoma by safely, reliably, sustainably, and effectively managing the collection, disposal, and recycling of a variety of materials for more than 53,000 residential customers and more than 4,000 commercial customers. Working with the City’s Tacoma CARES program, Community Based Services, and Call2Haul programs, Solid Waste also provides a variety of other related services to the community.

#### Major Initiatives for 2015 - 2016

- Continue marketing and emphasis on residential food waste collection
- Implement rate for commercial food waste collection
- Develop and implement multi-family recycling program
- Reduce solid waste fleet diesel fuel consumption 40% by 2020
- Decrease vehicle accidents per 100,000 miles driven by 5% annually

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Residential Solid Waste Collected (Tons)</b>	43,800	40,800	38,400	38,200	38,000	37,500
This measure tracks the amount of solid waste collected from residential customers and allows for a comparison of those figures.						
<b>Residential Recyclables Collected (Tons)</b>	17,100	16,400	16,200	17,000	17,400	17,400
This measure tracks the amount of recycling collected from residential customers and allows for a comparison of those figures.						
<b>Residential Yard Waste Collected (Tons)</b>	25,900	28,100	27,300	28,700	28,700	29,200
This measure tracks the amount of yard waste collected from residential customers and allows for a comparison of those figures.						

# ENVIRONMENTAL SERVICES PROGRAMS AND METRICS

## Surface Water

Surface Water is responsible for protecting the environment and flood prevention by maintaining the City’s capacity to move rain or property drainage away from ratepayers’ properties using environmentally friendly best management practices. Additionally, Surface Water protects water quality by maintaining an intricate network of pipes, pump stations, and structures throughout the city, improving infrastructure through capital projects, and managing other programmatic elements in compliance with the National Pollutant Discharge Elimination System (MS4) permit issued by the State Department of Ecology.

### Major Initiatives for 2015 - 2016

- Continue to be opportunistic in securing grants and implementing a green infrastructure program in support of Tacoma’s Green Roads policy
- Adapt pipe camera technology to get “eyes on” all storm water pipes with a remaining estimated useful life of less than 10 years
- Publish management plan for passive open space program in Schuster Slopes and Mason Gulch

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Stormwater Quality</b>	50%	75%	84%	90%	>=75%	>=75%
This is a set of measures that demonstrate changes in storm water quality. The value indicates the percent of measures that are significantly improving.						

## Wastewater

Wastewater protects the public from contaminants in water disposed of in household or business sinks, toilets, and floor drains, ensuring compliance with the National Pollutant Discharge Elimination System (NPDES) permit issued by the State Department of Ecology while preserving and enhancing the aquatic environment in the greater Tacoma area. Wastewater treats water for reuse, recycles biosolids, and collects and uses biogas. Wastewater operates two award winning water treatment plants, hundreds of miles of wastewater pipe, and dozens of pump stations.

### Major Initiatives for 2015 - 2016

- Award contract and make substantial progress on implementation of the wastewater treatment plant automation effort
- Use existing pipe camera technology to get “eyes on” all wastewater pipes with a remaining estimated useful life of less than 10 years
- Establish an asset management program compliant with best practice standards (ISO 55000, 55001, and 55002)

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>NPDES Permit Violations</b>	0	1	0	0	0	0
National Pollution Discharge Elimination System are permit requirements set by the State Department of Ecology and Environmental Protection Agency in accordance with the Clean Water Act. This measure tracks the number of the City's violations.						
<b>Power Consumption at Central Treatment Plant (kWh/Gallon Treated)</b>	2.67	2.47	2.48	2.23	2.23	2.23
The Central Treatment Plant is a large power customer and power consumption is an indicator of efficient plant operations.						

### Office of Environmental Policy and Sustainability

The Office of Environmental Policy and Sustainability develops, promotes, and implements sustainable practices through education, community partnerships, and performance management.

#### Major Initiatives for 2015 - 2016

- Develop and implement an Environmental Master Plan
- Conduct a Climate Change Risk and Vulnerability Assessment
- Implement Healthy Homes, Healthy Neighborhoods, a community sustainability engagement initiative
- Reapply for STAR and Bicycle Friendly Community ratings
- Implement Hilltop In Motion, a residential active transportation engagement campaign
- Develop and implement Department Resource Conservation Plans

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Number of Air Quality Non-Attainment Days</b>	8	3	4	0	0	0
This measure tracks the number of days the fine particle pollution at the South End Monitoring Station did not meet the federal standards set by the Environmental Protection Agency. The City partners with the Puget Sound Clean Air Agency to achieve zero days of non-attainment.

## FIRE PROGRAMS AND METRICS

### 9-1-1 Dispatch & Emergency Communications

The Tacoma Fire Department operates a 9-1-1 call center, providing initial dispatch and emergency incident communications for the Tacoma Fire Department and Rural/Metro private ambulance. The center is staffed with uniformed firefighters, all certified as emergency medical technicians and emergency medical dispatchers.

Major Initiatives for 2015 - 2016

- Implement and evaluate a pilot study of an automatic fire station alerting system in one Tacoma Fire Department station and the dispatch center
- Implement a new Computer Aided Dispatch System (CADS) with South Sound 911

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Dispatches Completed Within Goals - Actual Performance at the 90th Percentile</b>	-	-	-	-	90%	90%
This measure tracks the time elapsed from the receipt of a 9-1-1 call to the completion of the dispatch directing firefighters to respond. Performance goals are 60 seconds for fire incidents, and 90 seconds for EMS and specialty incidents.						

