PREAMBLE

For the purpose of maintaining cordial relations between the City of Tacoma and Tacoma Public Utilities, hereinafter designated as the "City" and the party of the first part, and the Local 483, International Brotherhood of Electrical Workers, hereinafter designated as the "Union" the party of the second part, the parties hereto do hereby enter into, establish, and agree to the following conditions of employment.

The City and the Union have a common and sympathetic interest in municipal services. Therefore, a working system and harmonious relations are essential to the relationship between the City, the Union, and the public. All will benefit by continuous peace and by adjusting any differences by rational common sense methods. Progress in industry demands a mutuality of confidence between the City and the Union. To these ends this Agreement is made.

The City shall not be required to take any action under this Agreement which is in violation of federal or state law, or the ordinances of the City of Tacoma.

The Union agrees that its members, who are employees of the City, will individually and collectively perform efficient work and service, and that they will avoid and discourage waste of materials, time, and manpower, and that they will use their influence and the best efforts to protect the property of the City and its interests and to prevent loss of tools, and materials and that they will cooperate with the City in promoting and advancing the welfare of the City and the service at all times.

The Union and the City share in a commitment to attracting and retaining a highly skilled workforce that reflects the diversity of our community. We believe that diversity makes us strong and furthers the City of Tacoma's commitment to workforce equity and anti-racism initiatives. We will continue to partner in recruitment and workforce development initiatives to increase the participation of historically marginalized groups in the City's workforce.

ARTICLE 1 – TERM OF AGREEMENT

This Agreement shall remain in full force and effect from January 1, 2025 to and including December 31, 2027, provided that if either party desires to terminate the Agreement on the anniversary date of December 31, 2027, written notice of such intent must be given to the other party ninety days (90) days in advance of that date, and provided further that this Agreement shall be subject to such change and modification during its term as may be mutually agreed by the parties hereto.

ARTICLE 2 – UNION RECOGNITION

Section 2.1 – Union Recognition The Union shall be the exclusive bargaining agent in all matters of wages, hours, and employment conditions in the application of the Agreement to employees in those classifications now listed and later added to the classifications set forth hereinafter. Should existing classifications be reclassified without the addition of significant new or different duties, the Union shall continue to be recognized for those classifications. Should new classifications in the City classified service be created, the City shall recognize the Union for those classifications, if such classifications perform a substantial portion of work presently performed by classifications listed in this Agreement. However, if another bargaining representative requests recognition for such a new classification, recognition procedures set forth under Chapter 41.56 RCW shall apply.

Section 2.2 – Leave for Business Manager/Representative The Director of Public Utilities or City Manager will approve granting a leave of absence without pay for the period covered by this Agreement without loss of Civil Service status and/or without loss of continued accrual of seniority, and aggregate City service or tenure status for all purposes, to no more than two (2) employees of the City who are members of the Union, and whom the Union may desire to have act as its Business Manager/Representative to be locally engaged in the business of the Union.

Section 2.3 The City will inform new bargaining unit employees of the Union's exclusive representation status. The City will provide Union access to new employees entering the bargaining unit within ninety (90) days of hire. The City will allow the Union thirty (30) minutes to meet with such individuals during work hours and at their usual worksite or a mutually agreed upon location. During such meetings, an employee designated by the Union will be permitted, for up to thirty (30) minutes and without loss of regular straight-time pay, to meet with new represented employee(s). The Employer shall incur no costs for travel time or mileage, nor shall the Union use City vehicles or resources in the conduct of this Union business.

Section 2.4 – Deductions The City agrees to deduct from the pay of each employee, who has so authorized it, the Union initiation fees, monthly dues, and assessments as certified by the secretary of the Union. The City will rely on information provided by the Union regarding the authorization and revocation of deductions, and the Union will provide such information to an email address provided by the City. Upon receiving notice of the employee's authorization from the Union, the City will deduct from the employee's pay membership dues and remit the same to the Union no later than the second payroll cycle following receipt of the authorization. The amounts deducted shall be remitted monthly by the City to the Union on behalf of the employees identified by the Union as authorizing deduction(s). The Union shall provide the City with at least one full pay period notice of any change in the amount of Union initiation fees, monthly dues, and assessments. The Union agrees to refund to the City any amounts paid to it in error on account of the provisions of this Section upon presentation of proper evidence thereof. There shall be no retroactive deduction of Union initiation fees, monthly dues, or assessments.

Upon receipt of an employee request for authorization of payroll deduction of Union initiation fees, monthly dues, or assessments, the City will forward the request to the Union electronically within two weeks. The City will take no action upon receiving an employee request until receiving confirmation from the Union to begin deductions.

The employee's authorization will remain in effect until expressly revoked by the employee by written notice to the Union in accordance with the terms and conditions of the authorization. The

cancellation will become effective no later than the second payroll cycle after receipt of the confirmation from the Union that the employee has revoked authorization for deduction.

Section 2.5 The City will furnish to the Union a roster and pay status of current bargaining unit employees. It is understood that this tabulation will be used by the Union for the sole purpose of compiling the Union dues formula and that the Union will not divulge any information from the subject tabulation to any other person or agency.

There shall not be any interference with the duties of employees or the operations of the Department.

Section 2.8 The City recognizes and will not interfere with the right of their employees to become members of the Union and agrees there shall be no discrimination, interference, restraint or coercion by the City against any employee because of their membership in the Union.

Section 2.9 The City agrees to use reasonable efforts to notify the Union prior to releasing any requested information when the City receives a Public Disclosure Request specifically asking for the name, date of birth, membership status, duty station/location, address, or work email address of all of the members of the Union's bargaining unit. The Union agrees to use reasonable efforts to notify the City prior to filing any court action to prevent the City from releasing information under such a request. ARTICLE 8 – GRIEVANCE PROCEDURE

Section 8.1 Definitions:

Grievance – A grievance under this Agreement is defined as an alleged violation of a specific Section or Article of this Agreement. To be valid, a grievance must be submitted in writing within (30) calendar days of the alleged violation by the grieving party.

Section 8.2 It is the goal of both the Union and the City to settle problems at the lowest possible level in a cooperative and objective manner. To this end, every effort will be made by both parties to resolve problems at the lowest level. Both parties shall work cooperatively to identify the appropriate manager to respond to a grievance. Initially, the employee is advised to discuss the incident with the shop steward (or Union Representative). Further contacts shall follow this procedure:

Step 1 Discussion with Immediate Supervisor. The employee, or employee and shop steward (or Union Representative), are encouraged to meet with the immediate supervisor (written communication not required). Such meeting shall take place as soon as possible.

The immediate supervisor shall advise the employee, or employee and shop steward (or Union Representative), of the proposed resolution within five (5) working days of this meeting.

Step 2 If the incident cannot be resolved at the first step, with a discussion with the immediate supervisor, and the employee would like to pursue the grievance, the grievance shall be reduced to writing specifying Section or Sections of the contract

violated, relevant facts including the name(s) of the employee(s) affected if applicable, and the proposed remedy and shall be presented to the appropriate manager, with copies to the Union and Labor Relations within thirty (30) calendar days of the alleged violation by the grieving party. This step shall not preclude contacts at lower levels, if this may expedite the resolution process. The appropriate manager shall, within ten (10) working days render a decision in writing to the employee and Union.

Step 3 If the employee is not satisfied with the response, then within ten (10) working days of receipt of the appropriate manager's answer, the grievance shall be forwarded to the Department/Division Head.

Step 4 If the employee is not satisfied with the response, then within ten (10) working days of receipt of the Department/Division Head's answer, the employee (or designated representative) will forward the grievance to the Director of Human Resources/Utilities Director for possible resolution.

The Director of Human Resources/Utilities Director (after consultation with the Department/Division Head, the Human Resources Director or their designee, and the Union Business Manager or their designee) shall submit their answer in writing within ten (10) working days after personal receipt of the grievance.

Option Optional Grievance Mediation. If the parties are unable to resolve a grievance at the Step 4 level, upon mutual agreement of the City and the Union, the parties may request grievance mediation utilizing services provided by the Public Employment Relations Commission. If mediation is agreed to, the parties shall hold timelines of the grievance in abeyance until the conclusion of mediation.

Step 5 Grievances not resolved under the above steps may be referred to arbitration by either party to this Agreement. Either party may give notice of intention to arbitrate within fifteen (15) working days following completion of the steps listed in the aforementioned sections. A list of five (5) arbitrators shall be requested from the Public Employment Relations Commission, both parties shall meet and each shall strike a name until one (1) arbitrator is selected. The decision by the arbitrator shall be final and binding upon both parties. Each party is responsible for the costs of its representatives, attorneys and all costs related to the development and presentation of their respective cases in arbitration. In the event that the City unsuccessfully challenges an arbitrator's decision in court, or the Union is forced to file an action in court to compel compliance with an arbitrator's award, the Union may seek recovery of attorneys' fees incurred in the court action to the extent such recovery is permitted under RCW 49.48.030. All other agreed to expenses incident to the arbitration shall be divided equally. The arbitrator shall have no power to render a decision that will add to, subtract from, or alter, change or modify this Agreement; and the arbitrator's power shall be limited to an interpretation or application of this Agreement and application of appropriate remedies.

Section 8.3 The time limitations in this Article may be adjusted by mutual agreement, in writing between the Union and the Department/Division. Failure by the non-grieving party to comply with any of the time limitations as provided in this Article shall constitute a right of the grieving party to proceed to the next step without waiting. Failure of the grieving party to comply with the foregoing time limitations shall constitute resolution of the grievance.

ARTICLE 9 – SENIORITY, SHIFT BIDDING and VACANCIES

Section 9.1 For the purposes of this agreement, seniority is defined as the length of continuous permanent service by classification.

- A. An employee temporarily assigned to another classification outside of the bargaining unit in a temporary or project status shall earn seniority for the classification covered by the agreement in accordance with Section 1.24.920 of the Tacoma Municipal Code.

During the term of this Agreement, the City will provide medical insurance to employees and their eligible dependents through the plans described in Appendix A.

6.2.1 Eligibility. Permanent, project, appointive, and temporary pending exam employees and their dependents are eligible for coverage beginning on the first day of the calendar month following the date of hire, unless the date of hire is also the first working day of the calendar month, in which case benefits eligibility begins on the date of hire. All other temporary employees and their dependents are eligible for coverage beginning on the first day of the calendar month following 60 days of continuous employment from the date of hire.

6.2.2 Default Options. If permanent, project, appointive and temporary pending exam employees fail to enroll or waive medical coverage within the required enrollment period, the employee will be enrolled automatically in the City's default medical plan. The default plan shall be the Regence BlueShield PPO Plan. If a temporary employee fails to timely enroll or waive coverage, the employee will be determined to have waived coverage, until such time as they enroll pursuant to a qualifying life event or an open enrollment period.

6.2.3 City Payment of Claims/Premiums. Except as provided below, the City will pay the claims or premiums (according to the plan selected by the employee) associated with the medical insurance selected by the employee and eligible dependents from the City's Health Care Trust. The City will not use reserve funds for purposes other than paying costs associated with the maintenance and administration of its health insurance plans without the express negotiation and consent of the Joint Labor Committee.

6.2.4 Employee Contributions to Premiums.

Employees selecting employee-only coverage will contribute \$50 per month towards the premium costs of medical insurance. Employees insuring dependents will contribute \$100 per month towards the premium costs of medical insurance.

In addition to these amounts, part-time employees assigned to work at least twenty (20), but less than thirty (30) hours per week will be responsible for the remainder of the premium cost of the plan they have selected after the City has made a prorated contribution toward the cost of the plan based on the percentage that the part-time employee's FTE actual hours compensated in the previous month bears to full-time (40 hours per week). Employees will be eligible for benefits based on assigned work schedule. The work schedule shall be determined monthly, for pay periods in the upcoming month. Such schedules will be rounded up to the nearest four (4) hour increment. Part-time employees assigned to work thirty (30) or more hours per week will make contributions equal to those of full time employees. For all other purposes or benefit calculations, the City's definitions and policies regarding part-time employment will govern.

6.2.5 Wellness Credit. Employees participating in wellness will receive a \$20 per month credit toward their premium contribution for medical insurance coverage under the Regence PPO Plan or Kaiser Permanente HMO Plan, or a \$40 per month credit toward their premium contribution for coverage under the Regence HDHP/HSA Plan. Employees in a temporary status are not eligible to receive the credit.

Employees or their eligible dependents may not be insured on more than one City medical insurance plan. If an employee has a spouse/domestic partner or adult child under the age of 26 working for the City, and each completes the participation requirements of the Wellness Incentives, each employee will receive the Wellness Credit toward the employee premium contributions for medical insurance coverage.

6.2.6 Contributions to HSA Accounts. Employees who select the Regence HDHP/HSA Plan will receive the following annual contributions to a health savings account. Contributions will be pro-rated and deposited on a monthly or bi-weekly basis. Employees may contribute to their own accounts up to the maximum dollar value permitted by applicable law.

- a. Employees Who Participate in Wellness – \$1,650 per year for employees selecting employee-only coverage; \$3,300 per year for employees insuring one or more dependents.
- b. Employees Who Do Not Participate in Wellness – \$825 per year for employees selecting employee-only coverage; \$1,650 per year for employees insuring one or more dependents.

6.3 **Dental and Vision Insurance.** The City will provide dental and vision insurance to employees and eligible dependents according to the terms of its insurance plans. The City will not make changes to its dental or vision insurance plans during the term of this Agreement without first bargaining with the Joint Labor Committee. The City will pay the full premium cost for dental and vision insurance for employees and eligible dependents. Part time employees assigned to work at least twenty (20), but less than thirty (30) hours per week will be responsible for a prorated contribution toward the cost of the plan based on the percentage that the part-time employee's FTE actual hours compensated in the previous month bears to full-time (40 hours per week). Part-time employees assigned to work thirty (30) or more hours per week will make contributions equal to those of full time employees. For all other purposes or benefit calculations, the City's definitions and policies regarding part-time employment will govern.

6.3.1 Default Options. If permanent, project, appointive, and temporary pending exam employees fail to enroll or waive dental coverage within the required enrollment period, the employee will be enrolled automatically in the City's default plan. The default dental plan shall be the Delta Dental plan and the default vision plan shall be Vision Plan Services (VSP) unless the employee enrolled in the Kaiser Permanente HMO plan, which includes vision coverage. If a temporary employee fails to timely enroll or waive coverage, the employee will be determined to have waived coverage, until such time as they enroll pursuant to a qualifying life event or an open enrollment period.

6.4 **Dual Coverage.** No City employee or eligible dependent may be insured under more than one City medical, dental, or vision insurance plan. Employees whose spouses/domestic partners/children up to age 26 are eligible for medical insurance benefits through the City will share the costs of insurance as follows:

6.4.1 Employees Choosing the Same Plan – One spouse/domestic partner will be placed on the other's medical, dental, or vision insurance, and the primary

spouse/domestic partner will pay the appropriate premium cost for family coverage.

- 6.4.2** Employees Choosing Different Plans – If spouses/domestic partners elect coverage under different plans, they may not provide coverage to their spouse/domestic partner on their medical, dental, or vision insurance plan. Each employee will pay the appropriate cost share (individual or family) depending on whether they include children on their plan.
- 6.4.3** Children up to Age 26 – Benefit-eligible employees whose parents are City employees must elect coverage in their name (paying the applicable premium contribution) or coverage as a dependent on their parent’s plan (with no premium contribution), but may not receive coverage under two medical, dental or vision insurance plans.
- 6.4.4** Dual Coverage Wellness Credit - If an employee has a spouse/domestic partner or adult child under the age of 26 working for the City, and each completes the participation requirements for the Wellness Incentives, each employee will receive the Wellness Credit toward the employee premium contribution for medical insurance coverage.

6.5 **Opt Out With Proof of Insurance.** Subject to any applicable legal restrictions imposed by the Employer’s medical, dental and vision insurance providers, full-time and part-time employees may choose to opt out of the Employer provided medical, dental and/or vision insurance. To be eligible to opt out of the medical, dental and/or vision insurance, full-time permanent, project, appointive, and temporary pending exam employees shall be required to: (i) provide the Employer with written proof of alternative medical, dental and vision insurance coverage; and (ii) notify the Employer in writing within thirty (30) calendar days if he/she should lose their alternative medical, dental and vision coverage.

 - 6.7.3** Permissible uses of sick leave are described in Tacoma Municipal Code Sections 1.12.230 – 1.12.232.

6.8 Personal Time Off shall be as provided in Section 1.12.248 of the Tacoma Municipal Code. This section provides in part for the following:

6.8.1 Employees enrolled in the Personal Time Off (PTO) Plan shall accrue PTO hours for each bi-weekly pay period pursuant to the following schedule. Employees receive PTO in lieu of vacation and sick leave

Completed Years of Aggregate Service	Hours per Year	Hours per Pay Period

Completion of 25 years	264	10.15
Completion of 26 years	272	10.46
Completion of 27 years	280	10.77
Completion of 28 years or more	288	11.08

6.8.2 Employees shall accrue PTO on a prorated basis according to the percentage their FTE bears to full-time. Employees' PTO accrual rates shall be established as of January 1 of each calendar year and shall be based on the rate applicable to the number of years of aggregate service the employee will complete within that calendar year. An employee may accrue a maximum of 960 hours of PTO.

6.8.3 Employees in the PTO plan may, no later than January 31 of each year, submit in writing, on the form provided by and available from the Human Resources Department, a commitment to cash out up to 100 hours of available accrued PTO in February of the following year. The cash value of the PTO shall be based on the rate for the classification in which the employee is working at the time the cash out payment occurs.

6.9 On-the-job injury shall be as provided in Section 1.12.090 of the Tacoma Municipal Code. That section provides in part:

6.9.1 In the case of a disability covered by State Industrial Insurance or Worker Compensation, the first three (3) calendar days shall be paid at the regular normal pay and charged to earned leave, in the event the time loss is less than fifteen (15) calendar days.

- 6.9.2** For one-hundred-twenty (120) working days, the City will pay a supplement payment such that State payment plus City supplement equals eighty-five percent (85%) of regular normal pay.
- 6.9.3** Pursuant to Ordinance 27753, adopted November 18, 2008, after the payment and use of the one hundred twenty (120) working days, the employee may request to use accumulated sick leave and/or planned time off (PTO) balances to supplement the time loss pay such that the combination of the supplement and the time loss pay equals eighty-five percent (85%) of the employee's normal wage (the employee's rate at the time of injury plus any longevity pay to which the employee is eligible). If the employee elects to use paid sick leave and/or PTO the election will continue until such balances are exhausted or until the employee returns to work. Hours deductions from the employee's PTO or sick leave balances shall be determined by dividing the supplement by the employee's regular hourly wage. Example: Assume a supplement amount of \$596 dollars is necessary to bring the total to 85%. If the employee's regular wage is assumed to be \$23.84, the deduction from sick leave and/or PTO would be $\$596/\$23.84=25$ hours.
- 6.9.4** Any employee who becomes disabled prior to completing thirty (30) working days' employment with the City, shall receive the compensation disability allowance for a maximum of thirty (30) working days.
- 6.9.5** The above does not apply to Police and Fire commissioned hired prior to October 1, 1977, however, such employees shall have on-the-job injury claims charged against their sick leave accruals in the same manner as other employees of the City.
- 6.9.6** For the purposes of this Section, regular normal pay shall be that rate of the classification in which they were working in on the date of injury.
- 6.10** Group Life Insurance shall be as provided in Section 1.12.096 of the Tacoma Municipal Code. The City will pay one hundred percent (100%) of the cost of premiums for those employees electing to participate. The amount of insurance an employee may purchase is based on their annual salary rounded to the next highest \$1,000 of coverage.
- 6.11** Longevity pay may be provided to employees of member unions pursuant to the terms of Ordinance 20938, which reads in part as follows:
- 6.11.1** Regular, probationary, and appointive employees who through union agreement have elected the option of longevity pay shall receive additional compensation based on a percentage of their base rate of pay received for the class in which they are currently being paid. No application of rate may be used in computing longevity pay.
- 6.11.2** Eligible employees shall receive longevity pay in accordance with the following schedule:
- | | |
|--|--------------|
| From 5 through 9 years aggregate service | 1% per month |
| From 10 through 14 years aggregate service | 2% per month |

From 15 through 19 years aggregate service	3% per month
20 years or more aggregate service	4% per month

6.11.3 Eligibility for longevity pay shall be determined by the length of aggregate City service and will be paid to an employee at the first of the calendar year in which any of the above stipulated periods of aggregate service will be completed.

