

MOTION FOR COUNCIL CONSIDERATION

Resolution No. 41974

July 29, 2026

I move to amend Resolution No. 41974 by striking the proposed language in Rule 4, Section A, regarding items on the consent agenda, as follows:

~~(6) — multi-family housing limited property tax exemption agreements.~~

Explanation: The consent agenda is typically reserved for items that are uncontested. I would like to preserve the opportunity to express opposition to the Multi-Family Tax Exception agreements without having to move the items off the consent agenda each time. The Community and Economic Development Department does not need to provide presentations on each Multi-Family Tax Exception agreement to the City Council, but the Council should maintain an opportunity to vote on each one.