### Fire Suppression and Emergency Medical Services

Firefighters assigned to engine, squad, and ladder companies serve as first-responders to all emergency incidents, including structure, vehicle, and grass fires. They respond to all emergency medical incidents and initiate medical treatment and patient extrication before paramedics arrive. They also conduct basic fire safety inspections for more than 5,000 residential, commercial, and industrial buildings annually.

Major Initiatives for 2015 - 2016

- Maintain service levels that coincide with the priorities set forth by the City Council to meet the needs and expectations of the community
- Decrease firefighter injuries through increased participation in the City of Tacoma Wellness Program and implementation of the TFD Wellness/Fitness Initiative

### Emergency Management

The Emergency Management Program oversees the City's efforts to prepare for, mitigate against, respond to, and recover from disasters or major emergencies impacting our community. Emergency Management staff coordinates departmental efforts citywide to ensure continued governmental operations during disasters and provides education and training to residents and City employees on disaster preparedness. Additionally, this group interfaces with external organizations, including state and federal agencies, to provide a coordinated response and obtain additional resources when necessary.

Major Initiatives for 2015 - 2016

- Update Continuity of Operations Plans (COOP) for all City departments
- Provide individualized emergency management planning assistance to local organizations, households, and community members with physical/sensory disabilities

Measure	2011	2012	2013	2014 Year End Estimate	2015 Target	2016 Target
<b>Percentage of Departmental COOPs Updated Annually</b>	-	-	-	-	50%	50%
This measure tracks the total number of departmental COOPs updated each year against the total number of City departments.						
<b>Number of Organizations, Households, and Individuals Assisted with Emergency Management Planning</b>	-	-	-	-	25	25
This measure tracks the number of organizations, households, and individuals assisted with emergency management planning.						

## FIRE PROGRAMS AND METRICS

### Fire Administration

Fire Administration handles the general administration and management of Tacoma Fire Department resources and supports Fire Department operations. Divisions within Fire Administration include administrative support, electrical maintenance, EMS prevention and outreach, facility maintenance and supplies, finance and budget, fire apparatus and vehicle maintenance, grant management, harbor code enforcement, human resources, information systems and technology, public relations, training and education, and volunteer services.

Major Initiatives for 2015 - 2016

- Establish and implement a five-year comprehensive training program
- Make greater use of mobile technology/applications to increase access to critical information and create efficiencies in work processes

### Fire Prevention

Fire Prevention staff conduct technical inspections required for hazardous and high occupancy buildings, such as hospitals and multi-family apartment buildings. Personnel within this division also investigate fires, issue permits for fire protection systems, and review new construction plans for adherence to fire safety codes.

Major Initiatives for 2015 - 2016

- Cross-train Fire Prevention personnel to perform multiple categories of technical inspections
- Create a web-based system for teaching and tracking citizen-conducted home fire safety inspections

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Percentage of High-Risk Occupancy Inspections Conducted Annually</b>	-	-	-	-	100%	100%
This measure tracks the number of high-risk occupancies that are inspected annually against the total number of known high-risk occupancies within the city limits.

## HEARING EXAMINER PROGRAMS AND METRICS

### Hearing Examiner Office

The Hearing Examiner’s Office processes administrative appeals and conducts public hearings covering a wide variety of matters over which it has been given jurisdiction by provisions of the Tacoma Municipal Code. Its administrative hearing services provide a cost-effective and accessible forum for meeting the due process requirements of the federal and state constitutions arising in connection with City actions. The majority of cases handled by the Hearing Examiner are appeal hearings on disputed matters such as:

- Land use decisions
- Utility billing disputes
- Tax and licensing permit denials or suspensions
- Derelict, substandard building appeals
- Enforcement orders
- Ethics complaints

Cases coming before the Hearing Examiner also include public hearings on matters, some of which ultimately go before the City Council, such as local improvement district formations and assessment roll confirmations, sidewalk repair assessments, rezones, and preliminary plats. In addition, the Hearing Examiner’s Office conducts civil forfeiture hearings on claims arising from the Tacoma Police Department’s seizure of cash or other property used in connection with illegal controlled substances activity.

## INFORMATION TECHNOLOGY PROGRAMS AND METRICS

---

### IT Administrative Services Program

The IT Administrative Services Program provides for service management (including service level management and performance management), asset management, program management, information systems governance, and strategic planning.

The program administers licensing and commercial product support services for the City's business applications, IT infrastructure, and cybersecurity services, and it provides financial management for Information Technology, including rate and assessment modeling and management of interlocal agreements.

This program also manages IT organizational development, including planning, team recruitment, professional development, employee performance management, and labor relations.

#### Major Initiatives for 2015 - 2016

- Implement IT service management system phase 3
- Improve IT asset management business process
- Establish a master IT service contract to speed competitive bidding and project delivery
- Develop interlocal agreements with Pierce County, South Sound 911, and other parties in support of a sustainable emergency radio replacement and system upgrade strategy

### Cybersecurity Program

The Cybersecurity Program establishes and monitors appropriate information security policies and architecture for the organization in accordance with organizational goals, business objectives, risk tolerances, and regulatory compliance requirements. The program increases organizational awareness of informational security threats and employee responsibilities.

The Cybersecurity Program also establishes and monitors appropriate information systems controls to protect against loss of data, disruption of city services, and other misuse of City information and technology systems. With this program, Information Technology manages ongoing risk analysis in consideration of dynamic cybersecurity threats.

#### Major Initiatives for 2015 - 2016

- Update the Cybersecurity Program plans to include:
  - Meeting the City's Payment Card Industry Data Security Standard (PCI-DSS) compliance objectives
  - Meeting TPU's North American Electric Reliability Corporation Critical Infrastructure Protection (NERC-CIP) compliance objectives
- Establish reference security architecture, necessary policy controls, and technical standards to support such objectives

## INFORMATION TECHNOLOGY PROGRAMS AND METRICS

### Network and Computing Support Program

The Network and Computing Support Program ensures appropriate infrastructure and secure communications environments for all City departments and provides telecommunications, emergency radios, Wi-Fi services, data networks, data storage, systems hosting, and internet access.

This program also provides for enterprise licensing of the City’s email and calendaring system and desktop productivity software, as well as help desk services for all City employees and 24/7 technical support.

#### Major Initiatives for 2015 - 2016

- Relocate the City’s primary data center to an appropriate commercially-provided location
- Consolidate the City’s primary server and data storage architecture to improve system performance, streamline support, and reduce operating costs
- Upgrade the City’s data networks to support resiliency and increased bandwidth
- Replace 40% of General Government’s aged PC devices with modern computing devices

### Access to Library Facilities

The Tacoma Public Library's Main Library is currently open 45 hours each week and offers a special collection of Northwest history resources, a digital media lab for teens, and a 12-station computer classroom for public training workshops. Tacoma Public Library also offers access to seven neighborhood libraries that are open 40 hours each week. All facilities include story times, programs for children, teens, and families, homework help, book clubs, lectures, and educational workshops.

Major Initiatives for 2015 - 2016

- Replace Moore Branch Library windows

## LIBRARY PROGRAMS AND METRICS

### Access to Library Collections

The Tacoma Public Library offers access to content in traditional formats including books, magazines, newspapers, maps, photographs, compact discs, and DVDs. It also offers access to digital databases and services including interactive homework help, career and employment materials, and a growing collection of downloadable eBooks, music, and other material.

Major Initiatives for 2015 - 2016

- Expand digital resources

### Access to Computers and the Internet

Access to internet resources through computers is available in 8 Tacoma Public Library facilities, including 47 public workstations at the Main Library and 17 at the Mottet Library. The Tacoma Public Library also offers Wi-Fi connectivity and remote access through the Library's website to its online catalog, information databases, and other virtual services. The Tacoma Public Library interfaces with the public through a variety of social media tools including Facebook, Twitter, blogs, YouTube, and Pinterest.

Major Initiatives for 2015 - 2016

- Expand bandwidth for faster and increased access to the internet and library services
- Launch new website design
- Install new platform for the Northwest Room archive

## NON-DEPARTMENTAL

---

### Mission

Non-Departmental accounts for items that cannot be clearly associated with an existing program area (and where it does not make sense to create a new program area in an existing department). This includes debt service payments, some transfers, Police and Fire pension and health care costs, and similar expenditures.

Placement of funds into Non-Departmental may also be considered when clear separation of money requires budget to be held outside any one department.

### 2015-2016 Key Budget Highlights

- Move contracts for community programs and special events to the managing departments
- Prepay \$6M on Murray Morgan Bridge to save \$10M

## PLANNING & DEVELOPMENT SERVICES PROGRAMS AND METRICS

---

### Planning Services

This division manages and processes amendments to the City’s Comprehensive Plan and Land Use Regulatory Code and conducts policy and planning analysis relating to the development of land use, transportation, housing, neighborhoods, open space, urban forestry, shorelines and environmental regulations, and policy. The division is also responsible for providing coordination with State and regional planning agencies to ensure consistency and compliance with the Washington State Growth Management Act (GMA), Puget Sound Regional Council Vision 2040, Shoreline Management Act (SMA), State Environmental Policy Act (SEPA), and Pierce County county-wide planning policies. Planning Services provides staffing support to the Planning Commission and the Landmarks Preservation Commission.

The Historic Preservation Office, within this division, oversees the designation of historic properties, historic and conservation districts, and administers land use regulations relating to the design, demolition, and construction of properties in historic and conservation districts. The office also administers historic tax credits for the renovation of historic properties in the City.

#### Major Initiatives for 2015 - 2016

- Update the 2015 Comprehensive Plan
- Review mixed-use centers
- Review Affordable Housing / Tax Exemption
- Streamline billboards code
- Consider creation of a West Slope Conservation District
- Conduct historic preservation outreach / education

### Development Services

Development Services coordinates the development permitting process, from concept to certificate of occupancy, for all residential and commercial construction projects. The “one-stop-project-services shop” provides streamlined services by proactively coordinating development related functions. Functions include site plan review, building plan review, permitting, and inspections.

