SUBJECT: Request for Resolution - March 23. 2021

DATE: March 8, 2021

SUMMARY & PURPOSE:

The Community and Economic Development Department is requesting authorizing the appropriate City officials to execute a 12 Year Multifamily Housing Property Tax Exemption Agreement with Jeffrey Jones for the development of 5 multifamily market-rate and affordable rental units at 232 S. 70th Street the Upper Pacific Mixed Use Center.

BACKGROUND

Jeffrey Jones is proposing to develop 5 new market-rate and affordable rate rental units in the Upper Pacific Mixed Used Center as described in Exhibit "A" to the Resolution. The housing will consist of 5 units as described in the chart below.

Number of units	Type of Unit	Average Size	Expected Rental Rate
Market Rate			
3	Two Bedroom, 1.5 bathroom	1700	\$2000
Affordable Rate			
2	Two Bedroom, 1.5 bathroom	1700	\$1558*including utilities

The project will also include five parking stalls. The project will be forwarded to the Pierce County Treasurer Assessor for the 12 year multi-family housing property tax exemption after the project complies with all City of Tacoma building codes, processes and procedures and receives a valid certificate of occupancy from the City. The Community and Economic Development Department has determined that the proposed project has all the necessary qualifications for the 12 year multi-family housing property tax exemption. Jeffrey Jones will enter into an agreement prepared by the City to develop the site as described in the plans on file with the City.

COMMUNITY ENGAGEMENT/ (CUSTOMER RESEARCH): December 2020 outreach to multifamily properties indicate that Tacoma continues to have only a 4% vacancy rate in rental housing, which indicates there is still a critical housing need in Tacoma. New projects coming on line are quickly leased which also indicates that demand is not slowing. As we add additional units pressure on the market should be relieved and prices should reflect less upward pressure.

2025 STRATEGIC PRIORITIES:

Equity and Accessibility:

These housing units will create more overall housing and more below market rate housing units in Tacoma and they ensure that affordability is being created throughout the City of Tacoma and not just in certain areas. Creating market rate and affordable units in the Upper Pacific Mixed Use Center much needed housing units and provides accessibility to transit and other amenities in that district.

Economy/Workforce: *Equity Index Score*: Moderate Opportunity

Increase the percentage of people relocating to the city and affordability of housing compared to neighboring jurisdictions.

Decrease the number of vacant properties downtown and in the neighborhood business districts.

Livability: *Equity Index Score*: Moderate Opportunity

Decrease the percentage of individuals who are spending more than 45% of income on housing and transportation costs.

This project will guarantee affordable living units in an area of the City with low overall opportunity.

STAFF RECOMMENDATION:

Staff has reviewed the application and has determined that the proposed project qualifies for the 12 Year Multifamily Housing Property Tax Exemption. Staff recommends the Council approve the resolution.

ALTERNATIVES:

Presumably your recommendation is not the only potential course of action; please discuss other alternatives actions for council or staff to take. Please use table below.

Alternative	Positive Impacts	Negative Impacts
1. Do not approved the		No additional housing units
exemption		will be created and a vacant
		back lot will stay underutilized
		and an attractive nuisance.

EVALUATIONS AND FOLLOW UP:

The development will be tracked as it progresses and once completed will be monitored to ensure the affordability requirements are met for the entire exemption.

FISCAL IMPACT:

The value of the land would continue to be taxed throughout the exemption period. The additional greater economic impact to Tacoma from adding to the population base is estimated through sales tax generation. The