6.12 Holidays shall be as provided in Section 1.12.200 of the Tacoma Municipal Code. This section provides in part that the following and such other days as the City Council, by resolution, may fix, are holidays for all regularly employed full-time employees of the City and shall be granted to employees or days off in lieu thereof.

- Juneteenth (June 19)

6.12.1 A full-time employee shall receive eight (8) hours of holiday pay for each holiday listed above, provided he/she is in a paid status on both the entire regularly scheduled workday immediately preceding the holiday and the entire regularly scheduled workday following the holiday.

6.12.2 In addition to the days listed above, eligible employees shall receive two (2) additional eight (8) hour paid floating holidays per calendar year for which time off shall be mandatory. Floating holidays may not be carried over from one calendar year to the next, and may not be converted to cash in any circumstances. To be eligible for these floating holidays, employees must have been or scheduled to be continuously employed by the City for four (4) months as a full-time or part-time regular, probationary, or appointive employee during the calendar year of entitlement. An employee hired into a part time status shall receive holiday pay on a prorated basis on the hours that he/she is hired to work.

6.12.3 Full time employees working alternate schedules who are normally scheduled to work more than eight (8) hours on a day observed as a holiday may use vacation leave, personal time off, compensatory time, or leave without pay at the employee's option to make up the difference between the employee's normally scheduled shift and the eight (8) hours of holiday pay.

6.12.4 Unpaid Holidays. Employees will be granted two (2) unpaid holidays per calendar year for a reason of faith or conscience or an organized activity conducted under the auspices of a religious denomination, church, or religious organization. The employee will select the days on which to take

the unpaid holiday(s) after consultation with his or her supervisor as provided by City policy. To the extent reasonably possible, employees should submit leave requests with at least thirty (30) calendar days' notice. Employees may elect to use accrued vacation leave, PTO, compensatory time or floating holidays to remain in paid status on a requested holiday to the extent that such leave is available on the requested date under applicable policies, procedures and/or collective bargaining agreements governing the use of paid leave. An unpaid holiday requested pursuant to City policy will not be denied unless the employee's absence would impose an undue hardship on the City, as defined by applicable rule or regulation.

6.13 The City shall contribute up to \$3.00 per month for long term disability coverage for all permanent non-commissioned City employees.

6.14 The City will maintain an Internal Revenue Service Code Section 125 flexible benefits plan. The City shall pay the monthly per participant administrative fee. Employees cannot utilize this plan for Long Term Disability premium payments. Employees who participate in the City medical plan will be eligible to participate in the Section 125 flexible benefits plan. The maximum annual allowable employee contribution for medical reimbursement shall be based on IRS regulations. At the end of each year any unspent monies in employee flexible benefits accounts will revert to the Labor/Management Health Care Trust Account.

6.15 **Wellness.**

6.15.1 Wellness Committee. The parties will maintain a Labor Management Health Care Committee (aka Wellness Committee) during the term of the Agreement to discuss and address issues regarding the City's insurance programs and wellness program. The Wellness Committee will be comprised of four (4) City and four (4) Labor representatives. The Committee will:

- a. Develop monthly or bimonthly newsletters to help educate and encourage the City employees.

**MEMORANDUM OF UNDERSTANDING
BY AND BETWEEN
CITY OF TACOMA
AND
INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS, LOCAL 483
CUSTOMER AND FIELD SERVICES UNIT**

Subject: Outage Call Center (OCC)

Originally signed: 9/20/2012

Revised: 9/21/2015 and 8/28/2019

The City of Tacoma and the International Brotherhood of Electrical Workers, Local 483, Customer and Field Services Unit, hereby enter into this Memorandum of Understanding regarding the staffing guidelines that will be utilized when the Outage Call Center (OCC) is activated.

The Parties agree to the following:

