

Public Works

NOTICE OF PUBLIC HEARING

Tuesday, June 2, 2026, at approximately 5:15 p.m.

On Tuesday, June 2, 2026, the City Council will conduct a public hearing on the draft Six-Year Comprehensive Transportation Improvement Program Amended 2026 and 2027-2032.

Section 35.77.010 of the Revised Code of Washington (RCW) provides that the legislative body of each city and town prepare and adopt a comprehensive transportation program for the ensuing six calendar years and annually thereafter pursuant to one or more public hearings, prepare and adopt a revised and extended comprehensive transportation program, and each one-year extension and revision thereof will be filed with the Secretary of Transportation of the State of Washington. Section 35.77.010 of the RCW further provides that each city will include in their comprehensive transportation program how they intend to expend the revenues for non-motorized transportation purposes. The comprehensive transportation program can be amended at any time with City Council adoption after a public hearing.

The draft Six-Year Comprehensive Transportation Improvement Program Amended 2026 and 2027-2032 (Program) includes roadways, bridges, non-motorized facilities, sidewalks, and other capital related transportation projects. The draft Program is based upon anticipated revenues versus desirable projects. There are always more projects than available revenues.

The City adopted the Transportation and Mobility Plan (TMP) in June 2025, which includes a prioritized list of transportation projects. The adoption of the TMP included citywide community outreach and two public hearings. The proposed list of projects to be added to the draft Program support the goals and policies as well as network priorities outlined in the TMP.

To date in 2026, staff provided a presentation to the Infrastructure, Planning, and Sustainability Committee on the annual Six-Year Comprehensive Transportation Improvement Program amendment process and major changes on March 11, 2026, and received a recommendation to forward the draft program to City Council on April 22, 2026. Staff also provided a presentation to the Transportation Commission on the annual Six-Year Comprehensive Transportation Improvement Program amendment process on January 21, 2026, and major changes on March 18, 2026.

The proposed draft is available on the City's website at:
