

Bus Rapid Transit | Open Houses April 2020

Pierce Transit invites you to learn more about Bus Rapid Transit (BRT) and the project plans for this new transit service along Pacific Avenue/SR-7 between Tacoma and Spanaway. In early April, the BRT project will be about 30 percent designed.

WE WANT YOUR INPUT ON:

- Updated project designs, including lane configurations and station locations
- Potential roundabouts
- Left turn management
- Project timeline

SPECIAL PROJECT UPDATE:

In March, a Pierce Transit contractor will be conducting required soil sampling along the future Bus Rapid Transit route. This will require about three weeks of temporary lane closures along Pacific Avenue/SR-7, working in sections from Military Road to downtown Tacoma. The contractor will not be working in the road during peak traffic times. **If you have questions or concerns, please call 253.983.3407.**

What is Bus Rapid Transit?

Bus Rapid Transit (BRT) is an innovative, high capacity, efficient public transit solution that moves people like light rail, but on wheels.

Frequent

Bus runs every 10-15 minutes

Fast

Traffic signals prioritize transit

Safe and reliable

Real-time arrival information and station lighting

Accessible

Larger buses, room for on-board bicycles, easier wheelchair and stroller access

Connected

Connecting downtown Tacoma and Spanaway with stops at key destinations

Easy to board

Off-board fare readers, raised platforms, multiple doors

- **Translation service is available** in more than 200 languages by calling 253.581.8000.
- **Registered SHUTTLE customers** may obtain specialized transportation to and from the open houses by calling SHUTTLE at 253.581.8000, option 1, then 2, one to five days in advance.
