Requested for December 2, 2025

DATE: December 2, 2025

#### **SUMMARY AND PURPOSE:**

A resolution authorizing a Council Contingency Fund expenditure in the amount of \$30,000 for matching funds to support the Sister Cities Sign installation near Tollefson Plaza.

## **COUNCIL SPONSORS:**

Mayor Victoria Woodards, Council Members Bushnell and Walker

#### **BACKGROUND:**

The intent of this funding request is to support the installation of a permanent Sister Cities Sign Project that celebrates and visually represents the City's longstanding international partnerships. The project is designed to highlight each of the City's sister city relationships through an attractive, durable sign installation placed in a prominent civic location.

This initiative reflects the City Council's commitment to fostering global understanding, cultural exchange, and economic cooperation through the Sister Cities program. The installation will serve both as a public art feature and an educational element, reinforcing the City's identity as a globally engaged community and a welcoming destination for international visitors, delegations, and residents alike.

Funding for this project aligns with the City's broader goals of enhancing civic pride, promoting cultural diplomacy, and creating visually engaging public spaces that reflect community values and international connections.

\$25,000 in funds are intended to match funding put forward by the Sister Cities Council for the development and installation of the signage. The City is supporting the process to clarify permitting needs for the Tollefson Plaza site and will be supportive of the installation and future maintenance. \$5,000 in funding is to be provided to Public Works for ongoing basic maintenance costs and support in the near term, with an expectation that an MOU with Sister Cities Council will outline their responsibility to fund damage, replacement, etc in the future.

## **COMMUNITY ENGAGEMENT/ CUSTOMER RESEARCH:**

The Sister Cities Sign Project has been developed with input and support from key community partners, including members of the local Sister Cities Council, cultural organizations, and community representatives connected to each sister city relationship. The Sister Cities Council has led the engagement efforts that have focused on ensuring that the design and placement of the sign reflect the diversity and shared values of the community while honoring the unique cultural identities of each partner city. In addition, then Sister Cities Council has led the design of the signage itself.

## **Equity and Accessibility:**

The Sister Cities Sign Project has been developed with a focus on equity, inclusion, and accessibility. The project design and location will ensure that the installation is welcoming and accessible to all community members, including individuals with disabilities. Universal design principles will guide site selection, sign height, and wayfinding features to support clear visibility, safe access, and ease of interaction for all visitors.

In keeping with the City's equity commitments, the project also aims to represent the full diversity of the community and its international partners. Each sister city will be acknowledged equally in design and presentation, reflecting mutual respect and shared global connection.