#### Major Initiatives for 2015 - 2016

- Develop a fiscal and operational management plan that includes key priorities and regulatory responsibilities that improve service delivery
- Ensure delivery of high-quality, effective and efficient service to diverse customer base by the implementation of Accela, new organizational structure, and customer management system
- Integrate a continuous improvement process system informed by our performance metrics and customer feedback
- Improve alignment with Code Enforcement
- Seek accreditation as a permitting agency
- Enhance combination inspection services
- Conduct a fees for service cost recovery analysis

## PUBLIC ASSEMBLY FACILITIES PROGRAMS AND METRICS

### Cheney Stadium

Cheney Stadium has been home to Pacific Coast League baseball continuously since 1960, and is currently home to the Tacoma Rainiers (Mariners farm team, 1995 to present). The stadium is named for Ben Cheney, a local businessman who worked to bring minor league baseball to Tacoma. The Rainiers operate the stadium on behalf of the City. In 2014, the Rainiers invested \$1.25 million of private equity (in conjunction with City capital funding) toward new entry signage and a new group area in leftfield. This group area is capable of increasing attendance by 36,000 fans per season.

Major Initiatives for 2015 - 2016

- Increase attendance through new family-friendly, affordable ticket options
- Increase visibility along Highway 16 with a new marquee sign
- Expand in-game broadcast capabilities and explore new TV revenue opportunities

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Number of Attendees at Cheney Stadium</b>	378,518	352,032	320,080	312,035	341,408	341,408
This measure shows the demand for services at Cheney Stadium by tracking the number of attendees per year.						

### Convention Center and Tourism Promotion

The Greater Tacoma Convention & Trade Center opened in November 2004 to generate economic benefit for the greater Tacoma area through a state-of-the-art convention and meeting facility. The goal is to make Tacoma a destination for national, regional, state, and local conventions and events, revitalizing the downtown business district and surrounding business development. The facility offers 75,300 square feet of sellable space, including a 49,500-square foot column-free exhibit hall, 13,400-square foot ballroom, and 12,400 square feet of breakout meeting space.

Major Initiatives for 2015 - 2016

- Establish GTCTC as a premier mid-range destination for national, regional, and local events by extending the sales agreement with Travel Tacoma (TRCVB)
- Enhance involvement of Greater Tacoma Convention Center Public Facilities District Board to more effectively advocate on behalf of GTCTC including participation in the state-wide effort to extend collection of sales tax rebate
- Work with Community & Economic Development to facilitate potential hotel project
- Replace existing metal halide lighting in the Exhibition Hall with energy-saving LED lighting (up to 62% less electrical use; estimated 6 year payback)

This measure shows the number of attendees per year at the Greater Tacoma Convention & Trade Center.						

### Tacoma Dome

The iconic Tacoma Dome is one of the largest wood-domed structures in the world. Using a rigging grid and theater curtains to customize configurations, it can host events ranging in size from 2,000 to 23,000 attendees.

#### Major Initiatives for 2015 - 2016

- Expand event level restroom capacity and refresh wayfinding signage
- Develop key corporate partnerships and sponsorship sales, including naming rights
- Work with Economic Development on master plan for area redevelopment
- Secure funding for replacement of lower bowl retractable seating

This measure represents the amount of gross operating revenue per attendee at Tacoma Dome events.						

### Theaters

A three-theater complex in excess of 210,000 square feet, the Pantages, Rialto, and Theater on the Square are owned by the City and privately managed by the Broadway Center for the Performing Arts (BCPA). The venues feature live performances, educational offerings, festivals, and other programs that reflect the creativity and diversity of our community and contribute significantly to Tacoma's economic prosperity.

The Broadway Center for the Performing Arts maintains the venues for asset protection, function and safety, and vitality. They also manage the City's investments in maintenance and capital improvements to ensure efficiency and timeliness of projects, while leveraging their independent non-profit status to seek private donations to match City investments.

#### Major Initiatives for 2015 - 2016

- Tacoma Theater District Centennial Campaign fundraising for capital investment
- Renewal of the management agreement with BCPA

### Budget Notes

**Fund 0010:** The transfers from this fund were restructured in the 2015-2016 Proposed Budget to allow for dedicated revenue sources to Fund 1065. \$13.4M of the Public Works General Fund budget represents a transfer to support Fund 1065.

**Fund 1060:** This fund previously represented the total of operations and capital, but the 2015-2016 Proposed Budget only includes Capital. New capital projects vary from biennium to biennium. All operating costs and FTEs were moved to Fund 1065 in January 2014.

**Fund 1065:** Operations only moved to this new fund in January 2014. These costs were previously included with Capital in Fund 1060.

**Fund 1070:** Created in January 2014, this fund has dedicated funding for streets separated from the General Fund.

**Fund 1080:** Created in January 2014, this fund has dedicated gross earnings tax funding for streets separated from the General Fund.

**Fund 1140:** The 2015-2016 Proposed Budget includes several newly appropriated capital projects (Schuster Parkway Promenade, Historic Water Ditch Trail, Prairie Line Trail, etc.).

**Fund 1145:** BLUS/Permit Services separated from Public Works in 2011. 2011-2012 Actuals represent the transfer of residual cash to the Permit Services Fund.

**Fund 3209:** All bond funds have been expended.

**Fund 3217:** There are no planned capital parking garage projects in the 2015-2016 Proposed Budget.

**Fund 4120:** There are no permanent FTEs budgeted in this fund. However, when employees perform work on this line from Tacoma Rail, they charge their associated expenses, including Personnel Services, to this fund.