1. The City will maintain a voluntary call-out list of Customer Service Representatives (CSR), Customer Service Representatives Technical, (CSRT), Meter Readers (MR), and Utilities Field Investigators, (UFI), assigned to the Tacoma Public Utilities Customer Service Division. This call-out list will be used during an outage event outside of normal business hours. Employees on the callout list will be sorted by classification in the following order, CSR, CSRTs (combined), then MRs, and UFIs (combined), by willingness, response time and seniority. Employees who volunteer must be fully capable of responding within thirty (30) minutes upon notification of an OCC start-up. The process for selection will begin with the most senior CSR, based upon willingness and response time followed next by the most senior CSRT, based upon willingness and response time; This pattern will be utilized as employees are selected from the call-out list until all CSR and CSRTs have been contacted. If additional employees are needed to staff the OCC, selection will begin with the most senior MRs based upon willingness and response time followed by the most senior UFI. This pattern will be utilized as employees are selected from the call-out list until all MR and UFIs have been contacted. Once the end of the list is reached, further selections, if additional employees are needed to staff the OCC, will begin by starting the selection process over beginning with the CSR and CSRTs then MRs and UFIs.
 - a. A telephone contact log will be maintained to document that each employee on the list has been called. Employees that change their phone numbers of home location are responsible for notifying the OCC Coordinator of said changes.
 - b. Once the OCC has been activated the list will be called in a rolling manner. If the OCC is closed, calling from the list will begin at the start of the list once the OCC is reopened.
2. The City will maintain a voluntary call-out list of Customer Service Representative, Leads (CSRL), assigned at the Tacoma Public Utilities Customer Service Division who will serve as OCC Coordinators during an outage event outside of normal business hours, Employees on the call out list will be listed by willingness and seniority. In the event there are not enough CSRL to staff the OCC, the City reserves the right to call-in any

CSRL, a trained CSRT that would be setup to a lead, prior to calling in a supervisor to serve as an OCC Coordinator.

3. If management determines the severity of the outage event warrants or there are not enough employees to staff the OCC, the management may call-in additional employees, as needed, to assist with OCC responsibilities.
4. Any employee who does not report to work for their regularly scheduled work day, due to an unscheduled absence or leave of absence, will not be considered eligible for OCC call out until the initial selection process has occurred and additional employees are needed to staff the OCC. At that time, the employee's name will be considered eligible to be called on the list in the position they would have been placed if they had not been absent.
5. An employee assigned to work an OCC event before or after their regular work day may work a maximum of eight (8) hours of overtime in any twenty-four (24) hour period, as determined by management. Exceptions to this limit may be agreed upon between the employee and management. Employees will be paid at their regular rate for OCC activities occurring during the employees' regularly scheduled work day.
6. All employees are expected to work their normally scheduled work day. However, where an employee has worked during an OCC event, outside of normal business hours, and feels they cannot continue to work their regular work day, management will consider the use of sick leave or personal time off (PTO) for the remainder of the scheduled work day. Management may also consider an adjustment to the employees scheduled work day in accordance with Article 12.7 of the Collective Bargaining Agreement.
7. If an OCC event occurs during normal business hours, volunteers for any resulting overtime will be sought, by classification, by seniority, from employees still currently at work, prior to selecting employees from the call out lists. Similarly, if an event occurs during scheduled overtime, volunteers to work the OCC outage will be sought, by classification, by seniority, from the employees currently at work, prior to selecting employees from the call out lists.
8. When the OCC is open during regular business hours, those Meter Reader and Utilities Field Investigator employees who have been trained on the OCC may be afforded the opportunity to work their regular schedule assisting with OCC duties when management determines that their regular work may not be performed.
9. The City reserves the right to outsource the OCC functions to an emergency response agency.

The Parties further agree:

Either party may reopen or cancel this MOU with thirty (30) days' notice to the other party.

to Customer Service Representative, Technical**

The City of Tacoma and IBEW Local 483: Customer & Field Services Unit, hereby enter into this Letter of Agreement which shall be attached to the Collective Bargaining Agreement and incorporated as though fully set forth.

It is agreed that the recent review of the work being performed by Sherry Berreth is no longer a fit with the Energy Services Specialist I classification and more closely aligns with the classification of Customer Service Representative, Technical. This has resulted in a reclassification of the position held by Sherry Berreth to the classification of Customer Service Representative, Technical.

It is agreed that the following terms and conditions shall apply to this reclassification with the effective date in concurrence with the date of September 16, 2011, which was the date approved through the Civil Service Board to allow the non-competitive appointment.

The incumbent's city service date shall remain as is, January 27, 2003, which is the date used to determine longevity pay and retirement.

For the purposes of vacation scheduling and job bidding, the job/classification seniority date will be based on the date of her permanent continuous service in the classification of Customer Service Assistant, which is May 31, 2004.

Denise Hottel and Christina Parise both took lateral transfers into project positions March 17, 2008 from Customer Service to Public Works. It is agreed that the following terms and conditions shall apply to these permanent appointments with the effective date in concurrence with the date approved through the Civil Service Board to allow the non-competitive appointments.

This Letter of Understanding (LOU) is by and between the City of Tacoma (City and/or Employer), and the IBEW Local 483, herein referred to as “the Parties”.

Background

The Parties have previously agreed to an “Advanced Meter Field Investigator Classification LOA” approved by the City Council on April 26, 2022. This LOA provides for the creation of a new standalone classification titled “Advanced Meter Field Investigator, Lead.” Per the Parties’ agreement, the Advanced Meter Field Investigator, Lead position(s) were to be posted and filled via a competitive recruitment utilizing current Civil Service Rules.

After additional consideration, the parties have agreed to a change in the process through which the newly created Advanced Meter Field Investigator, Lead positions will be filled.

