Public Comment

- **Level of participation:** 19 written comments submitted; 20 provided direct testimony
- **General assessment:**
 - Public comments received are within the scope of comments previously considered by both the Planning Commission and City Council.
 - Comments were generally supportive of adoption of the Plan with some additional requests for consideration.
 - Comments received are reflective of community interests: participation from partner governments, industrial and business interests, environmental organizations, transit, and neighborhood representation.
- Any new material amendments would require an additional 45-day public comment period to ensure adequate review and input from partner governments and community prior to City Council action.