**Fund 4140:** This fund does not include Municipal Court budgeted expenses or Municipal Court FTEs assigned to support Parking Operations.

**Fund 5400:** This budget includes planned vehicle replacements at a level greater than previous biennia.

## PUBLIC WORKS PROGRAMS AND METRICS

### Facilities Management

The Facilities Management Division provides services for Facilities Maintenance, Real Property, Fleet Services, and Capital Improvement Projects. Facilities Maintenance manages City-owned General Government non-enterprise facilities including Fire, Police, Public Works, Neighborhood & Community Services, and the Municipal Complex. Real Property Services manages the use of rights-of-way and all City-owned real property. Services include acquisitions and dispositions, easements, and general property management. Fleet Services supports the City's transportation requirements for General Government by managing a safe, efficient, cost-effective, and diversified fleet of vehicles and equipment. Facilities Management also provides management of major and minor capital improvements to City-owned facilities.

#### Major Initiatives for 2015 - 2016

- Construct People's Pool and Aquatics Facility
- Create a permanent Customer Support Center space
- Upgrade Municipal Complex elevators
- Facilitate Sound Transit/Amtrak expansion projects
- Citywide surplus property disposition
- Support tribal projects and University of Washington-Tacoma Master Plan
- Support Environmental Services for compressed natural gas (CNG) conversion
- Develop fleet replacement strategy/policy

Measure	2011	2012	2013	2014 Estimate	2015 Target	2016 Target
<b>Electricity Consumption</b>						
This measure tracks the amount of electricity consumed in the City's General Government non-enterprise facilities. Amount is shown as kWh and also as a percentage compared to the previous year.

### Tacoma Rail

Tacoma Rail provides safe, reliable, and efficient rail transportation solutions to support the continued economic development of Tacoma and the Puget Sound region. Tacoma Rail provides services that are vital to the economic health of its customers. It links approximately 77 customers with North America and the world. Tacoma Rail provides rail freight service in three Washington counties, including the Tacoma and Olympia areas, and their respective ports. It is one of the busiest short-line railroads in the country in terms of revenue generating freight movements, utilizing 16 locomotives along 204 miles of track.

#### Major Initiatives for 2015 - 2016

- Efficiently manage resources to meet the over 30% growth in non-intermodal traffic spurred by increases in crude oil unit trains
- Train and manage newly hired employees to take advantage of a recently signed locomotive servicing contract with the BNSF Railway
- Continue wise infrastructure analysis and investment in decades-old track, deteriorating crossings, and locomotives
- Effectively address compliance and stay abreast of all industry mandates and emerging issues

### Tacoma Water

Tacoma Water provides clean, reliable water now and in the future. In 2013, Tacoma Water celebrated its 100th year of drinking water from its primary supply, the highly valued Green River. Tacoma Water serves more than 97,000 customers both inside and outside the city of Tacoma and projects that its water resources should meet the growth and development needs of the service area for another 50-plus years.

#### Major Initiatives for 2015 - 2016

- Complete construction of the modern-era Green River Filtration Facility and effectively bring it into operation to provide high quality filtered water to customers
- Emphasize data driven decision making. Invest in tools and staff capabilities that will help inform the most important capital and operating decisions
- Continuously improve performance in key strategic areas: Customer Expectations, Financial Strength, Customer Focus, Effective Decision-Making, and Employee Engagement
- Benefit retail rates through expanded wholesale service offerings and sales

### Tacoma Power

Tacoma Power is an innovative, citizen-owned electric utility that generates, transmits, and distributes electricity and provides energy and telecommunication services in an increasingly competitive marketplace. We are committed to provide high-value, competitively priced products and services to our customers through the quality of our employees and the responsiveness that results from local ownership.

## TACOMA PUBLIC UTILITIES PROGRAMS

---

Tacoma Power serves more than 170,000 customers over a 180 square mile service area both inside and outside of the city of Tacoma. A first-class environmental steward, almost 100% of power supplied to Tacoma Power customers is from carbon free and renewal hydroelectric resources. Tacoma Power is also a leader in conservation and maintains some of the lowest power rates in the region.

### Major Initiatives for 2015 - 2016

- Continue environmental stewardship including investments in conservation and implementing two new fish hatcheries and two fish collectors at our hydro power projects
- Significantly restructure outstanding debt and change how capital projects are financed to ensure low and stable rates over the long term while maintaining strong AA category credit ratings
- Anticipate and effectively adapt to changing wholesale markets
- Increase capital program budget for technology projects to optimize utility operations, maintain system reliability, and continuously enhance the customer experience
- Maintain focus on reliability, compliance, and safety

### Fleet Services

Fleet Services performs high quality vehicle management services for the Department of Public Utilities, which includes asset maintenance, repair, and replacement of Department vehicles and related equipment.

In keeping with Tacoma Public Utilities' environmental stewardship, Fleet Services enhanced motor pool capabilities in 2013-2014 by adding two hybrid electrical vehicles, increasing to 70% the motor pool vehicles which are either full or hybrid electric.