Agreement

The City will petition the Civil Service Board for a noncompetitive appointment consistent with Tacoma Municipal Code 1.24.570 for the two individuals who are currently being set up to the position of Advanced Meter Field Investigators, Lead. Upon permanent appointment to the position pending Civil Service Board approval, the following shall apply:

1. Robert Hill – Shall be placed at step 1 of the wage scale
Jeff Christian – Shall be placed at step 3 of the wage scale

This language supersedes the process identified in the Advanced Meter Field Investigator Classification LOA. All other terms of the LOA shall remain in full force and effect, in addition to all other terms and conditions of the current Collective Bargaining Agreement.

This Letter of Understanding is not to be used as a precedent with respect to this or any other contracts for any other divisions or departments of the City, nor by other employees represented by this Union, or any other Union.

LETTER OF UNDERSTANDING
By and Between
City of Tacoma and
International Brotherhood of Electrical Workers, Local 483 Customer & Field Services
Unit

Subject: Advanced Meter Field Investigator Classification

This Letter of Agreement (LOA) is by and between the City of Tacoma (City and/or Employer), and the IBEW Local 483, herein referred to as “the Parties.”

The LOA describes the Parties’ agreement regarding the following:

1. Utilities Field Investigator classification (CSC 06020) shall be updated and re-titled as “Advanced Meter Field Investigator”. A new wage table shall be established.
2. Transition plan for permanent employees in the Meter Reader (CSC 06010) classification that are listed in this agreement to the Advanced Meter Field Investigator (CSC 06020) classification.
3. Creation of a new classification, “Advanced Meter Field Investigator, Lead” (CSC TBD) and the elimination of Lead Application of Rate.

Agreement

Now, therefore, the Parties agree to the following terms:

Utility Field Investigators or Field Investigators:

In order to meet the evolving business needs of the City, the City will update the Utilities Field Investigator (CSC 06020) class specification and retitle the classification as “Advanced Meter Field Investigator.”

All references in the current Collective Bargaining Agreement (CBA) to Field Investigator or Utility Field Investigator shall be understood to reference Advanced Meter Field Investigators.

All current employees in the Utility Field Investigator classification shall be retitled to the classification of Advanced Meter Field Investigator. Consistent with the Tacoma Municipal Code 1.24.370, these employees will not be subject to a probationary period.

Meter Readers:

With the deployment of advanced water and power meters, the City will no longer need permanent Meter Readers and as such all current permanent employees in the Meter Reader classification will be consolidated into the classification of Advanced Meter Field Investigator along with employees in the former Utility Field Investigator classification. Consistent with the Tacoma Municipal Code 1.24.370, these employees will not be subject to a probationary period.

Project and temporary employees in the Meter Reader classification shall be phased out as more advanced meters are deployed. Project and temporary Meter Readers will continue to be compensated as Meter Readers. When all project and temporary Meter Readers are separated from employment, the Human Resources Director will abolish the Meter Reader classification, (CSC 06010). The parties recognize that many of the historical core duties of the Meter Reader

classification are being incorporated into the Advanced Meter Field Investigator classification. Any duties which were historically exclusive bargaining unit work will remain the exclusive work of the IBEW 483 Customer and Field Services Bargaining Unit, consistent with RCW 41.56.

Seniority for the purpose of layoff for transitioning Meter Readers:

Tacoma Municipal Code, 1.24.900.B, provides that in the event of layoff, where seniority does not establish a definite seniority differential, the order of layoff shall be determined by the relative standing on the eligible list from which appointed. Because some employees listed below will share the same seniority date as the result of the consolidations of classifications to the Advanced Meter Field Investigator classification, the Parties agree to use the employee's job seniority date as a Meter Reader to break any ties in seniority for the purpose of layoff. The order is as follows with the most senior listed first:

1. Robert Hill
2. David Haydon
3. Dale Carter
4. Jeanne Jollo
5. Jeremy Sleeker
6. Catherine Howard
7. Daniel Borrowman
8. Erika Davis
9. Matthew Ricks

The Parties agree to amend Article 12 Section 13 as follows:

Section 12.13 - Overtime – TPU Field Staff Field Operations

Advanced Meter Field Investigators shall be assigned overtime on a voluntary basis from the overtime bid board. Advanced Meter Field Investigators who wish to work overtime, if it is available, on a given day shall so signify by moving their bid markers on the bid board within thirty (30) minutes of the start of their regular shift. Employees assigned to the South Service Center shall notify the office via email. Management shall have the right to assign up to a maximum of one-half hour (1/2) of overtime work to the end of an Advanced Meter Field Investigator or Meter Readers shift without regard to seniority. For additional overtime opportunities the following shall apply:

12.13.1 Advanced Meter Field Investigator Overtime Rotation: Overtime work will be equitably distributed among Advanced Meter Field Investigators that voluntarily choose to work overtime. At the end of each pay period, the Operations Manager or their designee will update a database of each individual's number of overtime hours worked. The overtime totals will be used to rank employees based on the amount of overtime worked from least to most. This process will repeat at the end of each pay period through the year. The process will reset with the first pay period of each year. Overtime call outs from the Energy Control Center (ECC) will be based on seniority and not subject to the process outlined in this paragraph. All overtime worked will be added to the calculation of hours of overtime worked. When a new Advanced Meter Field Investigator is hired, the average hours of overtime for all Advanced Meter Field Investigators will be calculated and the result shall be the hours assigned to the new Advanced Meter Field Investigator for the purpose of determining their placement on the rotation list. Employees will be provided all necessary training as soon as possible, estimated duration of training is three working weeks. Upon completion of training all

employees will be eligible for overtime rotation. Training may be extended if shortcomings are clearly identified.

