

## Solid Waste Special Permits & Tax Incentive

City of Tacoma | Environmental Services | Finance

**Government Performance & Finance Committee**

**November 4, 2025**

**ITEM #2**

1

## OVERVIEW

- In 2024, Solid Waste Management (SWM) and Tax & License (T&L) collaborated on a tiered recycling tax deduction for solid waste businesses, with the goal to divert waste from our regional landfill
- Changes went into effect January 1, 2025

2

2

## ••• BACKGROUND

### TMC 12.09.070 Special Permits

- Defined **Recycling Rate**
- Require an annual recycling report in order to receive the tax deduction in Title 6
- ADC hauled before the year 2027 is reported as 50% recycling
- A permit reporting fee of \$150
- First-time applicant may submit an estimated Recycling Rate
- Annual Recycling Report amendments may be submitted each year (November 1 deadline)
- SWM may audit and inspect as needed to certify Recycling Rates

3

3

## ••• BACKGROUND

### TMC 6A.50 and 6A.100 – Solid Waste Collection Tax

- Established Recycling Tiers:

Tier	Recycling Rate	Tax Deduction
0	0%-1%	None
1	2% - 25%	12.5%
2	26% - 50%	37.5%
3	51% - 75%	62.5%
4	76% - 100%	100%

- Special Permit holder's Recycling Rate is certified by SWM each year and applied to tax filings during the subsequent calendar year
- Recycling tiers and tax deduction applies to public solid waste utilities under 6A.100 in compliance with City Charter

4

4

## ••• PERMIT STATUS

- 58 Permits issued in 2024
- 46 Permits issued in 2025
  - Businesses determined to no longer need a permit (Environmental Remediation)
  - Not operating in Tacoma any longer
  - Businesses require additional follow up to determine whether they are still operating – enforcement action may be required

5

5

## ••• PERMIT STATUS

Recycling Tier	Recycling Rate	2024 Permits	2025 Permits
0	0-1%	35	19
1	2-25%	0	1
2	26-50%	2	4
3	51-75%	1	2
4	76-100%	20	11

- In 2025, 10 Permittees are not taxed as Solid Waste Collection Businesses, but still require a Special Permit
  - Metals Recyclers & Manufacturing Facilities - 99% Recycling
  - Self-Haulers – Garbage only

6

6

## ••• PROCESS

- Permit Application and Administration is done through Smartsheet.
- Recycling Reports are certified in Fall and published for T&L to adjust next year's deductions.
- Additional Smartsheet processes being built for reporting bad-actors and automating enforcement letters.

7

7

## ••• HEALTH, EQUITY & SUSTAINABILITY ANALYSIS

- 2025 Reported Tonnages:

Recycling Tonnage	399K Tons
Waste Tonnage	243K Tons
Total	642K Tons
Recycling Rate	62%

- Most permittees submit State-required DOE Recycling Survey for their Special Permits Report.
- Data reports are largely voluntary, so data is incomplete and skews toward recycling.

8

8

## ••• FISCAL IMPACT

Solid Waste Collection Tax	Est Annual Revenue	2025 Actual Revenue Year to Date*	Annualized Revenue Based on Actuals
Tacoma Solid Waste Management	\$125,000	\$125,000	\$190,000
Private Collectors/Haulers	\$975,000	\$415,000	\$610,000
<b>Total</b>	<b>\$ 1,100,000</b>	<b>\$540,000</b>	<b>\$800,000</b>

\* YTD includes: 8 monthly tax periods and 2 quarterly tax periods

9

9

## ••• NEXT STEPS

- SWM developing process for identification, notification and enforcement of businesses not complying with permit process.
- T&L communicating to SWM new businesses that may require a permit.
- Evaluate quality of reporting data and potential future updates to reporting requirements and permit fees.