### Self-Insurance

The Self-Insurance Claim Fund insures Tacoma Public Utilities' operating divisions, Tacoma Power, Tacoma Water, and Tacoma Rail, for certain losses arising from personal and property damage claims by third parties. Contributions by the divisions also cover the administrative expenses of the Fund.

### Low Income Assistance

The Low Income Assistance Fund, established to help Tacoma Power's most financially vulnerable customers with vital energy needs, provides funding to customers qualifying for the Utility's 30% Residential Rate Discount program as well as its two grant programs, Family Need and Power Aid.

Tacoma's low income assistance programs help thousands of customers each year. They work in tandem with other local and federal programs such as the Low Income Home Energy Assistance Program (LIHEAP), Tacoma Public Utilities' conservation programs offering customers meaningful cost savings opportunities through assisted energy or water efficiency measures, and a budget billing option which mitigates the effects of high billings through more predictable, stable, and affordable monthly charges.

## GENERAL GOVERNMENT CAPITAL PROJECTS

---

The following section provides a brief overview of the capital projects that are funded in the 2015-2016 biennium.

There are two categories of confirmed funding:

**Carryforward (Previously Appropriated)** – Funding that has been appropriated by the City Council for spending in a previous biennium. This does not represent new money received by the City.

**New Appropriation** – Funding that has not been previously appropriated by City Council. This could be new grants, additional revenues, or use of cash reserves that are anticipated in 2015-2016.

**Note:** Carryforward funding is based on biennium-end projections for 2013-2014. Variations from these projections may result in revised carryforward amounts. Moreover, the total carryforward for a project may exceed the amount anticipated to be spent in 2015-2016 and will be shown in the out years of the Capital Facilities Program.

### Summary

- Arranged by chapter of the Capital Facilities Program (CFP), this summary includes project titles and total funding for 2015-2016 by category (carryforward or new appropriation)

### Appropriation Plan

- Arranged by chapter of the Capital Facilities Program (CFP), this plan provides a description of the project and more details about specific funding sources with a breakdown of anticipated spending by year
- The Work Breakdown Structure (WBS) is a unique project identifier that is used for internal tracking and accounting purposes
- The appropriation plan does not include potential funding that might be received in 2015-2016 (additional grants, for example)

### Capital Facilities Program

Please refer to the City of Tacoma 2015-2020 Capital Facilities Program (CFP) for more information about potential funding, particular projects, or program areas (including contact information for project managers).

# 2015 - 2016 General Government Capital Projects Appropriation Plan

## Community Development

### Economic and Community Improvement

#### Project Name: Dock Street UST Groundwater Monitoring

WBS PWK-00423-01-01

Description The project will consist of post-construction groundwater monitoring of the Thea Foss Waterway Esplanade parcels 9, 3, and Dock Street North Esplanade Sites. Monitoring will include twice yearly groundwater sampling and analysis for two years (four events total) to evaluate post-construction groundwater quality conditions.

<b>Total</b>	<b>\$ 50,000</b>	<b>\$ 0</b>	<b>\$ 50,000</b>

#### Project Name: Thea Foss - Site 10 Esplanade

WBS PWK-G0005

Description This project includes 7,900 sq. ft. of public esplanade that will serve pedestrians, roller bladers, bikes and provide lighting, street furniture and supporting utilities. This replaces deteriorated existing public access along the shoreline parcel immediately north of 11th Street. Utility adjustments or replacements may be required depending on the scope of road project and age/condition of existing utilities. Utility improvements are not included in budget shown. Preliminary engineering will be funded by private investors (approx. \$118,773). Right-of-way will be completed in 2013 through the Federal Grant (\$50,000) received in 2012. Received a Community Economic Revitalization Board grant in the amount of \$250,000. Approximately \$2,472,000 is required for construction.

# 2015 - 2016 General Government Capital Projects Appropriation Plan

**Project Name: Schuster Parkway Promenade**

WBS PWK-00564

Description The Schuster Parkway Promenade project will consist of a shared-use promenade along Schuster Parkway connecting the Thea Foss Waterway esplanade and Downtown Tacoma with Old Town and the Ruston Way shoreline promenade. This trail serves as a critical segment of the 8.5 mile "Dome to Defiance" multi-modal access system that stretches from the Tacoma Dome in South Downtown to Point Defiance Park in the North end of Tacoma, linking together the City's most populous neighborhoods with commercial, recreational and cultural destinations. Completing the 1.6 mile Schuster Promenade segment will enhance the capacity of the system for all users and promote active transportation and healthy living. The following project components were developed through a year long study and public outreach effort that began in 2012 and was completed in December 2013. The components of the project include:

- 1) Shared-use promenade abutting Schuster Parkway, from S. 4th Street overpass to McCarver Street in Old Town.
- 2) NE 30th Street: Road diet from Old Town to Schuster Parkway to accommodate promenade.
- 3) Elevated promenade along slope sections to enhance views of Commencement Bay, provide for separation from traffic, improve slope stability, and ensure ADA compliance with a relatively flat grade.
- 4) Signal and intersection improvements at S 4th Street and Schuster Parkway.

