5. REQUESTED COUNCIL DATE: January 18, 2011

6. SUMMARY AGENDA TITLE: (A concise sentence, as it will appear on the Council agenda.)

Authorize an Interlocal Agreement between Pierce County and the City of Tacoma for solid waste programs through December 31, 2020.

7. BACKGROUND INFORMATION/GENERAL DISCUSSION: (Why is this request necessary? Are there legal requirements? What are the viable alternatives? Who has been involved in the process?)

In November 2008, The Pierce County Council adopted the 2008 Supplement to the Tacoma-Pierce County Solid Waste Management Plan. The focus of the 2008 Supplement is to move forward with new strategic initiatives to build upon the existing waste and recycling management systems in all of Pierce County.

A critical item in the 2008 Supplement is the goal of reducing waste disposal through waste reduction and recycling programs. As part of this Agreement, the County and City agree to work collaboratively to increase recycling and diversion programs and decrease the per person waste disposed through landfill disposal. Both jurisdictions agree that the goal is to achieve a reduction of the per capita waste disposed at the 2007 level of 4.5 pounds, per capita, per day to a level of 1.09 pounds, per capita, per day by 2032. This Agreement allows the County and City to expand cooperative efforts for the purpose of increasing recycling and reducing wastes.

The Pierce County Council approved the Interlocal Agreement between Pierce County and the City of Tacoma for solid waste programs on December 2, 2010.
