INTRODUCTION

Genesis of project:
coordinating land
use decisions for
broader community
benefit

PROJECT BACKGROUND

- Create opportunities for interagency collaboration and partnership
- Evaluate public parcels to further economic development, education, open space, and affordable housing
- Establish strategies and recommendations for parcels that provide benefits to multiple agencies

PARTNER OUTCOMES

- Community asset map
- Agency-specific asset map
- Report of findings, strategies, and recommendations

Tacoma Housing Authority

MetroParks Tacoma

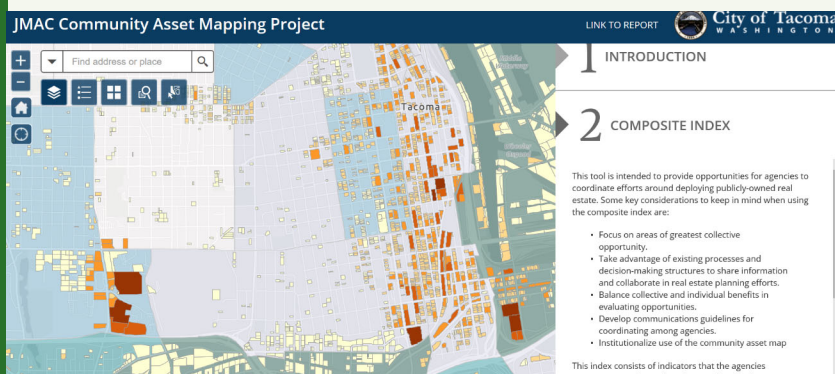

City of Tacoma

Pierce County

Tacoma School District

TOOL IN ACTION

- Web application
- User friendly
- Agency test drives
- Partners already using it to develop service plans

Example:

- Neighborhood risk of displacement
- Growth capacity by zoning

NEXT STEPS

- Establish a home
- Plan for funding and upkeep
- Institutionalize use
- Integrate tool into JMAC decision-making