# 2015 - 2016 General Government Capital Projects Appropriation Plan

## Project Name: Point Defiance Gateway

WBS PWK-NEW-999

Description This project will construct a new roundabout at Pearl Street and include intersection improvements for better accessibility and connectivity for all transportation modes; to provide for fluctuating traffic demands; and to provide a safe, efficient, and attractive gateway for the park, ferry terminal, business district, City of Ruston and City of Tacoma. Pedestrian and bicycle facilities will be an important part of the project as many park visitors use these transportation modes. The project area includes the intersection of N 54th St, Pearl St, the park entry roads and State Hwy 163 (Ferry Crossing Landing Rd.) This phase of work is to be focused on the transformation of the existing street network and the construction of a new roundabout entrance to the park, waterfront and ferry terminal. A new regional stormwater facility will be constructed adjacent to the roundabout designed to treat stormwater from the adjacent roadways and the contributing basin.

### Rehabilitation/Replacement Projects

## Project Name: Collection System Projects

WBS ENV-NEW-778

Description These projects rehabilitate and or replace existing wastewater collection pipes within the City's 700-mile network of underground pipes. Projects are typically tied to aging pipes that are either failing or about to fail as well as eliminating the sources of clean groundwater and surface water from entering the wastewater sewer collection system. Specific projects are identified for the following year as condition assessment information is accumulated to determine which pipes have the highest combination of likelihood of failure and consequence of failure and then rehabilitation of these pipes are summarized into packaged individual projects as makes sense by geography.

## GLOSSARY

---

**Ad Valorem Tax** – A tax which is levied in proportion to the value of the property against which it is levied, such as property tax.

**Allocation** – The process of distributing budget dollars among the various elements of the City’s budget.

**Appropriation** – Authorization granted by a legislative body to make expenditures and to incur obligations. The appropriation contains specific limitations as to the amount, purpose, and time when it may be expended.

**Assessed Valuation** – A government sets a valuation upon real estate or other property as a basis for levying taxes. An assessed valuation represents the appraised value less any exemptions.

**Assessment Out** – Allocation of internal support services provided to benefiting funds.

**Assessment In** – Receipt of support services allocations.

**Biennium Budget** – A financial operations plan (budget) spanning two years.

**Budget** – A plan of financial operations that includes an estimate of proposed expenditures and the means of financing them. In practice, the term budget is used in two ways. Sometimes it designates the financial plan presented for adoption – the proposed budget – and other times it designates the plan finally approved – the adopted budget.

**Budget Message** – A written, general discussion of the proposed budget presented by the budget making authority to the legislative body.

**Capital Facilities Program (CFP)** – A comprehensive plan that projects the capital needs of the community. Generally, it is a cyclical process that projects the needs for a set number of years. Capital improvements are essential to sound infrastructure and financial planning. The annual capital budget is derived from the long-term CFP.

**Capital Outlay Budget** – Expenditures, excluding equipment, vehicles or machinery, which result in the acquisition or addition to, fixed assets.

**Capital Project Fund** – Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary or trust funds). It also is used to account for construction of special assessment capital projects.

**City Charter** – The rules that govern the City, a compilation of past ordinances.

**Classification** – A system for objectively and accurately defining the duties, responsibilities, tasks, and authority level of a job.

**Contingency** – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

**Contributions and Transfers** – Budgeted amounts sent by one fund to another or to external agencies.

**Cost Center** – Lowest-level accounting group within a department.

**Central Service Summary Fund (CSSF)** – A series of funds that provide a means of charging user departments directly for services incurred for internal business.

**Debt Service** – The amount of money necessary to pay interest and principal to holders of a government’s debt instruments.

**Debt Service Fund** – Debt Service Funds are used to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt. It is further used to account for the payment of debt on special assessment projects. The City now includes its special assessment guaranty fund in this fund type per requirements of GASB Statement 6. Therefore, this fund type also includes costs related to servicing of special assessment debt (such as foreclosures) in the guaranty fund. The guaranty fund is used to generate revenue, including proceeds from property sold, for debt service purposes.

**Department** – A combination of divisions headed by a director with a specific and unique set of goals and objectives.

**Division** – A functional unit within a department consisting of one or more cost centers engaged in activities supporting the unit’s mission and objectives.

**Enterprise Fund** – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the stated intent is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Examples include solid waste, permitting services, and power.

**Expenditures** – Decrease in net financial resources for the purpose of acquiring an asset, service, or settling a loss.

**Expenses** – Decrease in net total assets. Charges incurred, whether paid or unpaid, for operation, maintenance, interest, and other charges, which are presumed to benefit the current fiscal period.

**Fiscal Year** – A twelve month period designated as the operating year for accounting purposes. The fiscal year used by the City of Tacoma begins January 1<sup>st</sup> and ends December 31<sup>st</sup>.

**Fixed Cost** – These appropriations are for expenditures controlled at a City level rather than a department level. Examples are insurance, rent, and communications.

**Fixed Assets** – Long term assets which are intended to continue to be held or used, such as land, buildings, machinery, or equipment.

**Full Time Equivalent (FTE)** – A calculation used to convert part time hours to equivalent full time positions. Full time employee salaries are budgeted at 2,088 hours per year. The full time equivalent of a part employee is calculated by dividing number of hours budgeted by 2,088. The average of the two years’ FTE is presented in this budget document.

**Fund** – A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances and changes therein. Funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

**Fund Balance** – The balance of net financial resources that are spendable or available for appropriation. (Assets-Liabilities)

**Generally Accepted Accounting Principles (GAAP)** – Uniform minimum standards/guidelines for financial accounting and reporting which provide a standard by which to measure financial presentations. They govern the form and content of the basic financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define the accepted accounting practices at a particular time. They include both broad guidelines of general application and detailed practices and procedures.

