

City of Tacoma

City Council Action Memorandum

TO: Elizabeth Pauli, City Manager

FROM: Mayor Victoria Woodards and Chief Policy Analyst to the Mayor Bucoda Warren

COPY: City Council and City Clerk

SUBJECT: A resolution authorizing the one-time use of Council Contingency Funds, in the amount of \$20,000,

to support the convening of community conversations on homelessness in partnership with UWT –

Requested for December 20, 2022

DATE: December 13, 2022

SUMMARY AND PURPOSE:

A resolution authorizing the one-time use of Council Contingency Funds, in the amount of \$20,000, to support the convening of community conversations on homelessness in partnership with UWT

COUNCIL SPONSORS:

Mayor Woodards and Council Members Kristina Walker and John Hines

BACKGROUND:

The Tacoma City Council passed Ordinance 28430, on Tuesday, May 9, 2017, declaring a state of public health emergency, and has subsequently extended the ordinance several times with the current metric for completion changing from a fixed date until 95% of individuals unsheltered individuals identified during the annual Pierce County Point-in-Time count have access to shelter for three consecutive years.

Addressing Homelessness and finding upstream solutions to affordable housing continue to be high priorities for the City Council as seen in the most recent biennial budget adoption where over \$101 Million has been dedicated to these issues. Though there are significant actions being taken to address the need, Mayor Woodards believes that we can find new and innovative partnerships through community conversations. To bring together community partners Mayor Woodards is partnering with University of Washington Chancellor Sheila Edwards-Lange to convene the community to learn about the current state of homelessness in the new biennium, and find solutions together to a common issue. By partnering with the University we can work alongside faculty and students to provide not only a valuable learning experience for students, but learn from them and the faculty and their expertise.

This funding would support the space to convene the community, food for participants, and materials for facilitation and support for the classrooms.

COMMUNITY ENGAGEMENT/ CUSTOMER RESEARCH:

Homeless has continued to be a top priority for the City Council, as shown in multiple Council Priority setting meetings, biennial budgets, and through multiple community surveys. There is no question that the community continues to prioritize addressing homelessness in Tacoma.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

Though the City is continuing actions to address homelessness across Tacoma, there continues to be a strong need for community involvement in that work. Convening a community conversation provides the opportunity for the City to bring new perspectives and engage folks with lived experience that can guide our efforts and improve the

City Council Action Memorandum

outcomes for our community. Positively impacting our homelessness response efforts can improve living conditions not only for the many residents and businesses impacted, but those experiencing homelessness which are most often our most marginalized communities.

Economy/Workforce: *Equity Index Score*: Moderate Opportunity

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

Education: *Equity Index Score*: Moderate Opportunity

Increase the number of college students that find employment and remain in Tacoma after post-secondary completion.

Civic Engagement: *Equity Index Score*: Moderate Opportunity

Increase the number of residents who participate civically through volunteering and voting. Representation at public meetings will reflect the diversity of the Tacoma community

Livability: *Equity Index Score*: Moderate Opportunity

Increase positive public perception of safety and overall quality of life.

Explain how your legislation will affect the selected indicator(s)?

The conversation will be focused on immediate actions to address homelessness, and upstream solutions to housing and supportive services. This will help to impact the overall perception of safety and quality of life in Tacoma, and people moving to Tacoma for our affordable housing. The conversation and partnership with UWT will also support civic participation in government policy, and bring together a diverse array of people for the conversation. By supporting classrooms this conversation may help to support students remaining in Tacoma if they find a passion or career in supporting homelessness and housing.
