Ref. No.	Originating Department	Description of Service to be Furnished	Exemptions	Fee	Fee Collected By
32	City Manager/Public Records Office	Production of public records requested under the Washington State Public Records Act (Chapter 42.56 RCW)*	No fee will be charged if, in the determination of the Public Records Officer, the cost of processing and collecting the fee exceeds the authorized fee amount.	<p>A. \$0.15 per page for photocopies of public records, printed copies of electronic public records when requested by the person requesting records, or for the use by requester of City equipment to photocopy public records.</p> <p>B. \$ 0.10 per page for public records scanned into an electronic format or for the use by requester of City equipment to scan the records.</p> <p>C. \$0.05 per each four electronic files or attachment uploaded to email, cloud-based data storage service, or other means of electronic delivery.</p> <p>D. \$0.10 per gigabyte for the transmission of public records in an electronic format or for the use by requester of City equipment to send the records electronically. The City shall take reasonable steps to provide the records in the most efficient manner available to the City in its normal operations.</p> <p>E. The actual cost of any digital storage media or device provided by the City, the actual cost of any container or envelope used to mail the copies to the requestor, and the actual postage or delivery charge.</p> <p>F. The above fees may be combined to the extent that more than one type of charge applies to records produced in response to a particular request.</p>	Public Records Office

\*The City finds that calculating the actual cost of copying, scanning, uploading and otherwise processing the records required to fulfill a public records request would be unduly burdensome including for the following reasons:

1. The City employs over 3000 employees. Because the City's methodology for satisfying public records requests includes each employee conducting a search for and processing responsive records that may be in their possession, and all employees earn different rates of pay, the Public Records Officer would have to determine and calculate the salaries of all involved employees in order to invoice for actual costs.
2. The City's Public Records Officer would be required to maintain a record of each employee who contributed to each part of a public records request and potentially charge different rates for different items in the same records production.
3. The City's Public Records Office has limited staff and the response time to fulfill records requests may be delayed if it is required to calculate the actual costs of processing records and to create customized invoices or billing statements reflecting different rates and charges.