**General Fund** – The General Fund is the primary fund of the City. The accounting for all financial resources except those required to be accounted for in another fund is accomplished within this fund. It derives a majority of its revenue from property, sales, business, and utility taxes, and receives all other City revenues not designated for specific use by statute or the City Charter.

**General Government** – These are the activities and services provided to the citizens exclusive of the services provided by Tacoma Public Utilities.

**General Long-Term Debt** – Represents any un-matured debt not considered to be a fund liability.

**General Obligation Bonds (GO Bonds)** – Bonds which are secured by the full faith and credit of the issuer. GO bonds issued by local governments are secured by a pledge of the issuer's property taxing power or authority.

**Grant** – A grant is a contribution of one government unit or funding source to another. The contribution is usually made to aid in the support of specified function, e.g.,

education or drug enforcement; however, sometimes it is for general purpose.

**Intergovernmental Revenue** – Revenue collected by one government and distributed to another level or governing entity.

**Interim** – Temporary staff assignment while the hiring process is underway to appoint someone to the position permanently.

**Internal Services Fund (ISF)** – Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City, or to other governmental units, on a cost-reimbursement basis.

**South Sound 911 (SS911)** – An intergovernmental agency formed by the City of Tacoma and Pierce County to provide police dispatch services, records management services, and other related activities.

**Line-Item Budget** – A budget which provides detailed cost information by type of expenditure such as personnel costs, personnel benefits, services, supplies, etc. This is sometimes referred to as an object expenditure budget.

**Measures of Efficiency** – Information related to inputs, or resources used, to units of output or outcome.

**Maintenance & Operations (M&O) Budget** – Ongoing expenditures supporting departmental functions.

**Operating Transfers** – Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended; such as transfers from the General Fund to a Special Revenue or Capital Projects Fund.

**Ordinance** – A formal action by the City Council that adopts a practice, directs an action, or authorizes a transaction or budget; has higher legal standing than a resolution.

**Outcome Measures** – Attempt to measure program results used to evaluate the quality and effectiveness of programs and services.

**Overhead** – The indirect cost associated with providing a service, including such items as centralized human resource and finance activities.

**Performance Measures** – An integral part of local government management, budgeting, and planning activities. Goals and objectives are established in the planning phase and appropriate indicators to measure achievement of objectives are established. In the budgeting phase, resources are allocated so that performance targets can be met. Throughout the year actual performance is compared to planned performance and programs are modified as needed.

**Personnel Services** – Expenditures for salaries, wages, and fringe benefits of employees.

**Program** – An organization unit that provides a specified service or function.

**Program Budget** – A budget document that classifies or groups programs (at budget level) into specifically defined program function categories. Programs within a category contain activities, services or projects that are similar in function.

**Program Function** – A specifically defined functional category that contains programs that serve the same function by providing similar services or activities.

**Property Tax** – A tax which is based according to value of property and is the source of monies that pay general obligation debt, support the General Fund, and support the Emergency Management Services (EMS) Fund.

**Reserves Budget** – Money set aside to provide stability in the event of unforeseen expenditure needs or revenue shortfalls.

**Resolution** – An opinion, policy, or directive of the City Council expressed in a formally drafted document and voted upon; has lower legal standing than an ordinance.

**Retained Earnings** – An equity account reflecting the accumulated earnings of an enterprise or internal service fund.

**Revenue** – Additions to the City’s financial assets such as taxes or grants which do not, in themselves, increase the City’s liabilities, provided there is no corresponding decrease in assets or increases in other liabilities.

**Revenue Bonds** – Bonds payable from a specific source of revenue which do not pledge the full faith and credit of the issuer. Revenue bonds are payable from identified sources of revenue and do not affect the property tax rate. Pledged revenues may be derived from the operation of the financed project.

**SAGE** – The consulting firm which provided the 2013 SAP efficiency study.

**SAP** – SAP is the City’s Enterprise Resource Planning (ERP) software. ERP software provides customers with the ability to interact with a common corporate database for a comprehensive range of activities such as inventory control, order tracking, customer service, finance, and human resources.

**Self-Insurance** – The retention by an entity of a risk of loss arising out of the ownership of property or from some other cause instead of transferring that risk through the purchase of an insurance policy.

**Special Revenue Fund (SRF)** – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital project(s)) that are legally restricted to expenditure for specific purposes, i.e. grants.

**Strategic Plan** – A formalized plan that identifies citywide long-term goals and objectives and outlines possible strategies and approaches to achieving those goals and objectives.

**Tax Rate** – The amount of tax stated in terms of a unit of the tax base; for example, the City of Tacoma expresses the tax in terms of dollars per thousand of taxable value.

**Trust & Agency Fund** – Trust & Agency Funds are used to account for assets that are held by the City as trustee or agent for individuals, private organizations, and/or other governmental units and/or funds. These include: (1) expendable trust funds; (2) non-expendable trust funds (the City has no non-expendable trust funds); (3) pension trust funds; and (4) agency funds.

**Unreserved Fund Balanced** – Represents resources that can be used for any purpose of the fund in which they are reported.