12.13.2 The Field Operations Manager shall make a determination no later than 4:20 p.m. whether and how many Advanced Meter Field Investigator crews are needed for overtime work. When two (2) person crews are necessary, in accordance with Section 12.11.4, employees must be physically present in the office, by 4:20 p.m., to be eligible for such overtime.

12.13.3 If, it is determined that additional Advanced Meter Field Investigator crews are needed for overtime work, the following procedures shall apply:

12.13.3.1 The Field Operations Manager (or designee) shall call out additional employees from the Advanced Meter Field Investigator rotational overtime callout list, as outlined in 12.3.1 by seniority on a voluntary basis, until sufficient employees to fill out needed crews have agreed to work.

12.13.4 Overtime for Advanced Meter Field Investigator, Leads shall be awarded based on seniority. Management shall have the right to assign up to a maximum of one-half hour (1/2) of overtime work to the end of their shift without regard to seniority.

Seniority for the purpose of shift bid and vacation requests:

Because employees previously employed as Meter Readers and Field Investigators will all be in one classification (Advanced Meter Field Investigator), in order to recognize service to the Field Operations department, the Parties agree to utilize employees' most recent hire date as a permanent Meter Reader with the City for the purpose of calculating seniority for shift bid and vacation requests. For those employees that left Field Operations for another City position and then subsequently returned to Field Operations, time spent in another City position will not count toward their seniority date.

The order is as follows with the most senior listed first:

1. Tommie Frazier
2. Carolyn Solitaire
3. Merri McHugh
4. Robert Hill
5. Jeff Christian
6. Michael Beeks
7. David Haydon
8. Mike Reda
9. Dale Carter
10. Theron Hamer
11. Jeanne Jollo
12. John Boerner
13. Theresa Dupea
14. Teresa Puczyk
15. Heidi Booth
16. Ted Hoiland
17. Jeremy Sleeker

- 18. Catherine Howard
- 19. Patrick Welcher
- 20. Erika Davis
- 21. Daniel Borrowman
- 22. Rob Stojakovich
- 23. Matthew Ricks

Vacation requests for 2022 will be bid using the current Utility Field Investigator and Meter Reader lists. Vacation requests for 2023 will be bid by utilizing the list above.

Advanced Meter Field Investigator, Lead

A new standalone classification, “Advanced Meter Field Investigator, Lead” shall be established.

The Advanced Meter Field Investigator, Lead classification will be classified, overtime category A, eligible for longevity, and represented by the IBEW Local 483 Customer and Field Services bargaining unit, subject to City Council approval.

The current Application of Rate (AOR) for Meter Reader & Utility Field Investigators shall be abolished.

The Advanced Meter Field Investigator, Lead position shall be posted and recruited for utilizing current Civil Service Rules. Salary Step placement shall be made in compliance with TMC 1.12.050.

Wages:

The Parties agree to update the wage scale for the Advanced Meter Field Investigator classification and to adopt the newly created Advanced Meter Field Investigator, Lead classification wage scale as shown below to be effective and retroactive to January 1, 2022.

Code	A	Job Title	1	2	3	4
6020		Advanced Meter Field Investigator	32.85	34.50	36.22	
6030		Advanced Meter Field Investigator, Lead	36.14	37.95	39.84	41.84

Step Placement:

Utility Field Investigators: All current permanent Utility Field Investigators shall be placed at Step 3 of the Advanced Meter Field Investigator wage scale. Catherine Howard will be placed at the Step 3 of the Advanced Meter Field Investigator wage scale as this employee previously held standing in this classification and successfully completed a probationary period.

Meter Readers: All current permanent Meter Readers who are being consolidated into the Advanced Meter Field Investigator classification shall be placed at Step 1 of the Advanced Meter Field Investigator wage scale.

Lead Meter Reader or Lead Utility Field Investigator: Until the Advanced Meter Field Investigator, Lead position is filled permanently, the two employees currently who are receiving

the Lead AOR shall be compensated based on the Advanced Meter Field Investigator, Lead wage scale as follows:

Robert Hill – Shall be set up to Step 1

Jeff Christian – Shall be set up to Step 3

Should either Mr. Hill or Mr. Christian be selected to fill the Advanced Meter Field Investigator, Lead position they will also be placed on the salary table as described above. However, any time spent between the execution of this agreement and permanent appointment to the Advanced Meter Field Investigator, Lead shall count toward their step progression.

IBEW Local 483 and City management agree to work together to develop a training program for future employees hired into the Advanced Meter Field Investigator position.

This Letter of Agreement will be effective the first pay period following the effective date of the resolution, with the exception of the wage adjustments referenced above which will be effective January 1, 2022. This Letter of Agreement is not to be used as a precedent with respect to this or any other contracts for any other divisions or departments of the City, nor by other employees represented by this Union, or any other Union.
