

An aerial photograph of a residential area with a technical survey overlay. A red-outlined polygon indicates a specific parcel or easement area. Within this area, there's a smaller yellow-outlined section labeled "10' Wide Power Easement". A hatched orange area at the bottom right of the red polygon is labeled "Easement reserved" with a yellow arrow pointing to it. Another label "Right of Way reserved" with a red arrow points to a boundary line on the right side of the map. Various dimensions are provided in feet and inches, along with bearings. Specific labels include "Total Parcel Area = 6145 SF", "Less Exception 231 SF", and "Resultant Parcel Area = 5914 SF". Other annotations include "12\" DI CL 2 (LID 5560)" near the bottom edge and "174028" near the top center. The map also shows surrounding properties, trees, and a road at the bottom.
