EXHIBIT "AY9

2 1.12.090 On-the-job injury.

3 With the exception of employees in the Police and Fire Service hired prior to October 1, 1977, the Belt
Line Railway employees, emergency employees, and temporary employees, an employee who is otherwise
4 eligible for sick leave accumulations or Personal Off Time ("PTO") accruals and is injured on the job
shall be paid to the extent of 120 working days for each new and separate injury, in addition to, and prior
5 to, the use of sick leave or PTO accumulations, except as provided hereafter in this section.

A. The employee's eligibility for payment and the extent thereof will be based on the determination of the
6 State Industrial Insurance Division of the State Workers' Compensation Act. Such employee shall be paid
an amount by the City which when combined with the payment received as determined by the State
7 Industrial Insurance Division will equal 85 percent of his or her normal wage. For the purpose of this
section, normal pay shall be that rate of the classification in which he or she was working in on the date
8 of injury.

B. Such payment shall be made to the extent of such period of 120 working days and for as long
9 thereafter as such employee's sick leave or Personal Off Time ("PTO") accruals provide according to the
following schedule:

10 1. Charges shall be made against sick leave or Personal Off Time ("PTO") accruals, if any, for the date of injury
and for the three-day waiting period as defined in the State Workers' Compensation Act. If injury time
11 loss exceeds 14 calendar days, then sick leave used during the three-day waiting period shall be returned
and compensation computed at the 85 percent level as provided above.

2. After the payment and use of 120 working days, charges shall be made against sick leave or Personal
13 Off Time ("PTO") accruals, if any, at the rate of one half per day of sick leave and/or PTO on a prorated basis for any further time loss due to the injury. Compensation shall
14 continue at the 85 percent level as provided above.

- 1 5 Accumulated sick leave and/or PTO used for this purpose shall be based on the calculated supplement
dollar amount converted to actual hours by dividing the supplement dollar amount by the employee's
1 6 normal hourly wage. The converted actual hours will be deducted from the employee's accumulated sick
leave and/or PTO accumulations.
- 1 7 3. In the event an employee becomes disabled prior to completing 30 working days' employment with the
City, a maximum of 30 working days' City supplementation as defined above, shall be allowed.
- 1 8 4. Charges may be made against sick leave or PTO personal time off leave accruals, if any, in any case
where the City of Tacoma is contesting that the injury occurred on the job. In the event the State
1 9 determines in favor of the employee, sick leave or PTO personal time off so charged shall be recredited to
the employee's sick leave or PTO personal time off accrual balance and all payments in excess of the
2 0 difference between 85 percent of the regular normal pay and that amount received as determined by the
State Industrial Insurance Division, shall be recoverable by the City or deducted from future payments due
2 1 to the employee from the City. The City shall seek to recover any and all provisional time loss payments due
to the City when a claim filed after June 11, 1986, is rejected pursuant to the laws of the State of
2 2 Washington and the ordinances of the City of Tacoma.
- 2 3 5. In the event eligibility for payment is denied by the State, the employee shall be eligible to utilize sick
leave or PTO personal time off accruals, if any, retroactive to the date of injury, subject to the provisions
2 4 of Section 1.12.230, Sick Allowance with Pay.
6. Upon making such payments as are provided for in this section, the City of Tacoma shall be subrogated
2 5 to all rights of the employee against any third party who may be held liable for the employee's injuries to
2 6 the extent necessary to recover the amount of payments made hereunder; provided, that where actual

Pt
- 1 employee's accruals shall be recredited to the extent such funds reflect recovery for payments attributable
to compensated sick leave or PTO personal time off.
- K - 1UP
- 2 7. All provisions hereof shall be deemed applicable to the Health Pooling Fund and Health Department
Compensation Plans when the same are applicable to Health Department Employees.
- 3 In order to limit the obligation of the City for each new and separate injury, the City may require the
4 employee to furnish medical proof or submit to a medical examination by the City at its expense to
determine whether a subsequent injury is a new and separate injury or an aggravation of a former injury
5 received while in the service of the City.

6. SUMMARY AGENDA TITLE: (A concise sentence, as it will appear on the Council agenda.

Amending Chapter 1.12 of the Tacoma Municipal Code to implement a change in how employees are compensated when off work for an extended period due to an injury on the job.

7. BACKGROUND INFORMATION/GENERAL DISCUSSION: (Why is this request necessary? Are there legal requirements? What are the viable alternatives? Who has been involved in the process?)

Per Tacoma Municipal Code Section 1.12.090, the City provides eligible employees injured on the job with a

supplement amount for the first 120 working days when combined with worker's compensation time loss payments will equal 85 percent of the employees' normal wage. After 120 working days, the employee must use accrued sick or Personal Time Off leave to continue this supplement at a rate of 4 hours for each additional day the employee is absent, regardless of the amount of the supplement received.

This proposed change to the Tacoma Municipal Code will allow employees a choice to continue or not continue this wage supplement. It also changes the method used to determine the number of hours of sick leave or PTO that are

reduced to continue the supplemental payment, to an amount based on the monthly amount of supplement received divided by the employee's hourly wage.

The Government Performance and Finance Committee recommended a "do pass" of the proposed changes on October 15, 2008.

SUBJECT: Ordinance Disclosure

DATE: October 27, 2008

On the agenda for City Council action on November 4, 2008, will be an ordinance to amend the Compensation Plan. This memorandum discloses the contents of that ordinance pursuant to Section 1.12.970 of the Tacoma Municipal Code.

The Ordinance amends the following sections:

Section 1. 1 2.090 On-the-job-injury
Section 1.12.230 Sick allowance with pay
Section 1.12.248 Personal Time Off plan

The ordinance language changes have been discussed with and have a "do-pass" recommendation of the Government, Performance and Finance Committee. The changes modify how employees may be compensated when off work for an extended period due to an injury on the job.

The changes will provide the employee an option to either continue or not continue the supplement after the first 120 working days; and reduce the amount of the employee's sick leave or Personal Time Off accruals taken when the supplemental payment is continued after the first 120 working days. Previously, a reduction of one half day of leave for each full day of absence was taken. The new method will be based on the amount of the supplement paid divided by the employee's hourly wage to determine the number of leave hours to reduce.

I would be happy to answer any questions you may have.
